#### Dates of Future Meetings

This is the last Licensing Committee Meeting for the 2023/24. Committee meeting dates for 2024/25 will be agreed at the Annual Council Meeting on 15 May 2024.

## Public Attendance

The Town Hall is open. Information on forthcoming Council meetings can be obtained from the Town Hall Reception.

Members of the public and representatives of the press are entitled to attend Council meetings and remain and hear discussions on matters within the public part of the meeting. They are not, however, entitled to participate in any discussions. Council meetings can also be observed via the live-stream facility, the link for which appears on the agenda front sheet of each committee meeting.

On occasions part of the meeting may be held in private and will not be open to the public. This is if an item being considered is likely to lead to the disclosure of exempt or confidential information in accordance with Schedule 12A of the Local Government Act 1972 (as amended). Reasons for exemption will be specified for each respective agenda item.

For further information, including public participation, please visit our website <https://hackney.gov.uk/menu#get-involved-council-decisions> or contact: [governance@hackney.gov.uk](mailto:governance@hackney.gov.uk)

## Rights of Press and Public to Report on Meetings

The Openness of Local Government Bodies Regulations 2014 give the public the right to film, record audio, take photographs, and use social media and the internet at meetings to report on any meetings that are open to the public.

By attending a public meeting of the Council, Executive, any committee or sub-committee, any Panel or Commission, or any Board you are agreeing to these guidelines as a whole and in particular the stipulations listed below:

- Anyone planning to record meetings of the Council and its public meetings through any audio, visual or written methods they find appropriate can do so providing they do not disturb the conduct of the meeting;
- You are welcome to attend a public meeting to report proceedings, either in 'real time' or after the conclusion of the meeting, on a blog, social networking site, news forum or other online media;
- You may use a laptop, tablet device, smartphone or portable camera to record a written or audio transcript of proceedings during the meeting;
- Facilities within the Town Hall and Council Chamber are limited and recording equipment must be of a reasonable size and nature to be easily accommodated.
- You are asked to contact the Officer whose name appears at the beginning of this Agenda if you have any large or complex recording equipment to see whether this can be accommodated within the existing facilities;
- You must not interrupt proceedings and digital equipment must be set to 'silent' mode;
- You should focus any recording equipment on Councillors, officers and the public who are directly involved in the conduct of the meeting. The Chair of

the meeting will ask any members of the public present if they have objections to being visually recorded. Those visually recording a meeting are asked to respect the wishes of those who do not wish to be filmed or photographed. Failure to respect the wishes of those who do not want to be filmed and photographed may result in the Chair instructing you to cease reporting or recording and you may potentially be excluded from the meeting if you fail to comply;

- Any person whose behaviour threatens to disrupt orderly conduct will be asked to leave;
- Be aware that libellous comments against the council, individual Councillors or officers could result in legal action being taken against you;
- The recorded images must not be edited in a way in which there is a clear aim to distort the truth or misrepresent those taking part in the proceedings;
- Personal attacks of any kind or offensive comments that target or disparage any ethnic, racial, age, religion, gender, sexual orientation or disability status could also result in legal action being taken against you.

Failure to comply with the above requirements may result in the support and assistance of the Council in the recording of proceedings being withdrawn. The Council regards violation of any of the points above as a risk to the orderly conduct of a meeting. The Council therefore reserves the right to exclude any person from the current meeting and refuse entry to any further council meetings, where a breach of these requirements occurs. The Chair of the meeting will ensure that the meeting runs in an effective manner and has the power to ensure that the meeting is not disturbed through the use of flash photography, intrusive camera equipment or the person recording the meeting moving around the room.

## **Advice to Members on Declaring Interests**

If you require advice on declarations of interests, this can be obtained from:

- The Monitoring Officer;
- The Deputy Monitoring Officer; or
- The legal adviser to the meeting.

It is recommended that any advice be sought in advance of, rather than at, the meeting.

### **Disclosable Pecuniary Interests (DPIs)**

You will have a Disclosable Pecuniary Interest (\*DPI) if it:

- Relates to your employment, sponsorship, contracts as well as wider financial interests and assets including land, property, licences and corporate tenancies.
- Relates to an interest which you have registered in that part of the Register of Interests form relating to DPIs as being an interest of you, your spouse or civil partner, or anyone living with you as if they were your spouse or civil partner.
- Relates to an interest which should be registered in that part of the Register of Interests form relating to DPIs, but you have not yet done so.

