ACCESS AND INFORMATION

Hackney Council website: www.hackney.gov.uk

The Council and Democracy section of the Hackney Council website contains full details about the democratic process at Hackney, including:

- Councillor contact details
- Agendas, reports and minutes from council meetings
- The council's constitution
- Overview and Scrutiny information
- Details and links to area forums and local consultations

Facilities

There are public toilets available, with wheelchair access, on the ground floor of the Town Hall. Induction loop facilities are available in the Assembly Halls, rooms 101, 102 & 103 and the Council Chamber. Access for people with mobility difficulties can be obtained through the ramp on the side to the main Town Hall entrance.

RIGHTS OF PRESS AND PUBLIC TO REPORT ON MEETINGS

Where a meeting of the Council and its committees are open to the public, the press and public are welcome to report on meetings of the Council and its committees, through any audio, visual or written methods and may use digital and social media providing they do not disturb the conduct of the meeting and providing that the person reporting or providing the commentary is present at the meeting.

Those wishing to film, photograph or audio record a meeting are asked to notify the Council's Monitoring Officer by noon on the day of the meeting, if possible, or any time prior to the start of the meeting or notify the Chair at the start of the meeting.

The Monitoring Officer, or the Chair of the meeting, may designate a set area from which all recording must take place at a meeting.

The Council will endeavour to provide reasonable space and seating to view, hear and record the meeting. If those intending to record a meeting require any other reasonable facilities, notice should be given to the Monitoring Officer in advance of the meeting and will only be provided if practicable to do so.

The Chair shall have discretion to regulate the behaviour of all those present recording a meeting in the interests of the efficient conduct of the meeting. Anyone acting in a disruptive manner may be required by the Chair to cease recording or may be excluded from the meeting. Disruptive behaviour may include: moving from any designated recording area; causing excessive noise; intrusive lighting; interrupting the meeting; or filming members of the public who have asked not to be filmed.

All those visually recording a meeting are requested to only focus on recording councillors, officers and the public who are directly involved in the conduct of the meeting. The Chair of the meeting will ask any members of the public present if they have objections to being visually recorded. Those visually recording a meeting are asked to respect the wishes of those who do not wish to be filmed or photographed. Failure by someone recording a meeting to respect the wishes of those who do not wish to be filmed and photographed may result in the Chair instructing them to cease recording or in their exclusion from the meeting.

If a meeting passes a motion to exclude the press and public then in order to consider confidential or exempt information, all recording must cease and all recording equipment must be removed from the meeting room. The press and public are not permitted to use any means which might enable them to see or hear the proceedings whilst they are excluded from a meeting and confidential or exempt information is under consideration.

Providing oral commentary during a meeting is not permitted.

ADVICE TO MEMBERS ON DECLARING INTERESTS

Hackney Council's Code of Conduct applies to **all** Members of the Council, the Mayor and co-opted Members.

This note is intended to provide general guidance for Members on declaring interests. However, you may need to obtain specific advice on whether you have an interest in a particular matter. If you need advice, you can contact:

- The Director of Legal
- The Legal Adviser to the committee; or
- Governance Services.

If at all possible, you should try to identify any potential interest you may have before the meeting so that you and the person you ask for advice can fully consider all the circumstances before reaching a conclusion on what action you should take.

1. Do you have a disclosable pecuniary interest in any matter on the agenda or which is being considered at the meeting?

You will have a disclosable pecuniary interest in a matter if it:

- relates to an interest that you have already registered in Parts A and C of the Register of Pecuniary Interests of you or your spouse/civil partner, or anyone living with you as if they were your spouse/civil partner;
- relates to an interest that should be registered in Parts A and C of the Register of Pecuniary Interests of your spouse/civil partner, or anyone living with you as if they were your spouse/civil partner, but you have not yet done so; or
- affects your well-being or financial position or that of your spouse/civil partner, or anyone living with you as if they were your spouse/civil partner.

2. If you have a disclosable pecuniary interest in an item on the agenda you must:

- Declare the existence and nature of the interest (in relation to the relevant agenda item) as soon as it becomes apparent to you (subject to the rules regarding sensitive interests).
- You must leave the room when the item in which you have an interest is being discussed. You cannot stay in the meeting room or public gallery whilst discussion of the item takes place and you cannot vote on the matter. In addition, you must not seek to improperly influence the decision.
- If you have, however, obtained dispensation from the Monitoring Officer or Standards Committee you may remain in the room and participate in the meeting. If dispensation has been granted it will stipulate the extent of your involvement, such as whether you can only be present to make representations, provide evidence or whether you are able to fully participate and vote on the matter in which you have a pecuniary interest.

3. Do you have any other non-pecuniary interest on any matter on the agenda which is being considered at the meeting?

You will have 'other non-pecuniary interest' in a matter if:

- i. It relates to an external body that you have been appointed to as a Member or in another capacity; or
- ii. It relates to an organisation or individual which you have actively engaged in supporting.

4. If you have other non-pecuniary interest in an item on the agenda you must:

- i. Declare the existence and nature of the interest (in relation to the relevant agenda item) as soon as it becomes apparent to you.
- ii. You may remain in the room, participate in any discussion or vote provided that contractual, financial, consent, permission or licence matters are not under consideration relating to the item in which you have an interest.
- iii. If you have an interest in a contractual, financial, consent, permission or licence matter under consideration, you must leave the room unless you have obtained a dispensation from the Monitoring Officer or Standards Committee. You cannot stay in the room or public gallery whilst discussion of the item takes place and you cannot vote on the matter. In addition, you must not seek to improperly influence the decision. Where members of the public are allowed to make representations, or to give evidence or answer questions about the matter you may, with the permission of the meeting, speak on a matter then leave the room. Once you have finished making your representation, you must leave the room whilst the matter is being discussed.
- iv. If you have been granted dispensation, in accordance with the Council's dispensation procedure you may remain in the room. If dispensation has been granted it will stipulate the extent of your involvement, such as whether you can only be present to make representations, provide evidence or whether you are able to fully participate and vote on the matter in which you have a non pecuniary interest.

Apologies: Cllr Christopher Kennedy and Cllr Sophie Conway

1 Apologies for Absence

- 1.1 Apologies for absence were received, prior to the meeting, from Councillors Conway and Kennedy.
- 1.2 Committee members congratulated Councillor Conway on the birth of her child.

2 Declarations of Interest - Members to declare as appropriate

- 2.1 There were no declarations of interest.

3 Minutes of the Previous Meeting

- 3.1 **RESOLVED** the minutes of the previous meeting, held on 31st October 2017, be agreed.

Fixed-Odds Betting Terminals

- 3.2 Committee members noted that a response had now been submitted to the consultation on Fixed-Odds Betting Terminals (FOTBs).

Efes Snooker club Judicial Review

- 3.3 Committee members noted an article, tabled at the meeting, from the Local Government Lawyer magazine, on half time decisions (with regards to 'no case to answer') concerning the licensing appeal for the Efes Snooker club in Stoke Newington. Committee members noted that a Judicial Review had been logged in January 2017, although details of the High Court's decision from May 2017 had only been recently sent to Hackney Council. In outlining the this precedent decision, it was hoped that it would protect council witnesses in the future, especially residents, from

being subjected to the ordeal of giving evidence and/or being cross-examined when defending a poorly formulated appeal.

4 Statement of Licensing Policy for approval

4.1 David Tuitt, Business Regulation Team Leader, Licensing and Technical Support, introduced the report on the statement of licensing policy. Following approval of the draft Policy by the Licensing Committee on 31 October 2017, the public consultation on the proposed Licensing Policy ran from 6 November 2017 to 12 January 2018. It was publicised via the Council website, in local press, social media and at an information event. A summary document produced by the Council's consultation team focussed on the key areas of the draft policy, namely:

- Changes to the Special Policy Areas (SPAs), including the extension of the Shoreditch SPA boundary and simplification of the Dalston SPA policy
- New general principles for applicants
- New core hours policy
- New policy on 'off' sales, the supply of alcohol for consumption off the premises
- New policy on outdoor activities

4.2 Historically, the Council had first published its Statement of Licensing Policy in January 2005, which set out the decision-making principles when licensing premises for alcohol, regulated entertainment and late night refreshment. Reviews of the Policy had taken place in 2007, 2010 and 2015. In 2013 the Council consulted on the introduction of the Special Policy Area (SPA) in Dalston.

4.3 Mr Tuitt explained to the committee that analysis of the consultation responses identified a number of key themes including:

- Potential harm to current nightlife
- A barrier to growth
- Watered down/pro business
- London as a 24 hour city/Night Tube
- Lack of evidence to support expansion of the Shoreditch SPA
- The proposed 'Core Hours' (LP6) were too restrictive
- Outdoor activities proposal too restrictive/or not restrictive enough
- Could lead to costs of licences being inflated
- Perceived inflexibility
- Monitoring information

4.4 Mr Tuitt also highlighted some of the key evidential findings in the report, for example, the peak time period for incidents of crime and disorder were between 12:00hours and 03:00 hours. Members also noted in Hoxton and Shoreditch, for example, Fridays to Sundays experienced more crime than other days, specifically Friday PM to Saturday AM. In Dalston Friday's to Sunday's experienced the most crime overall (67%) of the total, particularly between Friday PM to Saturday AM, and Saturday PM to Sunday Morning between 22:00 hours and 04:59 hours (42%).

4.5 The committee noted in the report Police concerns about the Dalston and Shoreditch SPA. Police took the view that because of the numbers and concentration of premises in these areas they were collectively causing harm to the promotion of the licensing objectives rather than poor management of individual premises. The police also highlighted that evidence showed a clear correlation between the locations of premises

and subsequent availability of alcohol and the negative impact as a result of the licensable activities.

- 4.6 The committee also noted the results in the study about Shoreditch, and how, because of its intensity, due to the size of the crowds and the focus of licensed premises on 'wet-sales' (alcohol) and competitive drinks price promotions, it was more 'stressed' than other areas of Hackney. In London, Shoreditch was found comparable only to the most intense hot-spots of Westminster and Camden in recent years.
- 4.7 In a response to a question from Councillor Snell, Mr Tuitt replied that compared to 2015, the level of opposition to the policy this time around did not appear to be as organised or as inflammatory. Notwithstanding this, in terms of respondents, during the We Love Hackney Campaign, there were 607 responses to the licensing consultation, whereas only 73 had completed it by early January 2018.
- 4.8 Councillor Selman, on behalf of Councillors Demirci and Nicholson, enquired about whether late submissions from a group of local residents could be considered, despite the consultation deadline now having passed? Following a brief discussion, it was established that no residents were directly consulted by mail. The legal officer, Butta Singh, added that if the Council were to accept the late submissions it could affect the validity of the consultation and if there was a legal challenge this could be successful as a result. Therefore, it was not advisable to accept any such responses after the consultation had come to an end. Committee members also noted that a lot of information was readily available and circulated online for the consultation. Therefore, it was felt that by expanding the scope of the consultation even further, would have led to a number of additional cost implications by having to write to all addresses, both inside and outside, of the proposed extension area.
- 4.9 In response to a question from Councillor Moule about whether the proposals discriminated against Lesbian, Gay, Bisexual and Transgender (LGBT) venues, David Tuitt replied that from the initial analysis there did not appear to be any discrimination. The Chair added that LGBT venues were well represented on the licensing policy steering group and the question of discrimination had not arisen during those meetings. However, there was an acceptance among the committee members that as the number of licenses granted increased, rents would rise which in turn could impact on the diversity in the borough.
- 4.10 In a response to a question on the night time economy in London, Councillor Selman replied that the council was currently preparing a response to the consultation being held by the Night-time Commission at the GLA.
- 4.11 David Tuitt responded to committee members with regards to some of the concerns raised in the responses. The Council's Economic Regeneration unit, for example, had raised some concerns over the policy as they felt it was against the Council's licensing objectives. They were also of the view that the policy maybe discriminatory towards certain ethnic groups. There was also a comment during one of the steering groups that the studies may be anti-youth. It was also noted that the Council's Public Health Team believed the policy was not strong enough and felt more information should be provided as to best practice.
- 4.12 The Chair commented that the licensing policy acts as guide in order to provide an overall steer. The committee noted that the reason why nightclubs had been removed from the policy as the Council did not want to create a perception of favouring one type of business over another. The licensing policy needed to have a degree of flexibility.

- 4.13 In response to a question from Councillor Etti, David Tuitt replied that in terms of the consultation process those recipients who were statutory consultees, such as licensed premises, would have received a letter. Butta Singh added in response to the Councillor's question that prior to sending out future consultation letters a review should take place with the Consultation Team as to the information sent to the statutory consultees, with regards to encompassing any equalities consultation scheme that may be introduced, so recipients could then be better informed, if possible, and therefore be more likely to respond or understand the consultation when they receive their consultation information.
- 4.14 In response to a question from Councillor Moule, David Tuitt replied that, as outlined in the report, it was still very early days for the night overground, meaning that the impact of this was yet to be fully understood. The policy was such that it could be reviewed where necessary once it was established what the impact was of the night overground.
- 4.15 The deputy chair brought to the attention of the committee figures in table 1, page 100, of the pack. These showed that the number licensed premises had grown consecutively since 2012.

