6 Premises Licence Variation - Beechwood, Principal Place, 115 Worship Street, EC2A 2BA

6.1 The sub-committee heard from the Principal Licensing Officer, Counsel for the applicant and the Licensing Authority. During the course of submissions and a discussion of the application, the sub-committee noted the following:

- Since the publication of the officer report, the applicant had proposed further conditions to address the concerns expressed.
- Counsel for the applicant stated that the applicant was seeking to extend the hours on Sunday for the sale of alcohol from 10:00 to 01:00 hours and late night refreshment from 23:00 to 01:30 hours during the months of September to March, the premises was a restaurant and bar that would be exclusively showing sports events, the sale of alcohol would be ancillary to the live screening of events, there would be no entry from 23.00 hours, an additional four conditions had been submitted to address the concerns related to crime and disorder and public nuisance, and no objections had been received from the local residents and Responsible Authorities except the Licensing Authority.
- The Licensing Authority's representative stated that the premises was located within the Shoreditch Special Policy Area (SPA), the proposed activity would further exacerbate the negative cumulative impact identified in the area as a result of the large concentration of licensed premises, and further clarification was sought regarding the nature of the televised sporting events.
- Counsel for the applicant clarified that the bar would be broadcasting exclusively NFL American Football live sporting events and college football.
- In response to questions from the sub-committee, Counsel for the applicant responded that the premises were located within a quiet corner of Shoreditch, an average 30 to 50 patrons were expected at any event which was 50% of the total seating capacity inside the premises, the ambience would be relaxed with games estimated to last approximately 2 to 3 hours, alcohol would be sold ancillary to food, patrons would need to book in advance for an event via a booking system which would allow management to know the numbers expected, a minimum of two SIA door supervisors would be employed to manage dispersal in order to minimise any negative impact on the area, no more than five smokers would be permitted at any one time and no drinks outside, the clientele would include local residents, Amazon was above the premises but it was closed on Sunday, and dispersal from the exit doors leading directly into the City of London would have minimal impact as there were not many residents living in the area.
- A risk assessment would be undertaken for each event to determine if more than two SIA door supervisors were required.

- The applicant reassured the sub-committee that there would be no vertical drinking at the premises and that alcohol would be served ancillary to food by waiter service or if ordered online. A full kitchen would be open until closing hours and patrons would have the choice of ordering food such as wings, nacho, burgers.
- The applicant and the Licensing Authority's representative agreed to the late night refreshment ceasing at 01.00 hours in line with the hours for the supply of alcohol.

RESOLVED:

The decision

The Licensing Sub-Committee, in considering this decision from the information presented to them within the report and at the hearing today and having regard to the promotion of the licensing objectives:

- The prevention of crime and disorder
- Public safety
- Prevention of public nuisance
- The protection of children from harm

The amended application to vary a premises licence has been approved in accordance with the Council's Statement of Licensing and the proposed conditions set out in paragraph 8.1 of the report, and the following conditions will be added to the premises licence proposed by the Premises Licence holder, these conditions only apply during the operation of extra hours on Sundays in the months of September to March each year:

- The Sale of alcohol after 2300 shall at all times be ancillary to the screening of a television broadcast of a live sporting event.
- Last entry to the premises will be 23:00 during the months of September to March and ancillary to the screening of a television broadcast of a live sporting event.
- The maximum number of persons permitted outside to smoke shall not exceed 5 persons at any one time. Such persons are not permitted to take drinks outside. The designated smoking area is immediately outside the building at the side entrance alcove on Worship Street.
- At least two SIA licensed door supervisors shall be on duty. The licence holder will also have full regard to its own written risk assessment when considering each event and in determining whether more than two door supervisors are required. That risk assessment to be kept under constant review.

Reasons for the decision

The application to vary this premises licence has been approved, as members of the Licensing Sub-committee were satisfied that the licensing objectives would not be undermined in the Shoreditch Special Policy Area (Shoreditch SPA)

The Sub-committee took into consideration the objection to the application made by the Licensing Authority on the grounds of the prevention of public nuisance in the Shoreditch SPA. The Sub-committee noted that there were no objections from the other Responsible Authorities and there were no objections from local residents.