If you are present at any meeting of the Council and you have a DPI relating to any business that will be considered at the meeting, you must:

- Not seek to improperly influence decision-making on that matter;
- Make a verbal declaration of the existence and nature of the DPI at or before the consideration of the item of business or as soon as the interest becomes apparent; and
- Leave the room whilst the matter is under consideration

You must not:

- Participate in any discussion of the business at the meeting, or if you become aware of your Disclosable Pecuniary Interest during the meeting, participate further in any discussion of the business; or
- Participate in any vote or further vote taken on the matter at the meeting.

If you have obtained a dispensation from the Monitoring Officer or Standards Committee prior to the matter being considered, then you should make a verbal declaration of the existence and nature of the DPI and that you have obtained a dispensation. The dispensation granted will explain the extent to which you are able to participate.

### **Other Registrable Interests**

You will have an 'Other Registrable Interest' (ORI) in a matter if it

- Relates to appointments made by the authority to any outside bodies, membership of: charities, trade unions,, lobbying or campaign groups, voluntary organisations in the borough or governorships at any educational institution within the borough.
- Relates to an interest which you have registered in that part of the Register of Interests form relating to ORIs as being an interest of you, your spouse or civil partner, or anyone living with you as if they were your spouse or civil partner; or
- Relates to an interest which should be registered in that part of the Register of Interests form relating to ORIs, but you have not yet done so.

Where a matter arises at any meeting of the Council which affects a body or organisation you have named in that part of the Register of Interests Form relating to ORIs, you must make a verbal declaration of the existence and nature of the DPI at or before the consideration of the item of business or as soon as the interest becomes apparent. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

### **Disclosure of Other Interests**

Where a matter arises at any meeting of the Council which directly relates to your financial interest or well-being or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

Where a matter arises at any meeting of the Council which affects your financial interest or well-being, or a financial interest of well-being of a relative or close associate to a greater extent than it affects the financial interest or wellbeing of the majority of inhabitants of the ward affected by the decision and a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest, you must declare the interest. You may only speak on the matter if members of the public are able to speak. Otherwise you must not take part in any discussion or voting on the matter and must not remain in the room unless you have been granted a dispensation.

In all cases, where the Monitoring Officer has agreed that the interest in question is a sensitive interest, you do not have to disclose the nature of the interest itself.

## MINUTES OF A MEETING OF THE LICENSING COMMITTEE

WEDNESDAY, 10 JANUARY 2024

**Councillors Present:** Councillor Gilbert Smyth in the Chair

Cllr Susan Fajana-Thomas, Cllr Zoe Garbett,  
Cllr Richard Lufkin, Cllr Yvonne Maxwell, Cllr  
Sem Moema and Cllr Sheila Suso-Runge

**Apologies:** Cllr Sophie Conway, Cllr Christopher Kennedy, Cllr  
Anya Sizer, Cllr Joe Walker and Cllr Penny Wrout

**Officers in Attendance:** Gerry McCarthy - Head of Community Safety,  
Enforcement and Business Regulation  
Samantha Mathys – Late Night Levy Manager  
Amanda Nauth – Licensing and Corporate Lawyer  
David Tuit – Team Leader, Business Regulation  
Team Leader  
Natalie Williams – Senior Governance Officer

The Chair welcomed all present to the meeting. It was noted that Cllr Patrick had replaced Cllr Rathbone on the Committee.

### **1 Apologies for Absence**

1.1 Apologies for absence were received from Councillors Conway, Kennedy, Patrick, Sizer, Walker and Wrout

1.2 It was noted that Councillor Sizer had joined the meeting remotely.

1.3 Councillors accessing the meeting remotely, were reminded that they were not counted as being 'present' for the purposes of the Local Government Act 1972 and may not vote on any item under consideration. At the discretion of the Chair, may however contribute to the discussion and participate in non-decision making capacity.

### **2 Declarations of Interest**

2.1 For the purpose of openness and transparency, in relation to agenda item 7, the following Councillors made declarations as follows: Cllr Maxwell ward Councillor for Hoxton West, Cllr Lufkin ward Councillor for Shacklewell, Cllr Sizer ward Councillor for Hoxton East and Shoreditch and Cllr Garbett ward Councillor and resident of Dalston It was noted that these wards bordered or included areas which were to be discussed at agenda item7 - Cumulative Impact Options.