RESOLVED the committee noted the recommendation (i) to (v) under paragraph 2.1. Members noted, when approving (vi) that it was included in the event of any errors to the policy coming to light before it was approved at Council, who would also be advised by officers as to the appropriate date when the Policy would take effect.

5 Late night levy - structure of Management Board and Terms of Reference

- 5.1 David Tuitt, introduced the report outlining the proposed Terms of Reference (TOR) for the Management Board otherwise known as the Late Night Levy Board (LNLB). At the July 2017 Council meeting the Council resolved to implement a late night levy across the borough. Part of this decision included the setting up of a management board.
- 5.2 In response to a question from the vice chair, the licensing team agreed to clarify the quorum for the LNLB, as it was currently unclear in the TOR.
- 5.3 After a brief discussion, members were in agreement that the LNLB would meet no more frequently than once a quarter.

RESOLVED the Licensing Committee noted the contents of the report and appendices.

RESOLVED the licensing team would clarify what the quorum was for the Late Night Levy Management Board.

RESOLVED the licensing service would amend the terms of reference of the Late Night Levy Management Board, which includes clarifying the position of the role of vice-chair on this Board.

6 Late night levy - response to the consultation

- 6.1 **RESOLVED** members considered and noted the report outlining their final response to the consultation on the Late Night Levy.

7 Outline for the review of the Gambling Policy (Statement of Principles) and update of Local Area Risk Assessment

- 7.1 David Tuitt introduced the report outlining the proposed approach to the review of the gambling policy (statement of principles) and the update on the local area profile.
- 7.2 Members noted the proposed timetable for review under paragraph 4.2 in the paper and that the dates contained within that paper could be subject to change.
- 7.3 The legal officer, Butta Singh, informed committee members that ideally any resolution would be included in the draft policy when it goes out for consultation. The proposed consultation period was currently between June and October 2018.

RESOLVED the Licensing Committee noted the proposed approach to the review of the statement.

RESOLVED the Licensing Committee supported a recommendation to Council that the 'no casino' resolution remain for a further three years given the characteristics of the borough.

8 Any Other Business

- 8.1 There were no any other business items.

DRAFT GAMBLING POLICY FOR CONSULTATION	
LICENSING COMMITTEE 2 JULY 2018	CLASSIFICATION Open If exempt, the reason will be listed in the main body of this report.
WARD(S) AFFECTED All Wards	
GROUP DIRECTOR KIM WRIGHT	

1. INTRODUCTION

- 1.1 The purpose of this report is to present to the Licensing Committee relevant information so that it can consider recommending the draft gambling Statement of Principles (“the Statement”) for consultation.

2. RECOMMENDATION(S)

2.1 That the Licensing Committee:

Recommend the draft Gambling Statement of Principles for consultation.

3. BACKGROUND

- 3.1 Section 349 of the Act states that each Licensing Authority must prepare and publish a statement of principles that it proposes to apply in exercising its functions under the Act during the three year period to which the statement applies. The statement must be kept under review during the period and be republished where it is revised. The statement must be in place before the authority can determine any application.
- 3.2 The statement sets out the basis of decisions made by the authority regarding gambling premises and in issuing a range of permits to authorise other gambling facilities in the area. For example:
- Adult gaming centre premises licences
 - Betting premises licences
 - Bingo premises licences
 - Family entertainment centre premises licences
 - Gaming Machine Permits
 - Temporary Use Notices
- 3.3 The Policy must take account of the Gambling Commission Guidance, which itself is under review, and be subject to statutory consultation with prescribed stakeholders including the holders of licences and the Police, as well as other stakeholders including representatives of gambling businesses, local residents, social services and child protection.
- 3.4 As the draft Guidance is relatively similar to the current Guidance and is not expected to have any further changes to it. It is not anticipated that the draft Policy will require any consequential changes once the draft Guidance is finalised and approved.
- 3.5 A report on the requirement to publish a new statement was presented to Licensing Committee on 2 February 2018. The proposed timetable has been set out in Paragraph 4 of this report.

3.6 Under section 166(1) of the Act, a Licensing Authority can make a resolution not to issue casino premises licences for a period up to three years. Members will also recall that the 'no casino' resolution is to be recommended to Council to remain for a further three years given the characteristics of the Borough.

4. PROPOSED TIMETABLE FOR REVIEW

4.1 The table below provides an outline of the timetable for the implementation of the revised Statement.

Date(s)	Task
2 July	Present draft Statement of Principles for consultation to the Licensing Committee.
9 July	Public consultation commences
18 July	Council considers 'no casino' resolution
14 September	Consultation ends
17 October	Licensing Committee consider consultation report, any subsequent amendments and commends the Statement to Cabinet/Council to adopt.
29 October	Cabinet recommends the Statement to Council for approval
31 October	Statement adopted at meeting of the Full Council
December	Notice of intent to publish the Statement appears in the Hackney Gazette (this is a statutory requirement)
December	Statement published
31 January 2019	Effective date of Statement

5. COMMENTS OF THE GROUP DIRECTOR OF FINANCE AND RESOURCES

5.1 This report seeks the Licensing Committee to recommend the Draft Gambling Statement of Principles for consultation.

5.2 The cost of consultation and publicity for the Statement of Principles and the future cost of delivering the gambling licensing objectives, will be managed within the existing service budgets.

6. COMMENTS OF THE DIRECTOR OF LEGAL

- 6.1 In exercising the gambling functions derived from the Gambling Act 2005 ('the Act') the Council, as the licensing authority, must adhere to the principles set out in Section 153. The aim is to permit the use of premises for gambling in accordance to;
- Any relevant code of practice,
 - The Statutory Guidance ('the Guidance'),
 - The gambling licensing objectives, and
 - The Council's Statement of Gambling Principles ('Statement')
- 6.2 The requirement of a Guidance and the need for the Council to adhere to it is set out in Section 25.
- 6.3 The need to have a Statement is set out in Section 349(1) of the Act and lasts for a three year period. The first Statement was approved at Full Council on 29 November 2006. The Licensing Authority is required by the Act to publish a revised Statement at least four weeks before it takes effect on 31 January 2019.
- 6.4 The Licensing Authority has a duty to consult on the Statement with the statutory consultees under section 349(3) of the Act.
- 6.5 Approving the Statement is a shared function and as such cannot be the sole responsibility of the Executive. Therefore, both the Executive and Council must decide whether to adopt the proposed Statement, as set out in The Local Authorities (Functions and Responsibilities) (Amendment (England) Regulations 2006.
- 6.6 After adopting the revised Statement the Council will still need to publish a statutory notice of intent in the local press at least four weeks before the Statement takes effect.
- 6.7 Section 166 of the Act requires the Council to include in its gambling Statement any resolution passed not to issue a casino premises licences. In passing such a resolution the authority may take into account any principle or matter, not just the gambling licensing objectives.
- 6.8 Section 153 of the Act states that any 'no casino' resolution must be approved by Council.

In drafting this [PolicyStatement](#), the Licensing Authority has relied upon the Act, Regulations, Gambling Commission Guidance and Codes of Practice.

Foreword by Councillor Emma Plouviez Chair, Licensing Committee

In September 2007 Hackney Council assumed responsibility for the 72 premises licensed for gambling in the Borough. There are now ~~59~~⁵³ gambling premises licences held within the Borough: ~~56~~⁵¹ betting shops and ~~3~~² adult gaming centres, as well as a range of other gambling authorisations. Hackney Council as the Licensing Authority has been guided by its Gambling Statement of ~~Gambling Licensing Policy~~Principles since that time. It is responsible for producing and reviewing this Policy Statement every three years and the Policy has now undergone its ~~third~~^{fourth} statutory review.

Hackney is central to London's offer of a wide range of cultural and leisure opportunities. From art galleries and independent cinema to its niche and specialist retail offer and renowned theatres and restaurants, Hackney has much to celebrate in its day and night time economies. Hackney Council acknowledges the opportunities within the Borough for investment, including those related to its growing visitor economy and securing a sustainable Olympic legacy for the borough. Whilst the Council encourages inward investment and opportunities for growth through a balance of day time and night time uses in town centres, it is important to be mindful of the fact that Hackney continues to be one of the most deprived local authority areas in the country with a young population and comparatively high prevalence of mental health issues within the population.

Where it can, the Council continues to influence the shape of its neighbourhoods and town centres, informed by local needs and circumstances, to encourage the development of a varied and sustainable local environment. However, I feel the powers within the Gambling Act 2005 and the Gambling Commission Guidance unduly limit the Council's ability to do this, particularly in controlling numbers of betting shops and addressing concerns about how an increase of these could undermine the social and economic cohesion in the Borough and conflict with the vision of creating and developing sustainable communities. ~~The Mayor of Hackney, Jules Pipe, has expressed on public record his dissatisfaction with local powers to "place shape" and previously applied for powers under the Sustainable Communities Act 2007 as a way to reflect local circumstances in influencing the development of our high streets.~~ And, whilst I welcome ~~the recent~~ changes under planning law which have seen betting shops excluded from the A2 planning category and the framework developed jointly by the Local Government Association and Association of British Bookmakers for local partnerships on betting shops, I still feel more can be done. For example, ~~I would welcome consideration being given to~~ for example, I welcome the Government's proposal that the current maximum stake for B2 gaming machines, commonly referred to as fixed odds betting terminals (FOBTs), should be limited to £2.00 - and hope that the betting industry accepts this change as inevitable. ~~the current stakes and prize limits for B2 gaming machines, commonly referred to as fixed odds betting terminals (FOBTs).~~ I would also like Councils to be given powers to tackle the clustering of

premises which is evident in Hackney. Notwithstanding this, the Council can and will only act within the limitations of the Act and the Guidance when considering gambling applications.

This Policy Statement has been drafted to reflect recent updates in gambling legislation, including the ~~new~~ requirement for operators to assess local risk. It continues to assist the Council, applicants and those wishing to object to applications in having an understanding of the factors that the Council feels should be taken into consideration within the confines of the Act, Gambling Commission Codes of Practice and Guidance.

How to use this Policy Statement

- The gambling licensing policies are shown in text boxes called GLPs (Gambling Licensing Policies). Each GLP is separately numbered and titled. These are general policies and their specific application will vary accordingly
- The additional text where relevant, gives examples, background and reasons for the policies
- The appendices give additional information referred to within the Policy Statement
- A glossary of useful terms is set out at Appendix A.

1. Gambling Statement of Gambling Licensing Policy Principles

1.1 Background and introduction

1.1.1 Hackney Council which is the local authority for the London Borough of Hackney is a “Licensing Authority” under the Gambling Act 2005 (the “Act”). The Council’s Licensing Committee is responsible for granting premises licences in Hackney for:

- adult gaming centres
- betting premises, including tracks
- bingo premises
- casino premises
- family entertainment centres.

1.1.2 The definition of ‘Gambling’ is defined in the Act as either gaming, betting, or taking part in a lottery:

- gaming means playing a game of chance for a prize
- betting means making or accepting a bet on the outcome of a race, competition, or any other event; the likelihood of anything occurring or not occurring; or whether anything is true or not
- a lottery is where persons are required to pay in order to take part in an arrangement, during the course of which one or more prizes are allocated by a process which relies wholly on chance.

1.1.3 Under the Act, Hackney, like all licensing authorities, must publish a statement of principles (“the Statement”) which they propose to apply when carrying out their licensing functions. This statement must be published at least once every three years. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must then be re-published.

1.1.4 This Statement of Gambling Licensing Policy (the “Policy”) has been revised and is based on Gambling Commission Guidance (the “Guidance”) and the licensing objectives under the Act. The Policy

[Statement](#) sets out how the Licensing Authority will build on the licensing objectives to reflect local circumstances.

1.2 The licensing objectives

1.2.1 In exercising most of its functions under the Act, the Licensing Authority must have regard to the licensing objectives. The licensing objectives are:

- preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- ensuring that gambling is carried out in a fair and open way and
- protecting children and other vulnerable persons from being harmed or exploited by gambling.

1.2.2 This Licensing Authority is aware that, when exercising its functions in relation to premises licensing, it should aim to permit the use of the premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission (the “Codes of Practice”)
- in accordance with any relevant Guidance
- reasonably consistent with the licensing objectives (subject to the above) and
- in accordance with this [Policy Statement](#) (subject to the above).

1.2.3 Applicants are encouraged to demonstrate how they will promote the licensing objectives.

1.3 Scope of the [Policy Statement](#)

1.3.1 The [Policy Statement](#) considers the needs of the Borough and is concerned with upholding the licensing objectives set out in paragraph 1.2.1 above. It will guide the Licensing Authority in carrying out its various regulatory functions under the Act. These main functions are to:

- be responsible for the licensing of premises where gambling activities are to take place by issuing premises licences
- issue provisional statements
- regulate members’ clubs and miners’ welfare institutes who wish to undertake certain gaming activities via issuing club gaming permits and/or club machine permits
- issue club machine permits to commercial clubs
- grant permits for the use of certain lower stake gaming machines at unlicensed family entertainment centres
- receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines

- issue licensed premises gaming machine permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where more than two machines are required
- register small society lotteries below prescribed thresholds
- issue prize gaming permits
- receive and endorse temporary use notices
- receive occasional use notices
- provide information to the Gambling Commission regarding details of licences issued (see section below on “information exchange”)
- maintain registers of the permits and licences that are issued under these functions
- enforce legislation in relation to premises.