The Sub-committee took into consideration the representations made by the Licensing Authority, and their concerns about the impact on the Shoreditch SPA which suffered from public nuisance and the cumulative impact in the area. The Sub-committee also took into consideration that the premises is located in the Shoreditch SPA and therefore it is subject to Policy LP10.

The Sub-committee took into account that the Premises Licence holder applied to extend the hours for the sale of alcohol and late night refreshment on Sunday nights into Monday mornings during the months of September to March each year and when “ancillary to the screening of a television broadcast of a live sporting event”.

The Sub-committee after hearing from the Applicant and the Licensing Authority were satisfied that the premises would not add to the cumulative impact in the area, and would not threaten the licensing objectives in the Shoreditch SPA. The Sub-committee took into consideration the nature of the business, and that it is a modest size premises. The Sub-committee noted it was a food led premises and food will be available at all times when alcohol is served.

The Sub-committee also took into consideration that the above conditions proposed by the Premises Licence holder, these conditions only apply during the operation of extra hours on Sundays in the months of September to March each year.

Having taken all of the above factors into consideration the Sub-committee was satisfied that by granting this variation of the premises licence, the licensing objectives would continue to be promoted in the Shoreditch SPA.

7 Premises Licence Variation - Blondies, 205a Lower Clapton Road, London, E5 8EG

7.1 The sub-committee heard from the Principal Licensing Officer, the applicant and the Other Persons. During the course of submissions and a discussion of the application, the sub-committee noted the following:

- Since the publication of the officer report, the applicant had submitted additional information.
- The applicant was a responsible operator and owned the business for seven years.
- She had successfully run over 100 TENs over 7 years without any complaints or issues.
- The applicant emphasised that it was a rock and roll venue, a community hub and safe space especially for women and LGBT, it attracted local and international artists and fans, they had successfully gained accreditation of the Hackney Nights Accreditation Scheme, the activities would be controlled to minimise any impact on the area, they had submitted many policies including Noise and Nuisance Management, dispersal, counter terrorism and burns protection, they had held bi-monthly meetings which residents had not attended, the nuisance experienced in the area were not related to her

- premises, 181 people had signed the petition in support of the application and 57 written representations in support had been submitted.
- The applicant responded that the noise management report findings indicated the sound limiter had been effective in controlling the sound levels within the premises and that the traffic noise from the busy road was louder than the noise inside.
 - The applicant replied that the drug use in Lower Clapton Road had been an ongoing issue but had gradually improved over the years. The Other person added that the issues of drug use and anti-social behaviour in the area were not related to this premises.
 - The Other Persons present expressed their support for the application emphasising that the premises provided a safe space particularly for female and elderly people, the venue was a community hub that had a positive impact on the neighbourhood, it had provided opportunities for young and old artists and technicians, it was a forward thinking bar playing live music, there had been no issues at the premises, they had confidence in the management, it was a great cultural asset for Clapton, the venue had attracted an international clientele and was well publicised on YouTube.
 - The Other Person indicated that the evidence submitted and the representation from the applicant had assured him that the premises was well managed, however, he expressed concern that the hours being sought for live music in a residential area especially on a school and working day would cause a public nuisance to local residents and in particular children. Local residents needed assurance from the applicant that the previous issues of nuisance would not recur and scheduling regular residents' would provide reassurance for local residents as they could raise and have their concerns addressed.
 - The applicant confirmed that the capacity was 55 persons and that there were posters displayed asking patrons to leave quietly and that dispersal was staggered throughout the evening.
 - Music was played below conversation level to prevent a public nuisance and artists/bands understood they were playing in a small soundproofed premises with 10% of the income generated from the alcohol sales given to the artist.
 - The noise assessment was undertaken when the premises was hosting a band and DJ to ensure an accurate reading of the sound levels were taken.
 - To minimise noise the applicant ceased playing live music at 22.00 hours during weekends, this was earlier than permitted on their licence.
 - The applicant held approximately two to five live performances annually but no more than 10. However, since Covid-19 pandemic they had not played any live music.

RESOLVED:

The decision

The Licensing Sub-Committee, in considering this decision from the information presented to them within the report and at the hearing today and having regard to the promotion of the licensing objectives:

- The prevention of crime and disorder
- Public safety
- Prevention of public nuisance

- Condition 36 shall be amended as follows:

“There shall be no use of the outside space after 21:30”.

