#### a 80 years on, it's Our turn

We are a diverse group of Hackney residents who believe as a Borough we should live up to our long proud history of welcoming refugees.

We would like to thank Hackney Council for their brilliant work supporting refugees in recent years. By giving homes to many Syrian refugee families through the Vulnerable Persons Resettlement Scheme and unaccompanied minors, you have transformed their lives, giving them hope where they may have had none before.

This year is the 80<sup>th</sup> Anniversary of the Kindertransport, the scheme through which Britain welcomed 10,000 child refugees on the eve of World War Two. This anniversary marks the best of what Britain is about.

Hackney alone took in more than 100 of these mainly Jewish child refugees. Giving them shelter when other communities, other countries around the world, would not step up and help.

As part of this anniversary, we are joining a national campaign, led by Lord Alf Dubs. Local Authorities across the country are pledging places for the child refugees of today, to carry forward the legacy of the Kindertransport. These places would be fully funded by Central Government.

We would like Hackney to live up to the legacy of 80 years ago, by like then, giving refuge to some of the most vulnerable child refugees.

Considering our borough's proud history, will you agree to pledge a number of places over the next decade for unaccompanied child refugees from Europe and the crisis hit regions in order to build a legacy for the Kindertransport?

The Deputation will be introduced by Cllr Caroline Woodley

The Deputation spokesperson is Michael Hamilton

## 6 Motion

### a **Rare and Uncommon Cancers**

A total of 3,945 new cancer cases have been diagnosed in the City and Hackney over the course of 2010-14.

46 per cent of cancer diagnoses are rare and uncommon cancers. Around 22 people in Hackney will be diagnosed with Neuroendocrine Tumours (NETs) each year and more than 100 people in Hackney are currently living with this uncommon cancer.

Hackney council pays tribute to the work of charities supporting those living with rare and less common cancers. In particular, we pay tribute to those charities supporting patients living with neuroendocrine tumours (NETs), the determination, hard work and commitment of the founder of the NETs Centres of Excellence, and the multidisciplinary team of gastroenterologists, oncologists, specialist nurses who treat patients across the country.

This council notes:

- The work of the NETs Patient Foundation, a UK wide charity, providing support and information to patients and their families.
- although first identified as a specific disease in the mid 1800's, physicians unfamiliar with NET cancers are less likely to suspect a NET cancer in initial investigations when patients present with symptoms
- 60-80% of patients are diagnosed at an advanced stage, often because of the similarity of symptoms to other conditions - IBS, menopause, asthma gastritis etc
- NETs and their symptoms can severely impair quality of life
- the work done by the NET Patient Foundation to lobby for rare and less common cancers to be included in the next Cancer Strategy for England
- the recent delayed announcement by NICE to make Peptide Receptor Radionuclide Therapy (PRRT), available again treating NETs patients in England. PRRT is a radioactive protein used in the precision treatment of NETs,

This council resolves to:

- join the international NET community on 10

November each year, raising awareness of NET cancers among decision makers, health professionals and the general public;

- Launch a campaign with Hackney GPs and the NHS Trust to work toward improving an understanding of this disease among medical professionals, contributing to reduce delays in diagnosis
- Work toward ensuring that the inclusion of rare and less commons cancers in the Cancer Strategy for England is reflected in Hackney's public health strategy
- Work alongside councils across London to explore the mechanisms for a London-wide strategy to increase awareness of NETs and other less common cancers
- Recognise living with cancer is a long term condition and work with our partners to ensure that no one has to face cancer alone

Seconded by Yvonne Maxwell

## **7 Question from Member of the Public**

### **7.1 Question from Christopher Sills to the Mayor:**

Please could you tell the Council how many beds are available this winter and what steps are being taken by the Council and the Hackney Clinical Commissioning Group to ensure that they are used this winter particularly as The Median Road Facility has been closed by The Quality Care Commission.