### 3 Minutes of the Previous Meeting

- 3.1 Cllr Maxwell requested that an additional sentence be inserted at Paragraph 4.5 bullet point 4 to reflect that ward Councillors were not consulted as part of the cumulative impact research.

Subject to the aforementioned insertion the Licensing Committee:

**RESOLVED:** That the minutes of the previous meeting held on 14 November 2023 be agreed as a true and accurate record of proceedings.

### 4 Questions to the Committee

- 4.1 Question from Kerry Maisey and Dan Beaumont  
Given the extensive and robust evidence presented in the commissioned report which suggests that the Cumulative Impact area in Dalston is no longer proportionate, we would like to ask the Committee what type of evidence and reporting would councillors require in the future if they were to accept that Dalston no longer has activity that would warrant a Cumulative Impact Area?
- 4.2 The Chair advised that a question had been received from a member of the public. As the question related to the Cumulative Impact Options at agenda item 7, it was agreed that this question would be considered at the relevant agenda item.

### 5 Late Night Levy - Year 6, Quarter 3 and 4 Update

- 5.1 Samantha Mathys, Late Night Levy Manager briefly introduced the report which provided an update on the Late Night Levy activities during the third quarter of Year 6, from 1 May to 31 August and 1 September to 31 July 2023. The following points were highlighted:
- Training levels remained high with over 2,600 individuals trained since the inception of the program, with free monthly sessions confirmed until 2025.
  - The #DontCrossTheLine campaign and connected welfare activities were the primary focus of the past few months. There had been lots of engagement and a full summary would be presented at the next committee meeting.
  - 100% of all licensed bars, pubs and clubs which had been visited had been added to the portal. All of these venues now had an account, received weekly briefings and manager details were held.
  - The accreditation scheme was still ongoing with nearly 30 venues accredited with more applications incoming. There would be further promotion of the scheme in the coming months.
  - A new noise and planning checker aimed at implementing more business friendly licensing, planning and noise processes was launched following funding from the Greater London Assembly (GLA)

5.2 Following the summary of the main points, a brief discussion ensued where the following was raised:

- The original accreditation target was set at 50. There were currently 30 venues accredited. This would be reported in terms of percentages at the next meeting.
- Members welcomed the newly added courses including; gender diversity and the LGBTQIA+ as well as the #DontCrosstheLine campaign.
- The noise and planning checker would enable venues to be notified when a noise report (including unsubstantiated complaints) was made against them. This would enable issues to be addressed in real time (before the following weekend)
- Multiple stakeholders were involved in the working group for the #DontCrosstheLine campaign. Young people were also consulted and a perpetrator approach had been adopted.
- The Metropolitan Police were using Hackney as a model of best practice. They were investigating how they could further contribute and how this could be rolled out across other boroughs.
- The intention was to establish zero tolerance spaces in the Night Time Economy (NTE), where any form of harassment, hate or abuse was not tolerated. Work had been undertaken with venues to change the culture, ethos and response to such incidents. Success rate would be measured through a variety of means including crime figures, incident and CCTV reports and level of engagement with the campaign.
- Drink spiking remained an area of concern and was an ongoing focus of training. This had led to some positive responses from venues in intercepting such activities.
- There were no NTE related sexual offences over the festive period.

**RESOLVED:** To note the report and appendix.

## **6 Licensing Service Annual Report 2022/23**

6.1 David Tuitt, Business Regulation Team Leader gave a broad overview of the report, highlighting the following:

- Premises licences remained the focus of Licensing Sub-Committee hearings. There had been a continued fall in the number of new applications received over the past five years.
- The number of variations and transfers remained consistent.
- Temporary Event Notices (TENs) numbers had increased but these had not returned to pre-pandemic levels. Hackney received the second highest number of TENs in London after Westminster. However, Camden, which had a significant NTE, did not return statistics.
- The number of reviews overall compared to the previous year had fallen.
- Massage and Special Treatment Licences appeared to be returning to pre-pandemic levels.
- New applications considered under the Gambling Act and renewal of gambling licences remained consistent.
- Key activities for the forthcoming year included: the Hackney Nights initiative, more inspection of licensed premises and the continued implementation of new software.