Reasons for the decision

The application to vary this premises licence has been approved, as members of the Licensing Sub-committee were satisfied that the licensing objectives would not be undermined.

The Sub-committee took into consideration that the Environmental Protection Team had withdrawn their representations, and agreed conditions with the licence holder in advance of the hearing.

The Sub-committee noted there was only one representation from a local resident against the application on the grounds of the four licensing objectives and 56 representations were received in support.

The Sub-committee noted that the premises are not situated in a Special Policy Area. Also the Premises Licence holder demonstrated that they have listened to concerns

raised and there was a great deal of support from the community, and music industry bands.

The Sub-committee took into consideration that the premises had a good dispersal policy, the noise report was professional, and overall they had good policies and accreditation to operate the premises responsibly. The Sub-committee took into account that the premises had local co-operation and strong support from local residents.

Having taken all of the above factors into consideration the Sub-committee was satisfied that by granting this variation of the premises licence, the licensing objectives would continue to be promoted.

5 Licensing Sub-Committee Hearing Procedure

5.1 The meeting participants noted the hearing procedure for the meeting.

6 Premises Licence Variation: Faulkners, 424-426 Kingsland Road, E8 4AA

6.1 NOTED the additional information including amended and additional proposed conditions circulated prior to the meeting.

6.2 Suba Sriramana, Principal Licensing Officer introduced the variation application seeking to extend the hours for the sale of alcohol on and off premises and late night refreshment, and to include the hours for regulated entertainment. Representations were received from the Police, Licensing and Health Authority, and it was reported that there had been an error in the report and that the premises were located within the Dalston Special Policy Area (SPA).

6.3 Graham Hopkins, the applicant's agent outlined the application including the additional/revised conditions to address the concerns raised by the responsible authorities including further reducing the extended hours, a condition that alcohol would be sold ancillary to food in the restaurant and take-away/delivery business, the licensable activities play and dance had been removed, 55 to 60 covers inside the premises and 12 seats allowed in the outside area, the outside table and chairs would not be in use from 22.00 hours daily, a dispersal policy, a maximum of 6 smokers at any one time, a sound limiter had been installed, risk assessments would be undertaken daily and condition 9 had been amended to include delivery drivers. The business had been suffering financial losses since Covid-19 and from local competition and the extended hours would enable the business to compete and survive.

6.4 In response to questions from members seeking clarification regarding the application, Mr Hopkins confirmed that the applicant had not applied for any TENs and an additional condition had been proposed to address the concern relating to children's safety 'Any unaccompanied children shall not be allowed at the premises after 22.00 hours.'

6.5 Channing Riviere, Licensing, objected to the application on the grounds of public nuisance and welcomed the reduction in the extended hours for licensable activities and off sales but emphasised the hours still exceeded the Council's Core Hours, there had been no measures proposed to mitigate the potential rise in public

nuisance arising from motorcycles being used for deliveries during the later hours. It was highlighted that there were no concerns about the applicant's track record.

6.6 PC Griggs, Police objected to the application on the grounds of the prevention of crime and disorder and public nuisance. She welcomed the assurance that the premises would operate as a restaurant but concerns remained about the range of the regulated entertainment, the potential increase in public nuisance from the external seating area being open until 22.00 hours and how the dispersal policy would be implemented for the proposed later hours.

6.7 In response to questions from members regarding noise nuisance, Mr Hopkins confirmed that the licensable activities play and dance had been removed from the application, live and recorded music would be played until 01.00 hours for the occasional parties held at the venue, live music would be played at background level, live performances would be held after 23.00 hours and up to 15 delivery drivers would be allowed in the designated waiting area for takeaway collections.

6.8 George Wokorach, Environmental Protection objected to the application and enquired how the applicant intended to minimise noise nuisance from the proposed live and recorded music to be played inside the premises and the noise from the external area during the later hours, how dispersal would be implemented during the later hours without causing a disturbance to residents, there needed to be a specific end time for takeaway deliveries, a specific number of delivery drivers permitted in the waiting area and restricting the capacity at the premises. It was emphasised that the noise from the premises and the external area combined would create a tunnel effect due and as a result cause more noise nuisance.