## **8 Questions from Members of the Council**

### **8.1 Question from Councillor Patrick to the Cabinet Member for Neighbourhoods, Transport and Parks:**

'There is considerable concern among responders as to the safety implications of the closure of ticket offices at overground stations across the Borough. Can the Cabinet Member provide an update on what representations the council is making to TfL about these proposals?'

### **8.2 Question from Councillor Garasia to the Cabinet Member for Community Safety and Enforcement:**

'Our manifesto pledge is to support residents and keep them safe, despite the Tory cuts to police numbers. Can the Cabinet member for community safety outline what actions have been taken to reduce violent crime since the elections in May?'

### **8.3 Question from Councillor Lynch to the Cabinet Member for Housing Services:**

'As a result of the Grenfell disaster the council is rightly ensuring that our residents are safe by replacing 17,000 front doors over the next 3 years, will the council be reimbursed by

the Government?’

**8.4 Question from Councillor Etti to the Cabinet Member for Housing Services:**

‘Tenants of housing associations deserve a decent service including on repairs, completed on time and satisfactorily. We made a manifesto pledge that we would work with housing associations to improve services and ensure they are well managed and maintained. Can the Cabinet Member for Housing services report on progress so we can be confident our residents are living in a safe and habitable environment?’

**8.5 Question from Councillor Adams to the Cabinet Member for Health, Social Care, Transport and Parks:**

‘This month we have marked World Mental Health Day, by raising awareness of the impact it has on so many peoples lives, especially the young. How will Hackney be making a material difference to the lives of young people suffering from poor mental health?’

**8.6 Question from Councillor Smyth to the Cabinet Member for Cabinet Member for Families, Early Years and Play:**

‘The cuts to Special educational needs funding by this Tory government have been profound, with funding for this service in Hackney having been frozen since 2011. Can the Cabinet Member for families early years and play update us on progress of the task and finish group established early this year to resolve the challenges the council faces?’

**8.7 Question from Councillor Race to the Mayor:**

For residents in Hoxton, losing the Iceland store on Hoxton high-street to make way for flats for private sale would mean losing their only accessible and affordable supermarket nearby. Can the Mayor confirm that the impact of losing the supermarket to residents is being considered by planning, and that the Council will ensure developers make a contribution to affordable housing in the borough?

**8.8 Question from Councillor Gordon to the Cabinet Member for Finance and Housing Needs:**

Could the Cabinet Member for Finance and Housing Needs supply an update on procurement of the North London Heat and Power Project?

## **RIGHTS OF PRESS AND PUBLIC TO REPORT ON MEETINGS**

Where a meeting of the Council and its committees are open to the public, the press and public are welcome to report on meetings of the Council and its committees, through any audio, visual or written methods and may use digital and social media providing they do not disturb the conduct of the meeting and providing that the person reporting or providing the commentary is present at the meeting.

Those wishing to film, photograph or audio record a meeting are asked to notify the Council's Monitoring Officer by noon on the day of the meeting, if possible, or any time prior to the start of the meeting or notify the Chair at the start of the meeting.

The Monitoring Officer, or the Chair of the meeting, may designate a set area from which all recording must take place at a meeting.

The Council will endeavour to provide reasonable space and seating to view, hear and record the meeting. If those intending to record a meeting require any other reasonable facilities, notice should be given to the Monitoring Officer in advance of the meeting and will only be provided if practicable to do so.

The Chair shall have discretion to regulate the behaviour of all those present recording a meeting in the interests of the efficient conduct of the meeting. Anyone acting in a disruptive manner may be required by the Chair to cease recording or may be excluded

from the meeting. Disruptive behaviour may include: moving from any designated recording area; causing excessive noise; intrusive lighting; interrupting the meeting; or filming members of the public who have asked not to be filmed.

All those visually recording a meeting are requested to only focus on recording councillors, officers and the public who are directly involved in the conduct of the meeting. The Chair of the meeting will ask any members of the public present if they have objections to being visually recorded. Those visually recording a meeting are asked to respect the wishes of those who do not wish to be filmed or photographed. Failure by someone recording a meeting to respect the wishes of those who do not wish to be filmed and photographed may result in the Chair instructing them to cease recording or in their exclusion from the meeting.

