- 6 Premises Licence Variation: Faulkners, 424-426 Kingsland Road,, E8 4AA** (Pages 7 - 10) – Additional information

## Faulkners, 424 / 426 Kingsland Road, London, E8 4AA

### Dispersal Policy

1) It is recognised by the Premises Licence Holder that during permitted licensed hours it is vital that the Licence hours and conditions are strictly observed. The management & staff must work in close liaison with each other to achieve this.

2) An A4 size notice shall be prominently clearly displayed by the exit door reminding customers to respect nearby residents, to leave the premises and area quietly and as quickly as possible, not to take drinks, bottles or glasses outside Faulkners at any time except for use at the outside tables & chairs and not to loiter outside the premises or in the area.

3) From the end of permitted licensed hours, throughout the consumption period and until all customers have left Faulkners staff shall politely encourage customers to leave Faulkners and make their way home.

4) From the end of permitted licensed hours and throughout the consumption period and until all customers have left the premises, the member of staff tasked for the purpose shall take a proactive role and stand on the exit door asking customers to leave the premises quietly and as quickly as possible. The nominated Staff Member shall ensure that customers do not take any bottles, glasses or drinks from the premises when departing and monitor the frontage to ensure people do not loiter outside.

5) Staff shall monitor the outside of Faulkners by CCTV and physical checks to ensure that customers outside smoking do not make excessive noise, that a maximum of 6 (six) smokers are allowed outside smoking at any time and to ensure that bottles, glasses or drinks are not permitted to be taken outside the premises at any time except for consumption at the outside tables and chairs.

6) A notice shall be displayed by the exit door advising customers that no more than 6 (six) smokers shall be permitted outside at any one time

7) A notice shall be displayed in Faulkners and by the exit door advising customers that staff will call a cab for anyone wanting one and if it is within permitted opening hours the customer(s) should be asked to remain inside the premises pending the arrival of the cab.

The cab firm should be asked to instruct their drivers to ring Faulkners or their passenger(s) on arrival or go into the premises to notify their passenger(s) of their arrival and not sit outside blowing their horns.

(Customers will of course also be capable of calling a cab from Uber or Bolt.)

8) A notice will be prominently displayed by the exit door reminding customers who drove to Faulkners to respect residents and not to bang car doors, play loud music, rev engines or blow horns.

9) The member of staff tasked for the purpose shall proactively implement the Dispersal Policy, aid in the dispersal of customers from the premises and area from the terminal hour and throughout the closing period until all customers have left the area. They should politely ask anyone who lingers to leave the area quietly.

10) The nominated member of staff should direct customers away from residential properties and towards nearby bus stops.

Signed for Faulkners

GT Licensing Consultants

Hi George,

Re Noise Management

1) There is no use of the rear of the premises. There are a few tables & chairs to the front of the restaurant side.

The premises take away side (effectively a fish & chip shop) is open for customers to buy food and take it away. The staff monitor its use.

2) Proposed condition: "The outside tables & chairs shall be closed and taken out of use at 22.00 daily". See 5) & 6) below re additional conditions we are proposing.

3) Our clients have drafted a Dispersal Policy which all staff will be trained in and required to implement. We have proposed a condition requiring that "A Dispersal Policy shall exist and be regularly reviewed. It shall be included in staff training and all staff shall be required to implement it." We have sent you a copy of the draft policy which our client has agreed.

4) We have proposed a condition that "A maximum of 6 smokers shall be permitted outside. No drinks, glasses or open alcoholic drinks shall be taken outside the premises except for use at the outside tables & chairs until 22.00."

5) We proposed additional conditions re live & recorded music:

"All amplified music shall be played through a noise limiter set & sealed in conjunction with the EHO / Acoustic Consultant.

All doors & windows shall be closed during the playing of regulated entertainment namely live & recorded music except for entry & egress.

External noise patrols shall be undertaken every half an hour to ensure music noise can not be heard at the nearest noise sensitive premises. Details are to be recorded in the Incident Book."

6) Other additional conditions are proposed as below:

"There shall be a member of staff on the door from the terminal hour until all customers have left the premises. They shall ensure no glasses, bottles or open alcoholic drinks are removed from the premises, remind customers to leave quietly & quickly and ensure they do not loiter outside the premises.

An ongoing daily risk assessment shall be undertaken taking into account any advice received from the Police or events taking place locally, to identify any need for additional staff or SIA Licensed Door Supervisors to be on duty."

We hope these measures along with the reduced additional hours will address EH concerns. We look forward to hearing from you.

Kind regards,

Graham Hopkins