1.3.2 This document sets out the policies that the Licensing Authority will apply when determining applications for:

- premises licences
- use notices
- permits as required under the Act
- registrations as required under the Act.

1.3.3 This [Policy Statement](#) relates to all authorisations identified as falling within the provisions of the Act, namely:

- bingo premises
- betting premises
- tracks
- adult gaming centres (AGCs)
- family entertainment centres (FECs)
- club gaming permits
- prize gaming and prize gaming permits
- temporary and occasional use notices
- registration of small society lotteries.

1.3.4 This list does not include casinos. Hackney has previously resolved not to allow casinos in the Borough and will seek a further resolution. Please also refer to paragraph 1.9 on casinos.

1.3.5 For a list of gambling facilities that are exempt from requiring certain licences, please see Appendix G.

1.4 Matters outside the scope of the [Policy Statement](#)

1.4.1 The Licensing Authority will not be involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences. Spread betting is regulated by the Financial Conduct Authority. The National Lottery is [also](#) regulated by the [National Lottery Gambling](#) Commission.

1.4.2 When determining an application, the Licensing Authority will not take into account the following:

- the likelihood of the applicant obtaining planning permission or building regulations approval
- the expected demand for the facilities which are being proposed
- “irrelevant” matters such as those not related to gambling or the licensing objectives
- moral objections.

1.4.3 The Licensing Authority will avoid duplication with other local government functions when considering some authorisations. However, applicants are expected to comply with all other legislation and regulatory regimes relevant to the operation of their business. The Licensing Authority will as a matter of routine share information with other responsible authorities and the Gambling Commission particularly where there is evidence of non-compliance. Please also note paragraph 2.4 of the Policy which deals with the exchange of information.

1.5 Geographical area covered

1.5.1 According to the Office of National Statistics [2013-2016](#) mid-year estimates, Hackney’s population stood at [257,379](#)~~273,526~~. This, as well as Hackney’s relatively small geographical area, makes it one of the most densely populated boroughs in London, Its size ranks 29th in comparison to the other boroughs; only Hammersmith & Fulham, Islington, Kensington & Chelsea and City of London have smaller areas. Hackney is primarily urban (residential, retail, offices, industrial etc.); this accounts for 50.3% of its land use; 22.6% of the Borough is made up of parks, open spaces and waterways with 27.1% being roads and thoroughfares. The Borough’s land use is shown in the map at Appendix B.

1.6 Integrating strategies

1.6.1 Regard should be given to the available data, findings, shared vision and plans informing Hackney’s Sustainable Community Strategy (the “Strategy”), [adopted by the Council and Hackney’s local strategic partnership \(Team Hackney\) in November 2008](#).

1.6.2 The Strategy sets out the Council's overarching vision for Hackney as it grows and changes over the next decade. It will provide a backdrop for all decision making throughout this period and a focus for working in partnership with residents, businesses, the voluntary and community sector and statutory agencies. The Strategy builds on what residents have told the Council about the challenges and opportunities presented to those who live and work in the borough.

~~While Hackney is part of a prosperous capital city it is the second most deprived local authority area in the country. Good progress has been made in narrowing the gap of unemployment and economic inactivity between Hackney and London as a whole, but Hackney continues to have higher levels of unemployment than London as a whole and its employment rate continues to be amongst the lowest in the UK. Almost four in ten working age people in Hackney receive means tested benefits. Almost half of those on Incapacity Benefit cite mental health or behavioural problems. Five in ten children in the borough live in families that are dependent on benefits. It is noted that Hackney's communities have higher levels of illness and disability than elsewhere; 1 in 10 children and 1 in 6 adults at any one time has a mental health problem. In the Strategy it is a stated goal to close the gap in mental wellbeing between people from different backgrounds and between people living in the most and least deprived areas in the borough.~~

1.6.3 The Strategy will help the Council respond to residents' experience of living in the borough, thinking about how the Council will co-ordinate activity and collaborate with partners to think about the whole place, rather than just running individual services. This will help put the needs, perspectives and feelings of the whole community at the heart of what the Council does through a time of continued change and uncertainty.

~~Local people continue to be more concerned about the level of crime than about anything else. Although crime levels have been falling significantly in recent years, attending to the needs of people feeling safe is important. Hackney seeks to further reduce crime and help people feel safer in the borough. Community policing and improved joint working have contributed to crime reduction. Young people are a particular focus of both prevention and offender support. Despite successes over time young people remain over represented both as perpetrators and victims of crime.~~

1.6.4 The Strategy will set out the overall aspirations for Hackney in 2028 and then breaks this down into five key, crosscutting themes. Under each of the themes is a set of commitments the Council is making to move toward Hackney in 2028. The 5 crosscutting themes are:

1. A borough where there is a good quality of life and the whole community can benefit from growth
2. A borough with residents who are ambitious, engaging and want to contribute to community life
3. A green and environmentally sustainable borough
4. An open, cohesive and supportive community
5. A borough with healthy, active and independent residents

Hackney is a young borough. Almost 26% of the population is under 19.

There is a significant caseload of looked after children and those on the child protection register. Young people in Hackney face significant pressure to engage in behaviour that makes them vulnerable to harm, for example, drugs, sex and crime. Gang related activity is an area that is being looked at through the Strategy, to engage and empower young people, particularly those at risk of becoming or who are involved in gang membership, antisocial behaviour and criminal activity.

1.6.5 Regard has also been given to the responsibility under the Council's planning regime and in particular the new borough-wide local plan, known as LP33. This will be the key strategic planning document which will establish a vision and planning policies to direct and guide development in Hackney up to 2033. The plan is critical in ensuring that the right amount of development is built in the right place at the right time so that the future needs of the borough are met.

1.6.7 In order to deliver continued growth and regeneration in the Borough, the Council must ensure a robust planning framework is in place. At the moment we have three key documents (core strategy, development management and site allocations local plans). LP33 will combine and update these documents into a single clear document, helping to support growth and regeneration and provide clarity to our residents.

1.6.5 The Strategy has the following vision for the Borough in 2018:

- ~~an aspirational, working borough, a vibrant part of this world city, renowned for its innovative and creative economy; a place that values the diversity of its neighbourhoods, and makes the most of their links across the globe to enrich the economic and social life of everyone who lives in the borough.~~
- ~~a borough with greater opportunity and prosperity for everyone, whatever their background, and narrowing economic environmental and health inequality. We will have secured the benefits arising from hosting the 2012 Olympic and Paralympic Games.~~
- ~~a green, cosmopolitan part of London with safe, strong and cohesive communities, and a shared sense of fairness, citizenship and social responsibility.~~

1.6.6 Hackney Council and its partners have identified two fundamental dynamics that will shape the Borough over the coming decade – population growth and cohesion. The Strategy has six priorities set for the achievement of the vision:

1. ~~Reduce poverty by supporting residents into sustainable employment, and promoting employment opportunities~~

2. ~~Help residents to become better qualified and raise educational aspirations~~
3. ~~Promote health and wellbeing for all, and support independent living~~
4. ~~Make the borough safer, and help people to feel safe in Hackney~~
5. ~~Promote mixed communities in well-designed neighbourhoods, where people can access high quality, affordable housing~~
6. ~~Be a sustainable community, where all citizens take pride in and take care of Hackney and its environment for future generations.~~

~~1.6.7 The Borough's Local Development Framework Core Strategy ("Core Strategy") sets the strategic direction for delivering the spatial elements of the Strategy. Its vision is that by 2026 Hackney has exploited its great strengths of a prime location in London and one of the most diverse communities in the country. Alongside supporting the objectives of the Strategy it sets out how the expected population and economic growth will lead to identified key areas across the borough changing in different ways.~~

~~1.6.8 The Council aims to integrate this Policy with the objectives of the Sustainable Community Strategy, the Core Strategy and the emerging Development Management Development Plan so that it contributes to achieving the vision of the Borough by allowing gambling to occur in a fair and open way while minimising any harm to children or vulnerable persons or links to crime and disorder. Working with our Team Hackney partners in Health, Education, the Police and the business and voluntary sectors, we will continue to ensure that we address the three licensing objectives. We will:~~

- ~~• continue meaningful consultation~~
- ~~• promote a consistent and fair approach to regulation~~
- ~~• consult with the police and other agencies as appropriate, to establish protocols for effective enforcement~~

1.6.9 Responsible authorities will have a vital role to play in scrutinising licensing applications to prevent gambling from being a source of, or associated with or used to support crime, and to protect children and other vulnerable persons from being harmed or exploited by gambling. This role will be further enhanced by the enforcement activities of the Police and the Council's Licensing ~~Enforcement Team~~Service.

1.7 Consultation

1.7.1 The Licensing Authority recognises the important role that responsible authorities, the gambling trade and other stakeholders have to play in influencing this ~~Policy Statement~~. It will therefore ~~took take~~ a wide range of views ~~on the Policy~~ as part of the consultation that took place from ~~July 2018~~ to August 2015 before finalising and publishing ~~the Policy's Statement~~. ~~Any unsolicited comments received were not considered by the Licensing Authority.~~

1.7.2 Under the Act, consultation ~~on this Policy~~ will take place with:

- the Chief Officer of Police for the London Borough of Hackney
- one or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority's area and
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by or otherwise have an interest in the Policy Statement. This includes but is not limited to:
 - responsible authorities such as the fire authority, child protection, Gambling Commission
 - interested parties such as resident associations and trade associations.

1.7.3 A summary list of persons and groups this Licensing Authority consulted with is set out in Appendix C.

1.7.4 The Licensing Authority will give due weight to the views of those consulted and may amend the Policy Statement accordingly following responses received. In determining what weight to give particular representations, the factors taken into account will include:

- who is making the representation (what is their expertise or interest)
- what their motivation may be for their views
- how many other people have expressed the same or similar views
- how far representations relate to matters the Licensing Authority should include in its Policy Statement
- reasoned cases.

1.7.5 The results of the consultation are available via the Council's website.

1.7.6 Nothing in this Policy Statement will:

- undermine the rights of any person to apply under the Act for a variety of permissions and have the application considered on its individual merits; or
- override the right of any person to make representations on any application or seek a review of a licence or permit where they are permitted to do so under the Act as each will be considered on its own merits and according to the statutory requirements of the Act.

1.8 Declaration

1.8.1 In producing the Policy Statement, this Licensing Authority declares that it has had regard to the licensing objectives of the Act, the Guidance, and any responses it has from those consulted ~~on the Policy~~.

1.9 Casinos

- 1.9.1 There are currently no casinos operating within the borough.
- 1.9.2 On 25 November 2015, the Council made a resolution not to issue casino licences for a further three years given the characteristics of the Borough. [The Council will consider a further resolution for another 3 year period in July 2018.](#)
- 1.9.3 Where a resolution is in place, any casino application received will be returned with a notification that a 'no-casino' resolution is in place.
- 1.9.4 There is no right of appeal against this resolution.

1.10 Responsible authorities

- 1.10.1 This Licensing Authority designates the City and Hackney Safeguarding Children's Board as the body competent to advise the Authority about the protection of children from harm. The principles the Licensing Authority has applied in designating this Board are as follows:
- the need for the body to be responsible for an area covering the whole of the Licensing Authority's area
 - the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.
- 1.10.2 For a list of responsible authorities, please refer to the glossary of useful terms at Appendix A.
- 1.10.3 The contact details for all responsible authorities under the Act are available from the Licensing Service.

1.11 Interested parties

- 1.11.1 A person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the Licensing Authority, the person:
- lives sufficiently close to the premises to be likely to be affected by the authorised activities
 - has business interests that might be affected by the authorised activities
 - represents persons who satisfy a) or b) above.
- 1.11.2 In determining whether a person or business is an interested party, the Licensing Authority will look at each case and decide it upon its merits. It may take into account the size of the premises and nature of activities taking place. This Authority will not apply a rigid rule to its decision making and will consider the Guidance on this.

1.11.3 When determining what “sufficiently close to the premises” means, the Licensing Authority may take into account:

- the size of the premises
- the nature of the premises
- the distance of the premises from the location of the person making the representation
- the potential impact of the premises (number of customers, routes likely to be taken by those visiting the establishment) and
- the circumstances of the complainant. For example, it could be reasonable for the Authority to conclude that “sufficiently close to be likely to be affected” could have a different meaning for (a) a private resident (b) a residential school for children with truanting problems and (c) a residential hostel for vulnerable adults.

1.11.4 Interested parties will include trade associations, trade unions, and residents’ and tenants’ associations. The Licensing Authority may also request a membership list which will indicate the extent of the membership of that association to allow due weight to be given as appropriate.

1.11.5 Interested parties can be persons who are democratically elected such as Ward Councillors and MPs. Other than these persons, this Authority will generally require written evidence that a person or body (such as an advocate or relative) ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons requesting the representation is sufficient.

1.11.6 The Licensing Authority would usually expect Councillors and MPs to make representations only when requested to by ward constituents and/or residents from the area to which the application relates. If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Committee dealing with the licence application.

1.11.7 In determining whether a person has a business interest which could be affected, the Licensing Authority will consider among other things:

- the size of the premises
- the catchment area of the premises, and
- whether the person making the representation has business interests in the catchment area that might be affected.

1.11.8 “Business interests” will be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.

