LONDON BOROUGH OF HACKNEY

PLANNING SUB-COMMITTEE
05/07/2023

ADDENDUM SHEET

ITEM 6: 2022/1835: 51-57 Amhurst Park, London N16 5DL

The Committee report has incorrectly stated the number of existing students is 621.

The correct number of students as existing is 802. The following should state 802; table titled 'Capacity Details'; at paragraphs 1.9, 6.1.5, 6.3.20 and 6.3.22.

Finally, Condition 5, which restricts the number of students to what is existing, should read as follows:

School numbers

No more than **802** children shall be registered on the enrollment list, at any one time, at Beis Rochel D'Satmar School, 51-57 Amhurst Park, London, N16 5DL.

REASON: To ensure the effects of any additional pupils can be managed through the planning process and reduce the impact on residential amenity and highways.

ITEM 7: 2021/2558: Springdale Mews, London, N16 9NR

Additional response received from transport network managers:

In principle the number of essential trips is acceptable, as is the vehicle type.

The yellow lines serve two purposes really (1) to ensure accessibility to the Mews through the restriction of parking, and (2) to enable vehicle drivers to have sufficient visibility, and swept path ability as they access and egress the Mews

Signed.....

Date.....