6.2 The Chair and committee welcomed the report and asked questions which were responded to as follows:

- Anecdotally, there was believed to have been a shift in how people socialise, with working from home and economic challenges being significant contributing factors. This was believed to be more prevalent in areas of the borough closest to the city.
- The number of TENs was simply due to the nature of the NTE
- The spike in the revocation of licences was due to one premises having 3 licences, which were all subject to review under section 51 of the Licensing Act 2003. All three proceeded to a summary review, resulting in one premises having 6 review applications. The decision was taken to revoke all three licences.

**RESOLVED:** To note the report and appendix

## 7 Cumulative Impact Options

7.1 The Chair advised that the question submitted and set out at agenda item 4 would be considered under this item as it related to paragraph 18 of Appendix 1 of the report. It was noted that Ms Kerry Maisey and Dan Beaumont were Co-Chairs of Dalston Pubwatch and members of the Late Night Levy Board

### 7.2 Question from Kerry Maisey and Dan Beaumont to the Chair of Licensing

Given the extensive and robust evidence presented in the commissioned report which suggests that the Cumulative Impact area in Dalston is no longer proportionate, we would like to ask the Committee what type of evidence and reporting would councillors require in the future if they were to accept that Dalston no longer has activity that would warrant a Cumulative Impact Area?

The question related to Paragraph 18 of Appendix 1 of the report which reads:

*“A Home Office Impact Assessment (November 2016) on giving CIAs a statutory basis said “it will place a greater onus on licensing authorities (LAs) to ensure that the evidence they use as the basis of their CIAs is robust. In particular, we would like to increase the transparency of the process that LAs go through when deciding to retain existing CIPs and ensure that when a decision is taken by an LA to implement or retain a CIA it is based on up to date evidence and is appropriate and proportionate for the promotion of the licensing objectives”*

### Response from the Chair of Licensing

The Chair advised that at its meeting on 14th November 2023, some Members of the Licensing Committee expressed a view that a special policy should apply to some, if not all of the previously defined Dalston Special Policy Area (SPA). The Chair further advised that no decision had been made in relation to a consultation on publishing a Cumulative Impact Assessment which would set out a policy approach in Dalston. The Licensing Committee was considering an Options Paper at this evening’s meeting.

The Chair referred to paragraph 14.29 of the guidance issued by the Home Office which set out the information that local authorities could draw on when considering cumulative impact. This included:

- local crime and disorder statistics, including statistics on specific types of crime and crime hotspots;
- statistics on local anti-social behaviour offences;
- health-related statistics such as alcohol-related emergency attendances and hospital admissions;
- environmental health complaints, particularly in relation to litter and noise;
- complaints recorded by the local authority, which may include complaints raised by local residents or residents' associations;
- residents' questionnaires;
- evidence from local and parish councillors; and
- evidence obtained through local consultation.

Concluding, the Chair stated that should Members be minded to agree to consult, the Committee would take into consideration any views, comments and further evidence received during any consultation in making a final decision.

The Cabinet Member for Community Safety and Regulatory Services gave assurances that a decision had not yet been taken and requested that this be relayed to members of Dalston Pubwatch.

Ms Maisey did not have a supplementary question. She believed that the evidence presented at the previous Licensing Committee meeting in November 2023 demonstrated that a Cumulative Impact area within Dalston was no longer necessary. Concerns were expressed that this would be disregarded in favour of anecdotal evidence and a status quo approach.

Concluding, David Tuitt, Business Regulation Team Leader explained that the Licensing Policy had been in place since August 2023 and did not define any Special Policy areas. The next steps would be: to decide whether or not to consult on publishing a Cumulative Impact Assessment; give an indication of the areas to be included in the assessment; and give an indication whether the assessment would be applicable to all authorisations or identified licences.