1.12 Relevant representations

1.12.1 Representations relating to an application will be considered as admissible where they are made by an interested party or responsible authority. The Licensing Authority will then normally only consider that representations are relevant where they relate to the licensing objectives, the Guidance, the Codes of Practice or the [Policy Statement](#).

1.12.2 The Licensing Authority may determine an application without a hearing despite having received representations from interested parties or responsible authorities where it thinks the representations are vexatious, frivolous or will certainly not influence the authority's determination of the application.

1.12.3 Anyone making representations on an application should note that their details will be made available to the applicant in the interest of fairness and to allow for negotiation. In the event of a hearing being held, representations will form part of a public document.

~~1.12.4 In addition to this Policy the Licensing Authority has published guidance for members of the Licensing Committee, Councillors and interested parties who wish to make representations.~~

2. Delegation and Decision Making

2.1 Delegation of decision making responsibilities

2.1.1 This Licensing Authority will ensure that the licensing functions contained within the Act are delegated to an appropriate level so as to ensure speedy, efficient and cost effective determination of licensing applications. Its licensing functions will be discharged as detailed in Appendix D.

2.1.2 Those decisions which are not delegated will be determined by the Licensing Committee which has been established by the Licensing Authority to administer a range of licensing functions.

2.2 Reports to licensing committee

2.2.1 There are a number of wider issues which the Licensing Committee need to be aware of in order that this and other policies within their remit can be reviewed as and when necessary. The Licensing Committee may receive reports for information such as the following, to ensure the up-to-date position is known:

- employment situation in the area and the need for new investment and employment where appropriate
- cultural strategy
- local visitor economy
- local crime and disorder figures.

2.3 Decision making

2.3.1 A Licensing Sub-Committee, drawn from members of the Licensing Committee, will normally sit in public to hear applications where representations have been received from interested parties and responsible authorities.

2.3.2 A Ward Councillor will not sit on a Sub-Committee involving an application within their own Ward.

2.3.3 Where a Councillor who is a member of the Licensing Committee is making or has made representations regarding a licence on behalf of an interested party, in the interests of good governance they will disqualify themselves from any involvement in the decision making process affecting the licence or application in question.

2.3.4 Every decision of the Licensing Committee or Licensing Sub-Committee shall be accompanied by clear reasons. The decision will be sent to the applicant and those who have made representations as soon as is practicable.

2.3.5 The Licensing Service will deal with licensing applications where no relevant representations have been received or where representations

have been withdrawn. Even where there are no relevant representations, a hearing must occur where certain conditions to the licence are to be attached or excluded unless the applicant waives their right to a hearing.

- 2.3.6 Decisions as to whether representations are inadmissible, irrelevant, frivolous or vexatious will be made by licensing officers. Where representations are rejected, the person making that representation will be given written reasons for this. There is no right of appeal against a determination that representations are not admissible.
- 2.3.7 The Licensing Sub-Committee will determine each case before it on its individual merits whilst taking into consideration the Codes of Practice, the Guidance, the licensing objectives and the terms of this Policy and may add conditions (Please see paragraph 6.5 on Conditions).
- 2.3.8 In undertaking its licensing functions under the Act, the Licensing Authority is bound by other legislation, for example the Human Rights Act (1998).

2.4 Information exchange

- 2.4.1 The Licensing Authority will act in accordance with the provisions of the Act in its exchange of information which includes the provision that the [Data Protection Act \(1998\)](#) and the [General Data Protection Regulation \(GDPR\)](#) will not be contravened. The Licensing Authority will also have regard to any relevant Guidance and regulations under the Act.
- 2.4.2 Should any protocols be established regarding information exchange with other bodies then they will be made available upon request.
- 2.4.3 In fulfilling its functions and obligations under the Act, the Licensing Authority will exchange relevant information with other regulatory bodies and will establish protocols in this respect. In exchanging such information, the Licensing Authority will conform to the requirements of data protection and freedom of information legislation in accordance with the Council's existing policies.
- 2.4.4 Any matters of non-compliance with the Act will, where appropriate, be reported to the Gambling Commission.
- 2.4.5 The Licensing Authority will share information with other responsible authorities and the Gambling Commission where there is evidence of non-compliance with other legislation and regulatory regimes relevant to the operation of the applicant's business.

3 Risk assessment by operators

- 3.1 From 6 April 2016, licensees must assess the local risk to the licensing objectives posed by the provision of gambling facilities at each of their

19

Commented [DT1]: GDPR???

Commented [BS2R1]: Yep, they run alongside each other.

premises. Operators will be expected to have policies, procedures and control measures in place to mitigate those risks

- 3.2 The licensees must undertake a risk assessment when applying for a new premises licence as well as when varying an existing premises licence. The risk assessment should take into account the local circumstances, including those identified in this [Policy Statement](#) and must be shared with the Licensing Authority when making an application, or otherwise on request.

GLP1

Assessing local risk

Licensees are encouraged to have regard to GLP1 - GLP7, the Council's Sustainable Community Strategy referred to in Paragraph 1.6 and Appendices B, E and G when assessing the local risks posed to the licensing objectives.

Applicants should where appropriate offer their own measures to mitigate those risks.

4 The licensing objectives

- 4.1 Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this Licensing Authority has considered the Guidance and some comments are made below.
- 4.2 Prevention of crime and disorder**
- 4.2.1 The Gambling Commission plays a lead role in preventing gambling from being a source of crime or disorder.
- 4.2.2 The Licensing Authority places importance on the prevention of crime and disorder, and will fulfil its duty under section 17 of the Crime and Disorder Act (1998). This binds the Licensing Authority to exercise its licensing powers with due regard to the need to do all that it reasonably can to prevent crime and disorder in its area. A high standard of control is therefore expected to be exercised over licensed premises.
- 4.2.3 The Licensing Authority will pay attention to the proposed location of gambling premises in terms of this licensing objective and possible conditions. For example, where an area has known high levels of crime and disorder, this authority will consider carefully whether the licensing objectives would be undermined if gambling premises were to be located there. For a map of the crime hotspots in Hackney, please refer to Appendix E (Crime Hotspots Map). This map is subject to change with the use of updated information.

- 4.2.4 The Licensing Authority will, when determining applications, consider whether the grant of a premises licence is likely to result in an increase in crime and disorder. This Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see or hear it, so as to make that distinction. Issues of nuisance cannot be addressed via the provisions of the Act.
- 4.2.5 Where the premises has been associated with drug dealing, or the possession of weapons on the premises, this may give rise to particular concerns as to whether it will be appropriate to allow the admission of children to the premises during some or all of its hours of operation. In such circumstances applicants may be required to demonstrate that these matters have been addressed.
- 4.2.6 Applicants are therefore encouraged to demonstrate to the satisfaction of the Licensing Authority, in consultation with the police, how they intend to satisfy this licensing objective. Applicants are encouraged to discuss their crime prevention procedures with licensing officers and the police before making a formal application, addressing how at an operational and local level they will implement their measures to prevent crime and disorder on the premises.
- 4.2.7 Examples of the matters that are likely to be considered by the Licensing Authority when determining an application include, where appropriate:
- the design and layout of the premises
 - physical security features installed in the premises; this may include matters such as the position of cash registers or the standard of CCTV that is installed
 - training given to staff in crime prevention measures appropriate to the premises
 - where premises are subject to age restrictions, the procedures in place to conduct age verification checks
 - the likelihood of any violence, public disorder or policing problem if the licence is granted.

4.3 Door supervisors

- 4.3.1 The Licensing Authority may consider whether there is a need for door supervisors and whether these should be Security Industry Authority (SIA) registered having regard to the licensing objectives.
- 4.3.2 Door supervisors at casino and bingo halls are exempt from being licensed by the SIA. The Licensing Authority may make specific requirements for door supervisors working at casinos or bingo premises to search individuals and deal with potentially aggressive persons to ensure that this licensing objective is met to the satisfaction of the authority.
- 4.3.3 For premises other than casinos and bingo halls, operators and the Licensing Authority may decide that supervision of entrances and/or machines is appropriate in particular cases.

GLP2

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.

1. Applicants are encouraged to demonstrate within their application, where it is considered necessary and appropriate, measures to prevent crime and disorder on the premises by providing information on:
 - (a) use of door staff, details of SIA door supervisors and other appropriately trained staff including relevant qualifications or registrations, the number of staff, their location whilst working at the premises, and the times they will be on duty
 - (b) details of the training given to staff in crime prevention measures appropriate to those premises
 - (c) notices to be prominently displayed on the premises and visible to members of the public stating:
 - (i) CCTV is recording on the premises (where required by legislation)
 - (ii) drugs will not be tolerated and persons found possessing/dealing will be excluded from the premises
 - (iii) drunkenness and those under the influence of drugs will not be tolerated on the premises
 - (d) an accurate plan of the premises confirming the design and layout of the premises, with particular attention to the ability of staff to survey entrances, exits and any dark or hidden areas. Plans should include:
 - (i) the location of lighting inside and outside the premises
 - (ii) the location of any physical security features for example CCTV equipment, its coverage of the interior and exterior of the premises
 - (iii) CCTV, which is to be recordable, kept for a minimum of 31 days and made available to the police and Licensing Authority on

- request.
- (iv) When details of security measures are provided, they will be kept out of the public domain.
 - (e) provision of adequate search facilities where applicable to the use of the premises
 - (f) measures to be taken to prevent the consumption of alcohol on the premises other than where it is legal and to ensure those under the influence of alcohol are not permitted to gamble
 - (g) measures to be taken to prevent the possession, supply or consumption of illegal drugs on the premises and to ensure that those under the influence of drugs are not permitted to gamble. Any drugs policy should cover the requirement to notify the Police
 - (h) measures to be taken to prevent the possession of offensive weapons on the premises
 - (i) details of any proof of age scheme
 - (j) details of the process to ensure that children do not have access to adult only gaming facilities
 - (k) measures aimed at discouraging anti-social behaviour
 - (l) measures aimed at preventing children and other vulnerable persons from being exposed to incidents of violence or disorder
 - (m) measures to address circumstances where there have been known instances of:
 - (i) harbouring drug dealing, or there is a known association with drug dealers
 - (ii) the possession of weapons on the premises, or where there is a known association with such activity
 - (iii) offences against children or involving children, for example, allowing under 18s to participate in adult gambling.
 - (n) adoption of the Metropolitan Police Safebet Alliance Voluntary Code of Robbery Security Standards for the Bookmaking Industry

4.4 Ensuring that gambling is carried out in a fair and open way

- 4.4.1 Generally the Gambling Commission would not expect the Licensing Authority to ensure that gambling is conducted in a fair and open way. This will be a matter for either the management of the gambling business (and therefore relevant to the operating licence), or will be in relation to the suitability and actions of an individual (and therefore relevant to the personal licence). The Gambling Commission will be responsible for both of these matters and its expectations by way of measures are set out in its Codes of Practice.
- 4.4.2 There is more discretion for the Licensing Authority for authorisations which do not require an operating or personal licence and for tracks where practices may be added to ensure that the betting environment is suitable (see paragraph 7.10 on tracks). The Licensing Authority will

expect these applicants to demonstrate how they will meet this objective.

- 4.4.3 If during the course of considering an application for a premises licence, permit or other notice or at any other time, the Licensing Authority receives information that causes it to question the suitability of the applicant or licence holder to hold an operating licence, or an individual to hold a personal licence the Licensing Authority will notify the Gambling Commission and/or other appropriate authorities without delay.
- 4.4.4 The Licensing Authority cannot attach conditions on an application for a permit. Therefore, it may instead refuse the application where the above requirements and GLP3 are not met.

GLP3

Ensuring that gambling is carried out in a fair and open way

The Licensing Authority encourages applicants who do not fall within the jurisdiction of the Gambling Commission (see paragraph 4.4.2) to conform to the code of practice issued by the Gambling Commission and by the conditions of their operating licence. Failure to demonstrate this may result in the application being refused. In particular:

1. For applications which do not require an operating licence or personal licence, applicants are to demonstrate how information is to be provided about the rules and terms of gambling so that:
 - (a) customers can make an informed decision as to whether and how to participate in gambling
 - (b) customers know the contractual terms and conditions of gambling
 - (c) information is displayed in a clear, accessible and intelligible way. Information should be:
 - (i) bold, precise and clearly located on or near where the game or bet is placed (e.g. machines, track etc)
 - (ii) where the customer base includes people whose first language is not English, notices should be in other languages as appropriate
 - (d) the information displayed on the premises and on promotional information should include:
 - (i) rules of the game or bet
 - (ii) the odds of winning or losing in different scenarios
 - (iii) changes in the rules which must be bold, precise and communicated to the customer so they are fully aware of them
 - (iv) the average return to the player (the payout percentage)
 - (v) the minimum and maximum stakes

- (vi) information about the machine characteristics (for example compensated/ random)
- (vii) how quickly the winnings will be paid out and in what form
- (viii) the dispute and complaints procedures
- (e) in addition:
 - (i) the operation of the games must be consistent and in line with the rules of the games
 - (ii) the layout of the premises must ensure that the games and bets can be conducted in a fair and open way
 - (iii) no advertising or other marketing tool inside or outside the premises or any part of the media which misleads the customer as to the rules of the game or encourages them not to read the rules.