If a meeting passes a motion to exclude the press and public then in order to consider confidential or exempt information, all recording must cease and all recording equipment must be removed from the meeting room. The press and public are not permitted to use any means which might enable them to see or hear the proceedings whilst they are excluded from a meeting and confidential or exempt information is under consideration.

Providing oral commentary during a meeting is not permitted.

## **ADVICE TO MEMBERS ON DECLARING INTERESTS**

Hackney Council's Code of Conduct applies to **all** Members of the Council, the Mayor and co-opted Members.

This note is intended to provide general guidance for Members on declaring interests. However, you may need to obtain specific advice on whether you have an interest in a particular matter. If you need advice, you can contact:

- The Director of Legal and Governance;
- The Legal Adviser to the committee; or
- Governance Services.

If at all possible, you should try to identify any potential interest you may have before the meeting so that you and the person you ask for advice can fully consider all the circumstances before reaching a conclusion on what action you should take.

### **1. Do you have a disclosable pecuniary interest in any matter on the agenda or which is being considered at the meeting?**

You will have a disclosable pecuniary interest in a matter if it:

- i. relates to an interest that you have already registered in Parts A and C of the Register of Pecuniary Interests of you or your spouse/civil partner, or anyone living with you as if they were your spouse/civil partner;
- ii. relates to an interest that should be registered in Parts A and C of the Register of Pecuniary Interests of your spouse/civil partner, or anyone living with you as if they were your spouse/civil partner, but you have not yet done so; or
- iii. affects your well-being or financial position or that of your spouse/civil partner, or

anyone living with you as if they were your spouse/civil partner.

## **2. If you have a disclosable pecuniary interest in an item on the agenda you must:**

- i. Declare the existence and nature of the interest (in relation to the relevant agenda item) as soon as it becomes apparent to you (subject to the rules regarding sensitive interests).
- ii. You must leave the room when the item in which you have an interest is being discussed. You cannot stay in the meeting room or public gallery whilst discussion of the item takes place and you cannot vote on the matter. In addition, you must not seek to improperly influence the decision.
- iii. If you have, however, obtained dispensation from the Monitoring Officer or Standards Committee you may remain in the room and participate in the meeting. If dispensation has been granted it will stipulate the extent of your involvement, such as whether you can only be present to make representations, provide evidence or whether you are able to fully participate and vote on the matter in which you have a pecuniary interest.

## **3. Do you have any other non-pecuniary interest on any matter on the agenda which is being considered at the meeting?**

You will have 'other non-pecuniary interest' in a matter if:

- i. It relates to an external body that you have been appointed to as a Member or in another capacity; or
- ii. It relates to an organisation or individual which you have actively engaged in supporting.

## **4. If you have other non-pecuniary interest in an item on the agenda you must:**

- i. Declare the existence and nature of the interest (in relation to the relevant agenda item) as soon as it becomes apparent to you.
- ii. You may remain in the room, participate in any discussion or vote provided that contractual, financial, consent, permission or licence matters are not under consideration relating to the item in which you have an interest.
- iii. If you have an interest in a contractual, financial, consent, permission or licence matter under consideration, you must leave the room unless you have obtained a dispensation from the Monitoring Officer or Standards Committee. You cannot stay in the room or public gallery whilst discussion of the item takes place and you cannot vote on the matter. In addition, you must not seek to improperly influence the decision. Where members of the public are allowed to make representations, or to give evidence or answer questions about the matter you may, with the permission of the meeting, speak on a matter then leave the room. Once you have finished making your representation, you must leave the room whilst the matter is being discussed.

- iv. If you have been granted dispensation, in accordance with the Council's dispensation procedure you may remain in the room. If dispensation has been granted it will stipulate the extent of your involvement, such as whether you can only be present to make representations, provide evidence or whether you are able to fully participate and vote on the matter in which you have a non pecuniary interest.