7.3 David Tuitt, Business Regulation Team Leader introduced the report, highlighting the following:

- Members were requested to consider the options contained within the Options Paper at Appendix 1 in relation to: the former Shoreditch Special Policy Area, the former Dalston Special Policy area, an area of Broadway Market and London Fields, an area of Hackney Central and an area of Hackney Wick
- CIAs may be published by Licensing Authorities to help limit licensing applications where there was evidence to show that the density of licensed premises had a negative cumulative impact on the promotion of the licensing objectives.
- A CIA would apply to applications for new and variation premises licences, club premises certificates

- The Licensing Act 2003 sets out the steps to be carried out in order to publish a CIA. There is a requirement to consult and any CIA published must be summarised in the Licensing Authority's Licensing Policy.
- Persons prescribed in the Act must be provided with: reasons for considering a CIA, a general indication of the areas/boundaries and what authorisations it would relate to.
- The research and findings presented by Six til Six discussed at the previous meeting, which could be found at: <https://hackney.moderngov.co.uk/documents/g5835/Printed%20minutes%20Tuesday%2014-Nov-2023%2019.00%20Licensing%20Committee.pdf?T=1>
- The areas of Broadway Market & London Fields, Hackney Central and Hackney Wick were not found to be experiencing cumulative impact and requiring further intervention. The areas that remained for consideration were former Special Policy Areas Shoreditch and Dalston.
- Findings suggested that a cumulative impact was experienced across a widened boundary of the former Shoreditch Special Policy Area. If minded to go to consultation, it would be advised to include a widened area to the southwest.

7.4 Members welcomed the report. A discussion proceeded during which the following points were raised:

- Research findings did not support any possible further extension beyond the identified points in both areas.
- Ward Members of the Shoreditch area had received a lot of support from residents to proceed with consultation.
- Referring to page 44 of the agenda, it was explained that a decision would be required to be taken as to whether a CIA would apply to all or some authorisations.
- Under a CIA there would be a presumption to refuse specified applications, unless the applicant could demonstrate how the licensing objectives would not be undermined.
- Members may be minded to decide that a presumption to refuse all applications in a particular area was not justified; however some type of policy intervention was needed in the way of a Special Consideration Area (SCA).
- It was important to ensure that any consultation was far reaching and those who engage are representative of the demographic.
- Paper copies of the consultation would be available to anyone on request and responses would be monitored to ensure that responders do not respond more than once. The consultation would be led by the Council's Consultation Team who would target various groups and local bodies and spaces. There was a requirement to complete an equality impact assessment as part of the process. Additionally, the Licensing Team would use means to capture those already engaged in licensing processes.
- If Members were minded to agree to consult, it would be undertaken imminently however it was to be noted that the Council would be entering a pre-election period ahead of the London Mayoral and London Assembly elections in May. Therefore, a decision on when to proceed would be taken in consultation with the Council's Monitoring Officer. Consultation would be open for eight weeks.

- It was noted that the consultation needed to have clear, concise, easy to understand language, setting out the different options available.
- A possible inclusion in the consultation could be the identification of the types of businesses which could be included or exempted.
- Research findings suggested that Dalston had half or less incident counts than Shoreditch which was concentrated in the central parts of former Dalston SPA.
- The Committee expressed that should they be minded to go out to consultation, that the original area of the former Dalston SPA be included as this could not be extended but could be reduced following the results of the consultation.
- It was noted that the number of licenced premises and traffic flow for Dalston could not be compared to Shoreditch, therefore crime levels were not comparable. However, the level of crime in the former policy area Dalston in the day and night time were of a similar nature.
- There was evidence to suggest a possible downgrade in Dalston to a Special Consideration Area.
- It was requested that any consultation include a map of the relevant areas highlighting whether the area was in line with the evidence presented at the previous meeting.
- It was noted that whilst the research provided lots of information, there was vital information missing from the findings due to a lack of widespread consultation with key stakeholders including a representation of residents living in the areas and Councillors.

**RESOLVED:** That having regard for the options (as set out in Appendix 1) for each of the five areas that were assessed as part of the Cumulative Impact research, it was agreed:

1. That the area described as within the boundary formerly identified as the Shoreditch Special Policy Area and the area to the southwest as highlighted in the research, be considered for inclusion if a Cumulative Impact Assessment (CIA) be published:
  - a) Applying to all relevant authorisations within the defined geographical area or;
  - b) Applying only to relevant authorisations of a particular kind within the defined geographical area.

Additionally, it was agreed that officers would consider the most effective way to consult all stakeholders and relevant persons.