4.5 Protection of children and other vulnerable persons

- 4.5.1 As outlined in the borough profile from paragraph 1.6, Hackney's population has a higher than average number of children and vulnerable persons. It is particularly important that the Policy has regard to these facts and the aims of our Sustainable Community Strategy in seeking to address inequality and deprivation.
- 4.5.2 The Licensing Authority will, when determining applications consider whether the grant of a premises licence is likely to result in children and other vulnerable persons being harmed or exploited by gambling. Applications are encouraged to demonstrate to the satisfaction of the Licensing Authority, in consultation with the City and Hackney Safeguarding Children Board, how they intend to implement their measures at an operational and local level to promote this objective.
- 4.5.3 In relation to children, it should be noted that the Gambling Commission has stated that this objective is explicitly to protect them from being harmed or exploited by gambling. This means preventing them from taking part in gambling and having restrictions on advertising so that gambling products are not aimed at or are particularly attractive to children. The Licensing Authority will therefore judge the merits of each application before considering whether specific measures are required such as:
- restrictions on advertising and style of the premises where premises cater solely or mainly for adults so that gambling products are not aimed at children or advertised in such a way to make them particularly attractive to children
 - restrictions on layout or on where certain machines may be in operation.
- 4.5.4 In addition, the Licensing Authority will seek to ensure the layout of the premises does not encourage gambling products to be aimed at

children or in such a manner that makes them particularly attractive to children.

- 4.5.5 The Licensing Authority will generally expect those who operate or control gambling licensed premises or gambling events to have regard to child welfare.
- 4.5.6 It should be noted that the definition “vulnerable persons” includes but is not limited to people who gamble more than they want to, people who gamble beyond their means and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.
- 4.5.7 With regard to the protection of vulnerable persons, the Licensing Authority will consider whether special considerations are required. These will need to be balanced against the authority’s aim, in the case of premises licensing, to permit the use of the premises for gambling.
- 4.5.8 When determining an application to grant or review a premises licence, regard may be given to the proximity of other establishments catering to children or vulnerable adults, or to places that are frequented by unaccompanied children and/or vulnerable adults or where children, young people or vulnerable persons are likely to congregate. These may include schools, vulnerable adult centres, addiction centres, day centres or services used by vulnerable adults or residential areas where there may be a high concentration of families with children. It may also include school routes and places that attract unaccompanied children for recreation and leisure.
- 4.5.9 The proximity of premises taken into consideration will vary depending on the size and scope of the gambling premises concerned. Each case will be decided on its merits and may depend in part on the type of gambling proposed. Therefore, if an applicant can effectively demonstrate in its policies how they might overcome licensing objective concerns, this will be taken into account. For a map of the locations of schools, colleges and nurseries within Hackney, please refer to Appendix F.

4.6 Access to licensed premises

4.6.1 With the exception of bingo halls, non-gambling areas of tracks on race days and licensed family entertainment centres, children will not be permitted to enter adult only licensed gambling premises.

4.6.2 The Licensing Authority will consult with the City and Hackney Safeguarding Children Board on any application that indicates there may be concerns for children or vulnerable persons over access to gambling.

GLP4

The protection of children and other vulnerable persons from being harmed or exploited by gambling.

1. Applicants are encouraged to demonstrate within their application where it is considered necessary and appropriate that:
 - (a) the design and style of their premises and any external signage, advertising or promotional material is not aimed or marketed at attracting children to premises or areas which are reserved for adult gambling
 - (b) children are not to be exposed to gambling which is legally restricted to adults
 - (c) measures have been taken to prevent children from being in close proximity to types of gambling restricted to adults for example, gaming machines of class A,B or C
 - (d) staff have been or will be appropriately trained to understand the following:
 - (i) which class of machine is restricted to adults only
 - (ii) any areas where children and young persons are not to be permitted.
 - (iii) child protection requirements
 - (iv) reporting concerns about the welfare of a child to the Duty and Assessment Team, the Council
 - (v) reporting concerns about the welfare of vulnerable persons to Safeguarding Vulnerable Adults, Adult Services, the Council.
 - (e) details of helplines and guidance are provided to those who may have alcohol, drug or gambling problems.
2. The Licensing Authority may consider specific measures to protect under 18s and vulnerable persons on certain categories of premises. These measures include:
 - (a) supervision of entrances
 - (b) segregation of gambling from areas frequented by children
 - (c) supervision of gaming machines in adult only gambling premises
 - (d) separate and identifiable entrances and exits from parts of buildings with

more than one licence.

3. Where category C or above machines are available in premises to which children are admitted applicants are encouraged to demonstrate that they have taken such measures to ensure that:
 - (a) all such machines are located in an area of the premises separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance
 - (b) only adults are admitted to the area where the machines are located
 - (c) access to the area where the machines are located is supervised
 - (d) the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder and
 - (e) at the entrance to, and inside, any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.
4. For applications that do not require an operating licence or personal licence, the Licensing Authority will consider:
 - (a) any convictions or cautions in relation to the admission of under 18 year olds
 - (b) requirement for children under 14 to be accompanied by an adult
 - (c) measures the applicant is taking to prevent children from being in close proximity to types of gambling restricted to adults (for example, category A, B or C gaming machines). Such measures may include "No Under 18s to Play" notices displayed on category A, B and C machine fronts in alcohol licensed premises, or the adoption of an effective proof of age scheme.
5. Where there have been convictions or cautions for serving alcohol to under 18s, or allowing under 18s to participate in adult gambling, applicants may be asked to demonstrate these matters have been addressed. This may give rise to particular concerns as to whether it will be appropriate to permit the admission of children to the premises during some or all of its hours of operation.
6. Where limiting access to children or young persons is considered necessary, the Licensing Authority will consider the following options:
 - (a) limiting or excluding when certain activities are taking place or at certain times
 - (b) a requirement for children under a certain age to be accompanied by an adult
 - (c) an age limitation for under 18s
 - (d) access may be limited to certain parts of the premises.

5. Location of gambling premises and gaming machines

- 5.1 When considering authorisations, including the need for conditions to be attached to licences, the Licensing Authority will primarily focus on the location, suitability and management of the premises and how this might directly impact upon the licensing objectives.
- 5.2 When determining an application to grant or review a premises licence regard will be given on a case by case basis to the location of the premises and its proximity to other establishments in terms of the licensing objectives which include the protection of children and vulnerable persons and issues of crime and disorder. See paragraph 3 onwards for more details. For crime hotspots and locations of schools, colleges and nurseries in the borough, please refer to Appendices E and F respectively.
- 5.3 Should any specific policy be decided upon regarding areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.
- 5.4 In addition, where there are specific risks or problems associated with a particular locality or specific premises, or class of premises, conditions may be attached to reflect this on a case by case basis, where permitted by law.

GLP5

Location of gambling premises and gaming machines

- 1. In considering the locations for a premises licence, permit or notice, the Licensing Authority may consider:
 - (a) the proximity of other establishments catering to children or vulnerable adults, or to places that are frequented by unaccompanied children and/or vulnerable adults or where children, young people or vulnerable persons are likely to congregate
 - (b) the size and scope of the gambling premises concerned
 - (c) the type of gambling proposed on the premises.
- 2. In considering the locations for gaming machines, the Licensing Authority may consider:
 - (a) the size of the premises and the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer
 - (b) the size of the premises and the ability of staff to monitor the use of the machines by children and young persons or by vulnerable people

- (c) restricting the number and location of such machines in respect of applications for track betting premises licences
- (d) the location of gaming machines at tracks
- (e) the locations of gaming machines where the applicant holds a pool betting operating licence and wishes to apply for a track premises licence using their entitlement to four gaming machines. The applicant will need to demonstrate that these machines are located in areas from which children are excluded
- (f) segregation of category C and D machines in family entertainment centres.

6. Hours of operation

- 6.1 The Licensing Authority will have regard to the Guidance and default conditions relating to operating hours and will consider excluding and replacing default conditions only if appropriate and on a case by case basis.
- 6.2 Where limiting access to children is considered necessary, the Licensing Authority will consider a limit on the hours when children may be present on the premises.

GLP6

Hours of operation

The Licensing Authority will have regard to the following, where necessary and appropriate:

- (a) Codes of Practice when determining the hours of operation
- (b) licensing hours fixed will always reflect the individual merits of the application, any relevant representations received and the requirement to uphold the licensing objectives
- (c) earlier hours may be set if the individual circumstances require it. Applicants are encouraged to demonstrate that there would be no breach of the licensing objectives if later hours are requested, especially if requests are made to go beyond midnight in residential areas
- (d) the Licensing Authority may consider the levels of relevant crime and disorder at that premises or in the vicinity of that premises and police resources available to address this late at night
- (e) applicants are encouraged to exclude children from premises or events where children are present by 9pm unless the applicant can demonstrate how they can operate beyond these hours without risking harm to children in these circumstances.

7 Premises licences

7.1 General principles

- 7.1.1 An application for a premises licence may only be made by persons over 18 years old, companies or partnerships.
- 7.1.2 The Licensing Authority can only consider a premises licence application where the applicant:
- has a right to occupy the premises at the time the application is made and can provide evidence of this if requested; and
 - holds, or has applied for, an operating licence which allows the proposed activity to be carried out.
- 7.1.3 It should be noted that the premises licence may only be determined once the operating licence has been issued by the Gambling Commission.
- 7.1.4 The Licensing Authority will expect the applicant for a premises licence to demonstrate that they have or have applied for the appropriate operating and/or personal licences from the Gambling Commission.
- 7.1.5 Where no application for an operating licence has been made, the premises licence application will be refused.
- 7.1.6 Premises licences will be subject to the requirements set out in the Act and regulations, which include mandatory and default conditions. Licensing authorities are able to exclude default conditions and also attach others where appropriate.

7.2 Definition of “premises”

- 7.2.1 Premises are defined in the Act as including “any place”. Different premises licences cannot apply in respect of single premises at different times. However, it is possible for a single building to be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. This will always be a question of fact depending on the circumstances and the Guidance provides further detail on this. It should be noted that areas of a building that are artificially or temporarily separate cannot be properly regarded as different premises and the Licensing Authority would therefore normally expect genuine separation in this regard to be a complete floor to ceiling physical separation of the premises.
- 7.2.2 This Licensing Authority will take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes on a case by case basis and with regard to the Act and the policy behind the Act, as explained in the Guidance which is to limit the number and type of machines in particular premises. Where the Licensing Authority is not satisfied that the premises are separate, it will be unable to issue further premises licences on that premises concluding that a premises licence already exists. The following factors will be taken into account

in determining whether the premises is in fact a “premises” and therefore able to submit such application(s):

- whether entrances and exits which form parts of a building covered by one or more licences are properly and suitably separate and identifiable so that the separation of different premises is not compromised and that people do not ‘drift’ into a gambling area. In this context it is expected that the premises will be separated by a floor to ceiling division whereby each “premises” can be accessed without going through another licensed premises or premises with a permit particularly where this is required by the Act
- whether the premises have a separate registration for business rates
- whether the premises have different postal addresses
- whether the premises and its neighbouring premises is owned by the same person
- whether each of the premises can be accessed from the street or a public passageway
- whether the premises are accessible only from another gambling premises.

7.2.3 The Licensing Authority will pay particular attention to applications where access to the licensed premises is through other premises. There will be specific issues to be considered before granting such applications, for example:

- whether children are not only prevented from taking part in gambling but also prevented from being in close proximity to gambling
- whether children are invited to participate in, can gain accidental access to or closely observe gambling where they are prohibited from participating
- compatibility of the two types of establishments
- whether taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would or should be prohibited under the Act. The applicant will need to show for example that direct access between the premises is prevented if the premises licence condition requires it
- whether customers can primarily participate in the gambling activity named on the premises licence.

7.2.4 Applicants will need to demonstrate that the primary purpose of the premises will be fulfilled and are encouraged to provide to the Licensing Authority the precise arrangements for primary and ancillary gambling activities at the premises.

7.3 Premises “ready for gambling”

- 7.3.1 A licence to use a premises for gambling should only be issued in relation to premises that the Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use. The Guidance provides advice on this.
- 7.3.2 In deciding whether a premises licence can be granted where there is outstanding construction or alteration works at a premises, this Authority will determine applications on their merit, considered in a two stage process:
- firstly, whether as a matter of substance the premises ought to be permitted to be used for gambling and
 - secondly, in deciding whether or not to grant the application, consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.
- 7.3.3 If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement may be a better option. Applicants are encouraged to discuss which route is appropriate with the Licensing Authority. For example, where applications are received in respect of uncompleted premises which it appears are not going to be ready to be used for gambling for a considerable period of time, the Licensing Authority ought to consider whether, applying the two stage process, it should grant a licence or whether the circumstances are more appropriate for a provisional statement application. Please refer to paragraph 7 on provisional statements.
- 7.3.4 If a premises licence is to be sought before the premises is ready to be used for gambling the applicant should consider offering appropriate conditions and/or providing a future effective date for the licence to commence.

7.4 What we consider

- 7.4.1 All applicants for premises licences are encouraged to set out how they will promote the licensing objectives, as specified in paragraph 1.2.1 and what measures they intend to employ to ensure compliance with them. This will assist the Authority, responsible authorities and interested parties to consider whether the application accords with the licensing objectives and is therefore more likely to avoid unnecessary hearings. The applicant may ask the Licensing Authority for advice as to the scope of information to be provided which will be proportionate to the scale and nature of the application made.