6.9 In response to the concerns raised, Mr Hopkins proposed that live music could be reduced to 01.00 hours and limited to two acoustic musicians, Uber delivery drivers could be required to wait inside the takeaway and asked to switch off their motorcycle to minimise noise nuisance, and agreed to cease off sales of alcohol at 00.30 hours Monday to Sunday and late night refreshment and on sales of alcohol until 01.30 hours Thursday to Saturdays, and up to 15 people would be allowed in the takeaway waiting area.

6.10 The applicant made closing remarks in support of granting the application.

- No children shall be permitted on the premises after 20:00.
- Staff shall verbally instruct delivery drivers and riders to turn their engines off while collecting orders. Delivery drivers remain inside the premises when collecting food orders.

Reasons for the decision

The application to vary a premises licence has been approved, because members of the Licensing Sub-committee were satisfied that the licensing objectives would not be undermined.

The Sub-committee took into account that the Responsible Authorities (the Environmental Protection Team, the Licensing Authority and the Metropolitan Police Service (“the Police”)) raised objections to the application. The Environmental Protection Team, and the Licensing Authority objected to the application on the grounds of public nuisance. The Police objected to the application on the grounds of public nuisance and crime and disorder. The Sub-committee noted no other Responsible Authorities and no local residents objected to the application.

The Sub-committee took into consideration the representations made by the Police and their concerns about the impact that the increased hours would have on the Dalston Special Policy Area (Dalston SPA) and the cumulative impact on the area. The Sub-committee noted that the Applicant took on board the advice from the Police and the Licensing Authority and revised their hours and conditions to be more suitable for the Dalston SPA. The Sub-committee took into consideration that alcohol will be ancillary to food.

The Sub-committee heard the representations made by the Applicant’s representative that the premises is a fish and chip restaurant which has been open for the last 20 years. The Sub-committee noted that the Applicant was seeking the variation of the premises licence to improve the business. The Sub-committee took into account that the existing premises licence has a restaurant condition that alcohol cannot be supplied on the premises without a substantial table meal being served which will remain on the licence. The Sub-committee noted that the takeaway meals are delivered by electric bikes and motorcycles and events at the weekend are usually birthdays or similar celebrations.

After hearing representations from the Applicant and the Responsible Authorities (the Environmental Protection Team, the Licensing Authority and the Metropolitan Police Service) the Sub-committee felt that the variation should be granted because the Applicant offered reduced hours which helped to alleviate their concerns. The Sub-committee took into consideration that the premises is situated on the boundary of the Dalston Special Policy Area and may add to the cumulative impact in the area.

The Sub-committee felt that with the conditions offered by the Applicant including a dispersal policy together with the reduced hours it would mitigate the concerns and impact on the area. The Sub-committee took into account that the Police and the Licensing Authority agreed to the conditions. The Sub-committee felt that the Applicant demonstrated that they are an experienced operator with a good track record who could operate the premises responsibly.

The Sub-committee took into account that the Applicant agreed that there will be a cut-off time for the number of deliveries. Drivers on electric bikes will be inside. The deliveries by electric bikes will turn off their engine and the food order will be collected inside to mitigate the noise and music will be regulated through a noise limiter. The Sub-committee noted that the premises will remain as a restaurant, and it was agreed off-sales of alcohol will end at 00:30 Thursday to Saturday.

Thursday 12 January 2023

The Sub-committee took into consideration that the Licensing Authority accepted the reduced hours, the conditions and that the premises will remain as a restaurant predominantly. The Licensing Authority were also satisfied that the takeaway hours were being reduced by one hour and that alcohol will be served ancillary to food.

The Sub-committee heard that the Police had no reason to visit the premises and they were aware that the Applicant has held the licence for this restaurant for the last 20 years. The Sub-committee took into account that the Applicant agreed to the outside seating area being closed at 22:00. The Sub-committee took into account that the Police had concerns, however, they had been allayed following the representations made by the Applicant.

The Sub-committee cannot determine the application based on economic factors. Each application is determined on its own merits.

Having taken all of the above factors into consideration, the Sub-committee was satisfied that by granting this variation to the premises licence, that the licensing objectives would continue to be promoted.

Many thanks,

Gurch