2. That the area described as within the boundary formerly identified as the Dalston Special Policy Area be considered for inclusion if a CIA is published:
  - a) Applying to all relevant authorisations within the defined geographical area or;
  - b) Applying to only relevant authorisations of a particular kind within the defined geographical area.

Additionally, it was agreed that officers would consider the most effective way to consult all stakeholders and relevant persons.

3. That there was insufficient evidence in relation to the areas of interest Therefore it was agreed not to describe these areas in the consultation:

- Broadway Market and London Fields area of interest.
- Hackney Central area of interest.
- Hackney Wick area of interest

## **8 Any Other Business**

- 8.1 It was noted that the dates for Licensing Sub-Committees for the remainder of the Municipal Year had been circulated and there were a number of Councillors who were yet to confirm their availability. Members were encouraged to contact the Governance Officer to advise of which hearings they were available to sit.

End of meeting.

## Late Night Levy - Year 7 Q1 Update (November 2023 to January 2024)

### 1. Year 7 Year To Date Income

1.1 Total receipts in Year 7 Q1 amounted to £177,956.

### 2. Hackney Nights Statistics

2.1 A total of 178 nightlife and security staff were trained this quarter, compared to 210 last quarter.

2.2 A total of 187 engagement visits were conducted across the borough.

2.3 We have 8 additional venues who have become accredited, for a total of 33.

2.4 We have 9 additional Hackney Nights portal sign ups.

2.5 We have had 29 advice sessions as part of the advice service, see point 4.

### 3. Borough-wide pubwatch 2024

#### 3.1 Photos

3.2 Operators across the borough attended the Hackney Nights boroughwide pubwatch on Wednesday the 31st January to discuss Night Time Economy and to mark the

launch of the new GLA funded business-friendly regulation project as well as the upcoming Night Time Strategy.

- 3.3 Speakers Sam Mathys, Music Venue Trust, Cllr-Fajana-Thomas, Det Supt Brittany Clarke, Maurice Mason and London's night czar, Amy Lane discussed issues affecting the night time economy. The panel also took questions from the audience.
- 3.4 This annual event was our biggest yet with 120+ in attendance from local businesses. All the feedback received from businesses will feed the ongoing work in this area.

#### **4. Pre-application Licensing Advice Service**

4.1 We have launched our GLA funded Licensing advice service in January 2024.

4.2 The service is for those considering applying for a licence or varying an existing licence. It helps them:

- familiarise them with our Licensing Policy and the standard set by the Hackney Nights accreditation scheme
- choose the right type of licence and / or application
- fully complete the application correctly and signposting to relevant sources of information for drawing the plans (where relevant), site and newspaper notices
- understand the reasons for applying certain policies to an application
- give specialised advice around safety and policies to reduce nuisance

3.3 The current economic reality for businesses means they may need to adapt their business models and operations and this service intends to make it easier for businesses to do that while operating in a way that does not add to the cumulative impact of their respective areas.

3.4 We also co-delivered a workshop with Music Venue Trust to all grassroots music venues on the present day challenges. The workshop covered the new noise and planning checker, agent of change and funding.

3.5 In the first month alone we have delivered 29 advice sessions in regards to Licensing and Noise, 5 of these major site visits.

#### **4. #DontCrosstheLine**

4.1 As part of the 16 Days campaign, we launched #DontCrosstheLine across the borough, which aimed to tackle harassment and misogyny in the night time economy.

4.2 Stencilling

We teamed up with Young Hackney to identify areas across the borough where young women have experienced harassment.

Undertook 3 days of temporary pavement stencilling with young people to target those areas, which lasted the duration of the 16 days campaign.

**HARASSMENT  
IS A CRIME.**

**#DontCrossTheLine

4.3 We held two pop ups in the night time economy on the first weekend in December, to mark the start of the festive period.

- A total of 840 Water bottles were handed out.
- A total of 720 QR codes were handed out.
- A total of 20 Flip Flops were handed out.
- A total of 50 T Shirts were handed out to members of the public
- 500+ condoms handed out.
- Mobile Messaging Vehicle was out distributing crucial VAWG messaging.
- Police Vigilant unit focusing on predatory behaviour.
- 775 Total Engagements with the public

#### 4.4 Social Media

We had quite a lot of organic social media reach through members of the public but also our venues shared on their platforms as well. We made a version of the campaign poster where venues could put their own name in and personalise the message.