7.5 Conditions

- 7.5.1 Licensing is about the control of gambling licensed premises within the terms of the Act. The starting point in determining applications will be to grant the application without attaching conditions.
- 7.5.2 Conditions may be attached to licences that will cover matters within the control of individual licensees. Conditions are attached to a premises licence in the following ways:
- automatically under the Act
 - through regulations as mandatory and/or default conditions
 - by the Licensing Authority.
- 7.5.3 For instance, there are mandatory conditions which attach to all licences or licences of a particular class. Specific conditions which attach to an individual licence will only be attached by the Licensing Authority following a hearing or where the applicant has agreed conditions with a responsible authority or interested party.
- 7.5.4 The Licensing Authority can exclude any default conditions from the premises licence. The Licensing Authority will where necessary impose conditions that are:
- in accordance with the Guidance
 - in accordance with the Code of Practice
 - in accordance with the Policy or
 - in a way that is reasonably consistent with the licensing objectives.
- 7.5.5 Conditions imposed by the Licensing Authority will be proportionate to the circumstances and risks which they are seeking to address. In particular, the Licensing Authority will where appropriate apply conditions that are:
- relevant to the need to make the proposed building suitable as a gambling facility
 - directly related to the premises and the type of licence applied for
 - fairly and reasonably related to the scale and type of premises and
 - reasonable in all other respects.
- 7.5.6 The Licensing Authority does not propose to implement standard conditions on licences but may attach conditions as appropriate given the circumstances of each individual case. It will seek to avoid duplication with other systems so far as possible and will not attach conditions unless they are considered necessary having regard to existing regimes. For example, where applicants fail to adequately address the provisions of the relevant GLPs to the satisfaction of the Licensing Authority, it may attach conditions to alleviate concerns triggered by the lack of information provided.
- 7.5.7 There will be a number of measures the Licensing Authority will consider utilising should there be a perceived requirement such as the

use of supervisors, appropriate signage for adult only areas as set out in GLP2 - 7. There are specific comments made in this regard under some of the licence types below. The Licensing Authority will also expect the applicant to offer measures as to ways in which the licensing objectives can be met effectively.

7.5.8 The Licensing Authority will consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the proper segregation of primary gambling activities in addition to matters in GLP1-7. These matters are in accordance with the Guidance.

7.5.9 This Licensing Authority may contact the Gambling Commission or the applicant to obtain a copy of the operating licence to consider any conditions that may cover the way in which the Gambling Commission expect the objectives to be met. It will assess whether the corresponding premises licence requires any specific expansion on these measures by way of conditions based upon the application and information provided.

7.5.10 There are conditions which the Licensing Authority cannot attach to premises licences. These are any conditions:

- on the premises licence which make it impossible to comply with an operating licence condition;
- relating to gaming machine categories, numbers, or method of operation;
- which provide that membership of a club or body be required (the Act specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated); and
- in relation to stakes, fees, winning or prizes.

GLP7

Premises licences

Applicants for a premises licence are encouraged to consider GLP1 to GLP7 depending on the type of permission being sought.

- (1) In addition, applicants for a premises licence are also encouraged to demonstrate:
 - (i) that the appropriate operating and personal licences are in place from the Gambling Commission where relevant and
 - (ii) that they have a right to occupy the premises at the time of making the application
 - (iii) how the applicant will promote the licensing objectives with regard to GLP1 to GLP7.
- (2) The Licensing Authority will exclude default conditions or attach

conditions where appropriate.

- (3) The Licensing Authority may only consider the grant of a licence where it is going to be ready to be used for gambling in the reasonably near future and (where necessary) the Licensing Authority and/or responsible authorities have been allowed to inspect the premises.
- (4) For multiple licences for a building and those relating to a discrete part of a building used for other non-gambling purposes the Licensing Authority will in particular consider:
 - (i) the measures to prevent people “drifting” into a gambling area
 - (ii) the potential for children to gain access
 - (iii) the ability of two or more establishments to comply with the requirements of the Act.
- (5) Applicants are encouraged to provide where relevant detailed plans, to the satisfaction of the Licensing Authority, consisting of:
 - (i) entrances and exits
 - (ii) number and positions of counters,
 - (iii) number and positions of gaming machines
 - (iv) location of lighting inside and outside
 - (v) location of CCTV.

7.6 Adult gaming centres (AGCs)

7.6.1 The Licensing Authority will expect the applicant to provide sufficient measures to ensure that persons under 18 ~~year-years~~ olds do not have access to the premises.

GLP8

Adult gaming centres

Applicants are encouraged to have regard to GLP1 - GLP8 when making an application for an adult gaming centre.

Applicants should where appropriate offer their own measures to meet the licensing objectives such as:

- (a) proof of age schemes
- (b) CCTV
- (c) physical and/or remote supervision of entrances/machine areas
- (d) physical separation of areas.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

7.7 Licensed family entertainment centres (FECs)

7.7.1 The Licensing Authority will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that those who are under 18 years old do not have access to the adult gaming machines. For example, this could be achieved through the physical segregation and supervision of these gaming machines.

GLP9

Licensed family entertainment centres

Applicants are encouraged to have regard to GLP1 - GLP7 when making an application for an FEC.

Applicants should, where appropriate, offer their own measures to meet the licensing objectives such as:

- (a) CCTV
- (b) supervision of entrances / machine areas
- (c) physical separation of areas
- (d) location of entry
- (e) notices / signage
- (f) specific opening hours
- (g) self-barring schemes
- (h) provision of information leaflets / helpline numbers for organisations such

- as GamCare
- (i) measures / training for staff on how to deal with suspected truant school children on the premises
 - (j) measures/training by way of a premises log book, covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

7.8 Bingo premises

- 7.8.1 Applicants are to have regard to GLP 1 - 7. If children are allowed to enter premises licensed for bingo, they are not to participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted, the Licensing Authority will expect the applicant to comply with GLP4.
- 7.8.2 It is noted that door supervisors at bingo premises are exempt from needing to be SIA registered. This is explained in more detail at paragraph 4.3.
- 7.8.3 Applicants will need to demonstrate that bingo can be played on the proposed bingo premises. This will be a relevant consideration where the operator of an existing bingo premises applies to vary their licence to exclude an area of the existing premises from its ambit and then applies for a new premises licence, or multiple licences, for that or those excluded areas. Paragraph 7.2 provides detail on the circumstances in which the splitting of a pre-existing premises into two adjacent premises may or may not be permitted.

7.9 Betting premises

7.9.1 Children and young people are not permitted to access betting premises.

7.9.2 For betting machines within a betting premises the Licensing Authority will take into account the following factors:

- the size of premises
- the number of counter positions available for person-to-person transactions
- ability of staff to monitor the use of the machines by children, young and vulnerable persons.

GLP10

Betting premises

Applicants are encouraged to have regard to GLP1 - GLP7 and GLP10 when making an application for a betting premises licence.

The Applicant should where appropriate, offer their own measures to meet the licensing objectives such as:

- (a) CCTV
- (b) supervision of entrances / machine areas
- (c) location of entry
- (d) notices / signage
- (e) specific opening hours
- (f) self-barring schemes
- (g) provision of information leaflets / helpline numbers for organisations such as GamCare.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

7.10 Tracks

7.10.1 Applicants are to have regard to GLP 1-11 where relevant. This Licensing Authority is aware that tracks may be subject to one or more premises licences, provided each licence relates to a specified area of the track. The Licensing Authority will especially consider the impact upon the protection of children and vulnerable persons from being harmed or exploited by gambling and the need for applicants to demonstrate that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

7.10.2 It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but they are still prevented from

entering areas where gaming machines (other than category D machines) are provided.

7.10.3 The Guidance sets out the considerations for where gaming machines may be located on tracks. Applications for track premises licences will need to demonstrate that where the applicant holds a pool betting operating licence and is going to use their entitlement to four gaming machines, these machines are located in areas where children are excluded.

7.10.4 The Licensing Authority where appropriate will attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed on the race-card or made available in leaflet form from the track office.

7.10.5 Separate Guidance has been produced which sets out the specific requirements for these types of applications. The Licensing Authority will expect applicants to provide detailed plans for the racetrack itself and the proposed gambling facilities.

7.10.6 It would be preferable for all self-contained premises operated by off-course betting operators on a track to be the subject of a separate premises licence, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator. For occasional permissions to carry out betting on tracks, please refer to paragraph 14 which deals with occasional use notices.

GLP11

Tracks

Applicants are also to have regard to GLP 1 – GLP 11 where relevant.

1. The applicant should where appropriate demonstrate the following measures have been addressed:
 - (a) entrances to each type of premises are distinct
 - (b) children are excluded from gambling areas where they are not permitted to enter
 - (c) children do not have access to adult only gaming facilities
 - (d) track operators ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public
 - (e) detailed plans are provided to the Licensing Authority for the racetrack itself and the area that will be used for temporary “on-course” betting facilities (for dog tracks and horse racecourses, show fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities)
 - (f) identify what authorisations are being sought under the track betting

- premises licence along with any other areas that may be subject to a separate application for a different type of premises licence
- (g) where category C or above machines are on offer in premises to which children are admitted, the relevant considerations in GLP4 should be addressed.

2. This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives such as:

- (a) proof of age schemes
- (b) CCTV
- (c) supervision of entrances / machine areas
- (d) physical separation of areas
- (e) location of entry
- (f) notices / signage
- (g) specific opening hours
- (h) self-barring schemes
- (i) provision of information leaflets/helpline numbers for organisations such as GamCare.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

7.11 Travelling fairs

7.11.1 Travelling fairs do not require any permit to provide gaming machines but must comply with the legal requirements in how the machine operates in a fair and open way (please refer to GLP3 for more detail). They may provide an unlimited number of Category D gaming machines and the Licensing Authority will expect the applicant to demonstrate that the gambling facilities amount to no more than an ancillary amusement at the fair.

7.11.2 The Licensing Authority will consider whether the statutory definition of a travelling fair applies. The 27 day statutory maximum (per calendar year) for the land being used as a fair applies to the land on which the fairs are held, regardless of whether the same or a different travelling fair occupies the land.

7.11.3 The Licensing Authority will work with neighbouring authorities to ensure that land that crosses shared boundaries is monitored so that the statutory limits are not exceeded.

8. Provisional statements

8.1 An application for a provisional statement can be made where the applicant expects the premises to be constructed, to be altered or to acquire a right to occupy. Such an application is a separate and distinct process to the granting of planning permission or building control.

- 8.2 Following the grant of a provisional statement, no further representations from responsible authorities or interested parties can be taken into account in the determination of a premises licence application, unless they concern matters which could not have been addressed at the provisional statement stage, or in the opinion of the Licensing Authority, they reflect a change in the applicant's circumstances.

GLP12

Provisional Statements

Applicants should have regard to GLP1 – GLP 11 where relevant. Applications for provisional statements shall be dealt with in the same way as a premises licence.

9. Unlicensed family entertainment centres (unlicensed FECs) gaming machine permits: Statement of principles on permits

- 9.1 Where category D gaming machines are only to be provided, applicants may apply to the Licensing Authority for an unlicensed FEC gaming machine permit. The applicant must show that the premises will be wholly or mainly used for making gambling available for use. An application for this permit cannot be made where a premises licence has effect on the same premises.
- 9.2 The Licensing Authority may only grant or reject an application for a permit and cannot impose or attach any conditions.
- 9.3 The Gambling Commission will not be involved in this process as neither an operating licence nor a personal licence is required. It is therefore essential that the Licensing Authority satisfies itself as to the suitability of the applicant and to the operation being proposed.
- 9.4 The Licensing Authority must be satisfied that:
- a) the applicant has demonstrated that the premises will be used as an unlicensed FEC and
 - b) Hackney Police have been consulted on the application.
- 9.5 The Licensing Authority will look at the suitability of an applicant for a permit. As unlicensed FECs will particularly appeal to children and young persons, the Licensing Authority will expect the applicant to demonstrate their suitability and the measures in place to protect children from harm as well as to prevent crime and disorder by providing the following:
- applicant and staff training/ understanding of the maximum stakes and prizes that is permissible in unlicensed FECs

- applicant's Disclosure and Barring Service check or equivalent, as agreed with the police. This may include a requirement to provide details of residential addresses over the last five years
 - applicant's previous history and experience of running similar premises
 - any policies and procedures in place
 - a scaled plan of the premises
 - a written operating schedule
 - any supporting documentation as to the design and layout of the premises.
- 9.6 Harm in the context of protecting children is not limited to harm from gambling but includes wider child protection considerations. As such, any policies and procedures will each be considered on their overall merits.
- 9.7 The Licensing Authority will have regard to the Policy, the licensing objectives and any relevant Guidance or Code of Practice when considering a permit application. Applicants should in particular have regard to GLP1, GLP2, GLP5, GLP7 and GLP13 when making an application, but need to also consider GLP3, GLP4 and GLP6 where these relate to children and young persons.
- 9.8 This ~~statement~~ Statement of principles applies to initial applications only and not to renewals. The Licensing Authority may refuse an application for renewal of a permit only on the grounds that an authorised Local Authority officer has been refused access to the premises without reasonable excuse, or that renewal would not be reasonably consistent with the pursuit of the licensing objectives.
- 9.9 Where there is such a refusal, the Licensing Authority will notify the applicant of its intention to refuse and the reasons for the refusal. The applicant will then have an opportunity to make representations orally, in writing or both and will have a right of appeal against any decision made.
- 9.10 Where the permit has been granted the Licensing Authority will issue the permit as soon as is reasonably practicable and in any event in line with Regulations. The permit will then remain in effect for 10 years unless surrendered or lapsed.
- 9.11 Details of applications for unlicensed FEC permits will be available on the Council's website or by contacting the Licensing Service.
- 9.12 Applicants for unlicensed FEC permits are expected to undertake that they will comply with BACTA's Code of Practice for Amusement with Prizes Machines in Family Entertainment Centres. This code of practice promotes awareness of social responsibility and acknowledges that proactive specific and appropriate commitment will

be given to educating children and young persons, thereby minimising the potential for harm.

