		<p>licensing objectives.</p> <p>After hearing from the Applicant and considering the representations of the Licensing Authority and the local resident, the Sub-committee believed that the above measures put in place including reduced hours and no customers on the premises after 23:00 would mitigate any potential negative impact in the area.</p> <p>The Sub-committee felt that the issues in the past regarding the opening hours were isolated incidents, and there were no anti-social behaviour issues associated with the premises.</p> <p>Having taken all of the above factors into consideration the Licensing Sub-committee was satisfied that this amended application could be approved without the licensing objectives being undermined.</p> <p><b>Public Informative</b></p> <p>The Applicant is strongly encouraged to use sustainable cutlery, plates, cups, food containers, and recyclable materials to avoid using single-use plastic disposable items to prevent litter, and to protect the environment.</p>
