Part A – Items considered in public

4	Minutes of the previous meeting	RESOLVED that the minutes of the Council meeting held on the 18 th July 2018 be approved as a correct record.
6	Motion	RESOLVED This Council notes: <ul style="list-style-type: none">• The work of the NETs Patient Foundation, a UK wide charity, providing support and information to patients and their families.• Although first identified as a specific disease in the mid-1800's, physicians unfamiliar with NET cancers are less likely to suspect a NET cancer in initial investigations when patients present with symptoms.• 60-80% of patients are diagnosed at an advanced stage, often because of the similarity of symptoms to other conditions - IBS, menopause, asthma gastritis etc.• NETs and their symptoms can severely impair quality of life.• The work done by the NET Patient Foundation to lobby for rare and less common cancers to be included in the next Cancer Strategy for England.• The recent delayed announcement by NICE to make Peptide Receptor Radionuclide Therapy (PRRT), available again treating NETs patients in England.• PRRT is a radioactive protein used in the precision treatment of NETs.