GLP13

Statement of principles for unlicensed family entertainment centres (unlicensed FECs)

Applicants for an unlicensed family entertainment centre permit are to have regard to GLP1 - GLP7 and GLP9 where relevant.

1. Applicants are required to demonstrate that:
 - (a) they have permission to occupy the premises at the time of making the application
 - (b) the premises will be used as an unlicensed FEC and
 - (c) the Chief Officer of Police for Hackney Borough has been consulted on the application.
2. Applications should normally be accompanied by an assessment of how the applicant will promote the licensing objectives with regard to GLP1 to GLP7 to demonstrate such matters as:
 - (a) numbers of staff employed and on duty at any given time
 - (b) details of opening hours
 - (c) details of Proof of Age schemes
 - (d) adoption of appropriate measures/training for staff as regards suspected truanting school children on the premises
 - (e) evidence of staff training by way of a Premises Log Book, covering how staff will deal with unsupervised very young children being on the premises, or children causing perceived problems on or around the premises
 - (f) Evidence that the applicant and staff are trained to have a full understanding of the maximum stake and prizes that are permissible.
3. The application must also be accompanied by detailed plans drawn up to the satisfaction of the Licensing Authority and which include:
 - (a) location of entrances and exits
 - (b) number and positions of Category D machines
 - (c) location of lighting inside and outside
 - (d) location of CCTV
 - (e) the amount of space around gaming machines to prevent jostling of players or intimidation
 - (f) location and supervision of Automated Teller Machines
 - (g) the location of appropriate clear and prominent notices and barriers, such notices to state:
 - (i) that no unaccompanied child will be permitted to remain on the premises if that person is required by law to attend school

- (ii) no smoking on the premises
- (iii) the need to play responsibly.

4. The application should normally also be accompanied by:

- (a) evidence that the applicant and staff have no relevant convictions (those that are in Schedule 7 of the Act)
- (b) insurance documents and any other such information the Licensing Authority will from time to time require.

10. Prize gaming permits: Statement of principles

10.1 Prize gaming permits allow the provision of facilities for gaming with prizes on specified premises. Prize gaming refers to gaming where the nature and size of the prize is not determined by the number of people playing or the amount for or raised by the gambling. The Act makes no provision for single site gaming machine permits such as fish and chip shops, minicab offices and cafes.

10.2 In determining the suitability of the applicant for a permit this Licensing Authority will expect the applicant to set out the types of gaming to be offered demonstrating:

- that they understand the limits to stakes and prizes that are set out in Regulations; and
- that the gaming offered is within the law
- that they meet the objective of carrying out gambling openly and fairly as set out at GLP3
- that the premises are mainly or wholly used for gambling purposes.

10.3 In making its decision on an application for this permit the Licensing Authority does not need to have regard to the licensing objectives but must have regard to any Guidance.

10.4 The Licensing Authority cannot attach conditions to a permit however, the permit holder must comply with the following statutory conditions:

- the limits on participation fees, as set out in Regulations
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if a non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

11. Alcohol licensed premises gaming machine permits

45

- 11.1 There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely notify the Licensing Authority of this automatic entitlement. The only exception to this entitlement is where alcohol is provided ancillary to a table meal.
- 11.2 Once notice has been acknowledged, the Licensing Authority can remove the automatic authorisation in respect of any particular premises if:
- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives
 - gaming has taken place on the premises where the following conditions have not been met:
 - written notice has been provided to the Licensing Authority
 - the correct fee has been submitted and
 - any relevant code of practice issued by the Gambling Commission about the location and operation of the gaming machine has been complied with
 - the premises are mainly used for gaming or
 - an offence under the Act has been committed on the premises.
- 11.3 The Licensing Authority shall, before removing this automatic entitlement, give the licence holder 21 days' notice of its intention, consider any representations made by the licence holder and hold a hearing if requested.
- 11.4 If an alcohol licensed premises wishes to have 3 or more category C or D gaming machines, then it needs to apply for an alcohol licensed gaming machine permit specifying the premises in respect of which the permit is sought and the number and category of gaming machines. Where the application requirements are not met it will be deemed that the application has not been made correctly and will be returned to the applicant. The Licensing Authority must consider a valid application based upon the licensing objectives, any Guidance and Codes of Practice, comments from responsible authorities and "such matters as they think relevant."
- 11.5 The Licensing Authority considers "such matters" on a case by case basis and has produced policy considerations when determining such applications. This document entitled "Licensing Authority Policy Considerations for 3 or more Gaming Machines on Alcohol Licensed Premises" is available on request from the Licensing Service.

12 Club gaming and club machine permits

- 12.1 Members clubs and miners' welfare institutes may apply for a club gaming permit or a club machine permit.

46

- 12.2 Commercial clubs may only apply for a club machine permit.
- 12.3 The club gaming permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations.
- 12.4 A club machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).
- 12.5 Members clubs and commercial clubs must:
- have at least 25 members
 - be established and conducted “wholly or mainly” for purposes other than gaming, unless the gaming is permitted by separate regulations
 - be permanent in nature.
- 12.6 Members clubs must, in addition to the above:
- not be established to make a commercial profit
 - be controlled by its members equally.
- 12.7 Members clubs include bridge and whist clubs, working men’s clubs, branches of Royal British Legion and clubs with political affiliations.
- 12.8 Commercial clubs have the same characteristics as members clubs however, the key difference is that they are established with a view to making profit. An example of this would be a snooker club.
- 12.9 A Licensing Authority may only refuse an application on the grounds that:
- a) the applicant does not fulfil the requirements for a members’ club or miners’ welfare institute or commercial club and therefore is not entitled to receive the type of permit for which it has applied;
 - b) the applicant’s premises are used wholly or mainly by children and/or young persons;
 - c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
 - d) a permit held by the applicant has been cancelled in the previous ten years; or
 - e) an objection has been lodged by the Gambling Commission or the police.
- 12.10 There is also a ‘fast-track’ procedure available under the Act for premises which hold a club premises certificate under the Licensing Act 2003. Under the fast-track procedure there is no opportunity for objections to be made by the Gambling Commission or the police, and

the grounds upon which an authority can refuse a permit are reduced. The grounds for refusal are:

- a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12 of the Act;
- b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.

12.11 There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant Codes of Practice about the location and operation of gaming machines.

13 Temporary use notices (TUNs)

13.1 TUNs allow the holder of an operating licence to temporarily use a set of premises for gambling where there is no premises licence in place. Hotels, conference centres or sporting venues may typically utilise this permission. A set of premises can be subject to TUNs for up to 21 days in any 12 month period.

13.2 The notice must be lodged with the Licensing Authority no less than 3 months and one day from the event, and copies sent to the Gambling Commission, the police and HM Commissioner for Revenue and Customs.

13.3 There are a number of statutory limits regarding temporary use notices.

13.4 The definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place" and applicants will note paragraphs 6.2 which set out the expectations in this regard. In considering whether a place falls within the definition of "a set of premises", licensing authorities will need to look at, amongst other things, the ownership, occupation and control of the premises. For example, an exhibition centre may cover one set of premises. This compares to a shopping centre which may cover different sets of premises as it may be occupied and controlled by different people.

13.5 This is a new permission and the Licensing Authority will be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises.

GLP14

Temporary use notices (TUNs)

The Licensing Authority will expect the licensee to demonstrate that measures have been taken to promote the licensing objectives having regard to GLP1 - GLP10 where relevant. The Licensing Authority, will require 3 months and one day written notice and copies sent to the Gambling Commission, the police and HM Commissioner for Revenue and Customs prior to the gambling event taking place.

14 Occasional use notices

14.1 This notice allows for betting on a track without the need for a premises licence on 8 days or less in a calendar year. The Licensing Authority has very little discretion regarding these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This Licensing Authority will consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.

15 Small society lotteries

15.1 Under the Act, a lottery is unlawful unless it runs with an operating licence or is an exempt lottery. The Licensing Authority will register and administer small society lotteries (as defined). Promoting or facilitating a lottery will fall within 2 categories:

- licensed lotteries (requiring an operating licence from the Gambling Commission) and
- exempt lotteries (including small society lotteries registered by the Licensing Authority).

15.2 Exempt lotteries are lotteries permitted to run without a licence from the Gambling Commission.

15.3 Societies may organise lotteries if they are licensed by the Gambling Commission or fall within the exempt category. The Licensing Authority recommends those seeking to run lotteries take their own legal advice on which type of lottery category they fall within. Guidance notes on all lotteries, limits placed on small society lotteries and information setting out financial limits is available by contacting the Licensing Service.

15.4 Applicants for registration of small society lotteries must apply to the Licensing Authority in the area where their principal office is located. Where the Licensing Authority believes that the Society's principal office is situated in another area it will inform the Society as soon as possible and where possible, will inform the other Licensing Authority.

15.5 Lotteries will be regulated through a licensing and registration scheme, conditions imposed on licences by the Gambling Commission, Codes of Practice and any Guidance. In exercising its functions with regard to small society and exempt lotteries, the Licensing Authority will have due regard to the Guidance.

- 15.6 The Licensing Authority will keep a public register of all applications and will provide information to the Gambling Commission on all lotteries registered by the Licensing Authority. As soon as the entry on the register is completed, the Licensing Authority will notify the applicant of their registration. In addition, the Licensing Authority will make available for inspection by the public the financial statements or returns submitted by societies in the preceding 18 months and will monitor the cumulative totals for each society to ensure the annual monetary limit is not breached. If there is any doubt, the Licensing Authority will notify the Gambling Commission in writing, copying this to the Society concerned. The Licensing Authority will accept return information either manually but preferably electronically by emailing licensing@hackney.gov.uk.
- 15.7 The Licensing Authority will refuse applications for registration if in the previous five years, either an operating licence held by the applicant for registration has been revoked, or an application for an operating licence made by the applicant for registration has been refused. Where the Licensing Authority is uncertain as to whether or not an application has been refused, it will contact the Gambling Commission to seek advice.
- 15.8 The Licensing Authority may refuse an application for registration if in their opinion:
- the applicant is not a non-commercial society
 - a person who will or may be connected with the promotion of the lottery has been convicted of a relevant offence or
 - information provided in or with the application for registration is false or misleading.
- 15.9 The Licensing Authority will ask applicants to complete an application form setting out the purposes for which the Society is established and will ask the Society to declare that they represent a bona fide non-commercial society and have no relevant convictions. The Licensing Authority may seek further information from the Society.
- 5.10 Where the Licensing Authority intends to refuse registration of a Society, it will give the Society an opportunity to make representations and will inform the Society of the reasons why it is minded to refuse registration and supply evidence on which it has reached that preliminary conclusion. In any event, the Licensing Authority will make available its procedures on how it handles representations.
- 15.11 The Licensing Authority may revoke the registered status of a Society if it thinks that they would have had to, or would be entitled to refuse an application for registration if it were being made at that time. However, no revocations will take place unless the Society has been given the opportunity to make representations. The Licensing Authority will inform the Society of the reasons why it is minded to revoke the

registration in the same manner it would be minded to refuse registration.

- 15.12 Where a Society employs an external lottery manager, they will need to satisfy themselves that they hold an operator's licence issued by the Gambling Commission and the Licensing Authority will expect this to be verified by the Society.

16 Enforcement and inspection

- 16.1 The Licensing Authority will investigate complaints against licensed premises in relation to matters for which it has responsibility. The Licensing Authority recognises that certain bookmakers have a number of premises within its area. In order to ensure that any compliance issues are recognised and resolved at the earliest stage, operators are requested to give the Authority a single named point of contact, who should be a senior individual, and whom the authority will contact first should any compliance queries or issues arise.

- 16.2 Where it is appropriate to follow an inspection and/or enforcement approach, the Licensing Authority's principles are that it will be guided by the Guidance and will endeavour to be:

- proportionate: regulators should only intervene when necessary; remedies should be appropriate to the risk posed, and costs identified and minimised
- accountable: regulators must be able to justify decisions, and be subject to public scrutiny
- consistent: rules and standards must be joined up and implemented fairly
- transparent: regulators should be open, and keep regulations simple and user friendly and
- targeted: regulation should be focused on the problem, and minimise side effects.

- 16.3 This Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

- 16.4 The Licensing Authority has adopted and implemented a risk based inspection programme based on:

- the licensing objectives
- relevant Codes of Practice
- Guidance
- the Policy.

- 16.5 The main enforcement and compliance role for this Licensing Authority is to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences, dealing also

with concerns about manufacture, supply or repair of gaming machines.

- 16.7 Bearing in mind the principle of transparency, this Licensing Authority's enforcement protocol has been developed and is available upon request from the Licensing Service.

GLP15

Enforcement

The Licensing Authority will inspect premises that are the subject of a new premises licence application and reserves the right to inspect premises for which a permit or other permission has been sought from the Licensing Authority under the provisions of the Act.

- (a) Inspections will be undertaken by the Licensing Authority and/or a relevant responsible authority
- (b) Where the applicant has not allowed reasonable access permission will normally be refused.
- (c) The Licensing Authority and/or relevant responsible authority reserve the right to inspect premises at any time following the grant of a licence, permit or other permission, as permitted by the Act.

17 Licensing reviews

17.1 Requests for a review of a premises licence can be made by interested parties or responsible authorities. The Licensing Authority will then decide whether the review is to be carried out on the basis of whether the request for the review is relevant.

17.2 Due consideration will be given to all representations unless the grounds:

- a) Are frivolous
- b) Are vexatious
- c) Are irrelevant
- d) Will certainly not cause the Licensing Authority to revoke or suspend a licence or to remove, amend or attach conditions on the premises licence
- e) Are substantially the same as the grounds cited in a previous application relating to the same premises; or the grounds are substantially the same as representations made at the time the application for a premises licence was considered.

17.3 The Authority will also consider whether the request for the review is:

- in accordance with any relevant code of practice issued by the Gambling Commission
- in accordance with any relevant Guidance

- reasonably consistent with the licensing objectives and
- in accordance with the [Policy Statement](#).

17.4 Where a valid application for a licence to be reviewed has been received, the Licensing Authority may initially arrange a conciliation meeting to address and clarify the issues of concern. This process will not override the right of any interested party to ask that the licensing committee consider their valid representations, or for any licence holder to decline to participate in a conciliation meeting.

17.5 The Licensing Authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate or of its own volition.

17.6 Representations may include issues relating to the following:

The use of licensed premises for:

- the sale and distribution of class A drugs and/or the laundering of the proceeds of drugs crimes
- the sale and distribution of illegal firearms
- prostitution or the sale of unlawful pornography, sexual exploitation and trafficking
- organised crime activity
- the organisation of racist, homophobic or sexual abuse or attacks
- the sale of smuggled tobacco or goods or pirated DVDs
- the sale of stolen goods
- for the sale of items which require additional licences which are not in place, for example, for the sale of knives, alcohol and/or fireworks
- Children and/or vulnerable persons being put at risk.

17.7 This is not an exhaustive list and other matters may be considered.

18 Revocation and cancellation

18.1 One of the possible outcomes of a review of premises licence is to revoke the licence where justified.

18.2 With regard to permits and registrations the Licensing Authority may seek to revoke these or cancel an annual renewal under certain circumstances. Generally this will be where the Licensing Authority thinks that they would have had to, or would be entitled to, refuse an application for a permit or registration if it were being made at that time.

18.3 However, no revocations or cancellations will take place unless the licensee or permit holders have been given the opportunity to make representations. The Licensing Authority will state reasons for why it is minded to revoke the authorisation and will provide an outline of the evidence on which it has reached that preliminary conclusion.

18.4 For FECs the Licensing Authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse, or that renewal would not be reasonably consistent with the pursuit of the licensing objectives.

19 Appeals

19.1 In relation to premises licences, club gaming permits, club machine permits, and alcohol licensed premises gaming machines, any party to a Licensing Authority decision who is aggrieved by that decision may lodge an appeal to the magistrates' court within 21 days of receiving notice of the Authority's decision.

19.2 In relation to decisions on FEC gaming machine permits and travelling fairs, the applicant can lodge an appeal against the Authority's decision with the magistrates' court within 21 days of receiving notice of the Authority's decision.

19.3 A person giving notice of a TUN or those entitled to receive a copy of a TUN may lodge an appeal within 14 days from receipt of decision to the magistrates' court.

RESOLUTION NOT TO ISSUE CASINO PREMISES LICENCES UNDER THE GAMBLING ACT 2005	
LICENSING COMMITTEE 2 JULY 2018	CLASSIFICATION: Open If exempt, the reason will be listed in the main body of this report.
WARD(S) AFFECTED All Wards	
GROUP DIRECTOR KIM WRIGHT	

1. INTRODUCTION

- 1.1 This report provides the Council with relevant information on the Gambling Act 2005 (“the Act”) and the proposed resolution not to issue casino licences under the Act for a further period not exceeding three years.
- 1.2 On 25 November 2015, the Council made a further resolution not to issue casino premises licences given the characteristics of the Borough.

2. RECOMMENDATION

2.1 That the Licensing Committee considers:

- (i) **Whether Full Council should resolve not to issue casino premises licences under the Gambling Act 2005 for a further period not exceeding three years effective from 31 January 2019 given the characteristics of the Borough.**

3. BACKGROUND

- 3.1 Section 349 of the Act states that each Licensing Authority must prepare and publish a statement of principles (“the Statement”) that it proposes to apply in exercising its functions under the Act during the three year period to which it applies. The Statement must be kept under review during the period and be republished where it is revised. The Statement must be in place before the Authority can determine any application.
- 3.2 The Statement sets out the basis of decisions made by the Authority regarding gambling premises and in issuing a range of permits to authorise other gambling facilities in the area. For example:
 - Adult gaming centre premises licences
 - Betting premises licences
 - Bingo premises licences
 - Casino premises licences
 - Family entertainment centre premises licences
 - Gaming Machine Permits
 - Temporary Use Notices
- 3.3 The Statement must take account of the Gambling Commission Guidance, and be subject to statutory consultation with prescribed stakeholders including the holders of licences and the police, as well as other stakeholders including representatives of gambling businesses, local residents, social services and child protection.

- 3.4 Section 166(1) of the Act states that a Licensing Authority may resolve not to issue Casino Premises Licences. Section 166(3)(d) of the Act states that a resolution made under Section 166(1) shall lapse at the end of the period of three years beginning with the date on which it takes effect (without prejudice to the ability to pass a new resolution).
- 3.5 Also, a resolution under s166 (1):-
- must apply to the issue of casino premises licences generally;
 - must specify the date on which it takes effect; and
 - may be revoked by a further resolution.
- 3.6 The passing of such a resolution must be published by being included in the Council's Statement.
- 3.7 The Council first passed a 'no-casino' resolution on 28 June 2006 and has continued to do so by making a new resolution every three years. The most recent resolution passed on 25 November 2015 took effect on 31 January 2016 and will expire on 30 January 2019.
- 3.8 Although there is no right of appeal against this resolution, the Council reserves the right to review it and can, at any point, withdraw the resolution where appropriate.
- 3.9 A number of factors have been considered including;
- demographics of the Borough
 - Hackney's community strategy
 - possible risks to children and vulnerable adults
 - possible links between deprivation and problem gambling
 - lack of local substantive research and debate on the issue
 - retaining local control and choice
 - the hospitality economy and cumulative impact
 - economy and regeneration
 - the gambling licensing objectives:
 - *preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.*
 - *ensuring that gambling is conducted in a fair and open way*
 - *protecting children and other vulnerable persons from being harmed or exploited by gambling*
- 3.10 Hackney is an area of growing economic opportunity as a result of the increased focus on East London as an area of growth and development for London and the UK.
- 3.11 This growth sits alongside significant deprivation. Some local people continue to face persistent inequalities and are disproportionately

affected by child poverty, worklessness-unemployment and welfare dependency.

- 3.12 The Index of Multiple deprivation ranks each local authority area, ward and lower super output area in terms of seven 'domains'; health, education, income, employment, housing and access to services, living environment and crime, in order of deprivation. The domains are brought together in an overall Index of Multiple Deprivation (IMD). There are also indices measuring deprivation among children and older people.
- 3.13 Hackney was the eleventh most deprived local authority overall in England in the 2015 Index of Multiple Deprivation, in 2010 it was ranked second. In 2015, 17% of its Lower Super Output Areas were in the top ten percent most deprived, compared with 42% in 2010. This indicates that Hackney is becoming less deprived relative to other local authority areas in England.

4. COMMENTS OF THE GROUP DIRECTOR OF FINANCE AND RESOURCES

- 4.1 This report seeks the Licensing Committee to provide the Council with relevant information to consider the proposed resolution not to issue casino licences for a further period not exceeding three years starting 31 January 2019.
- 4.2 There are currently no casinos in the Borough and therefore there will be no direct financial implications arising from the resolution not to issue casino licences.

5. COMMENTS OF THE DIRECTOR OF LEGAL

- 5.1 Under section 166 of the Gambling Act 2005 (the Act) the Council is required to include in its gambling policy any resolution passed not to issue casino premises licences.
- 5.2 Section 166 of the Act also states that when considering whether to have a "no casino" resolution the Council may have regard to any principle or matter when making their decision.
- 5.3 Given the wide scope that licensing authorities have in determining whether to put in place a "no casino" resolution, the Council does have the power to allow the resolution to remain in place for a further three year period.
- 5.4 The Council is not obliged to pass a no casino resolution. If no resolution is passed, the Gambling Policy which is prepared by the Licensing Authority must state what criteria the Council will apply in determining any application that comes before it for a casino licence.

- 5.5 Without a “no casino” resolution in place, the Council must consider any application that may be made. Whereas the resolution, which can be reviewed at any time, allows any casino application which is received to be returned with a notification that a 'no-casino' resolution is in place. Should the borough wish to explore the option of having a casino in the future, the passing of a “no casino” resolution can be rescinded to allow Hackney to consider the option of having a casino on its own terms rather than being compelled into making a decision by virtue of having received an application.
- 5.6 Section 153 of the Act states that the resolution must be approved by Full Council and cannot be delegated in accordance with section 154 of the Act.

LICENSING AND LICENSING SUB-COMMITTEES

LICENSING COMMITTEE 2 July 2018	CLASSIFICATION: Open
WARD(S) AFFECTED All Wards	
DIRECTOR Tim Shields, Chief Executive	

1. INTRODUCTION

- 1.1 At the time of the AGM on 23 May 2018, the Conservative Party, as the only opposition party, had not yet identified their nominee to the Licensing Committee. Cllr Harvey Odze has now been nominated for this committee and approval for this appointment will be sought at the Full Council meeting scheduled for 18 July 2018. This appointment abides by the political balance rules.
- 1.2 Cllr Adejare was appointed to the Licensing Committee at the AGM but owing to personal commitments has had to step down. Cllr Snell is being nominated as her replacement and again approval for this appointment will be sought at the Full Council meeting in July 2018.
- 1.3 The Extraordinary Licensing Committee held on the same night as the AGM established the Licensing Sub-Committees. This report seeks the Licensing Committee to approve the revised Licensing Sub-Committees, as set out below, to reflect the change in membership of the Committee. However, as Full Council is not taking place until 18 July 2018, the change in membership of the Licensing Committee and its Sub-Committees are subject to the Full Council approving the appointments of Cllr Odze and Cllr Snell to the Licensing Committee as set-out in the Council's Constitution at paragraph 1.2 of its procedure rules.

2. RECOMMENDATION

- 2.1 It is recommended that the Licensing Committee:

Establishes the Licensing Sub-Committees as set out below to reflect the new membership of the Licensing Committee subject to approval by Full Council at its meeting on 18 July 2018.

3. BACKGROUND

- 3.1 Membership of the Licensing Committee was approved at the Annual General Meeting (AGM) on 23 May 2018. The extraordinary Licensing Committee held on the same day, then approved the establishment and membership of the Licensing Sub-Committees as set out under the Constitution. Seats are allocated to these Committees according to the political proportionality rules as set out in the Local Government and Housing Act 1989 ('The 1989 Act') This places a duty on the Council to proportionally allocate seats to political groups based on their size. The political balance for Licensing Committee is 14 members of the majority group (Labour) and 1 Conservative member.

The proposed membership of the licensing subs is as follows:

Licensing Sub-Committee A	Licensing Sub-Committee B
Cllr Conway Cllr Patrick Cllr Woodley	Cllr Gordon Cllr Moema Cllr Odze
Licensing Sub-Committee C	Licensing Sub-Committee D
Cllr Kuye Cllr Pallis Cllr Peters	Cllr Bell Cllr Plouviez Cllr Smyth
Licensing Sub-Committee E	All members of the Licensing Committee are substitute members for all of the sub-committees
Cllr Rathbone Cllr Selman Cllr Snell	

- 3.2 At the time of the AGM the Conservative Party, as the only opposition party, had not identified the member they wished to nominate to this committee. Cllr Adejare was also appointed to the Licensing Committee at the AGM but owing to personal commitments, has had to step down from this committee.

4. COMMENTS OF THE GROUP DIRECTOR, FINANCE AND CORPORATE RESOURCES

- 4.1 There are no additional budgetary implications arising from the changes outlined in this report.

5. COMMENTS OF THE DIRECTOR, LEGAL

- 5.1 The above nominations abide by the political proportionality rules as set out in the Local Government and Housing Act 1989 (The 1989 Act). The approval of these nominations will mean that both the Licensing Committee and the Licensing Sub-Committees have the full complement of members.