#### 4.5 Campaign Evaluation

Quantitative metrics:

- 200k social media impressions since September
- Triborough launch announcement 5.3K views
- Hackney Nights reel 5.7K views

Other measures:

- Qualitative feedback
- Campaign coverage and visibility
- Public awareness
- Fall in sexual offences
- Feelings of safety

## **5. Policing, Enforcement and Welfare**

- 5.1 We had extra Police and Enforcement resources for the festive period as well as the mobile messaging vehicle out with special festive messaging.
- 5.2 We are now sending out a weekly safety briefing to all bars, pubs and clubs ahead of every weekend with tips and tricks or things to look out for as well as the creation of a new inbox for intelligence and information sharing - [night-intel@hackney.gov.uk](mailto:night-intel@hackney.gov.uk) which is managed by our Community Safety data specialists.
- 5.3 We saw a drop in sexual offences the entire festive period when compared to last year, with no night time economy linked sexual assaults, following the #DontCrosstheLine campaign launch.

## **7. Conclusion**

- 7.1 The new Levy year has started on the strongest terms, engagement with licensed premises has never been higher and this partnership is essential on the delivery of numerous other projects as we saw with the #DontCrosstheLine campaign, where sharing and support from operators was the highest it has ever been. Local voices are essential to the success of Hackney Nights and the safety of our night time spaces.
- 7.2 The Licensing Advice service has been the most valued addition to the Hackney Nights arsenal of deliverables, with our team providing much needed guidance but also reassurance that the council is there to support them and want them to succeed.
- 7.3 The Licensing Service will continue to prepare and present quarterly updates to the Licensing Committee which, as well as the Late Night Levy Board, will maintain oversight of the Levy moving forward.

<b>Group Director</b>	Rickardo Hyatt, Group Director Climate Homes and Economy

## 1. Summary

- 1.1 This report provides the Licensing Committee with relevant information on the Gambling Act 2005 (“the Act”) and the proposed review of the Gambling Statement of Principles (“Statement”).

## 2. Recommendation(s)

- 2.1 Note the proposed approach to the review of the Statement.
- 2.2 Provide an opinion on whether to recommend to Council that the ‘no casino’ resolution remain for a further three years given the characteristics of the borough.

## 3. Background

- 3.1 Section 349 of the Act states that each Licensing Authority must prepare and publish a statement of principles that it proposes to apply in exercising its functions under the Act during the three year period to which the statement applies. The statement must be kept under review during the period and be republished where it is revised. The statement must be in place before the authority can determine any application.
- 3.2 The statement sets out the basis of decisions made by the authority regarding gambling premises and in issuing a range of permits to authorise other gambling facilities in the area. For example:
- Adult gaming centre premises licences
  - Betting premises licences
  - Bingo premises licences
  - Family entertainment centre premises licences
  - Gaming Machine Permits
  - Temporary Use Notices

- 3.3 The review of the statement must take account of the Gambling Commission Guidance and be subject to statutory consultation with prescribed stakeholders including the holders of licences and the Police, as well as other stakeholders including representatives of gambling businesses, local residents, social services and child protection.
- 3.4 Under section 166(1) of the Act, a Licensing Authority can make a resolution not to issue casino licences for a period up to 3 years. This Council has previously made such a resolution which was subsequently reaffirmed since the Act commenced in 2007. Therefore, a decision on whether or not to reaffirm this resolution will be required.

#### **4. Proposed Timetable**

- 5.1 Should the Licensing Committee determine that further works is warranted, the following timetable is proposed:
- April - June 2024 - Public consultation
  - July 2024 - Licensing Committee consider consultation report and make recommendations to Cabinet and Full Council
  - September 2024 - Cabinet considers consultation feedback and makes a recommendation to Full Council
  - November 2024 - Full Council consider consultation feedback and approve Statement for publication
  - December 2024 - Statutory notice of intent to publish the Statement appears in local press
  - December/January 2025 - Statement is published
  - 31 January 2025 - Statement effective

#### **5. Comments of the Interim Group Director Finance**

- 5.1 This report requests that the Licensing Committee note the proposed approach to the review of the Gambling Statement of Principles. It also seeks the Committee's view on whether to recommend to Council that the 'no casino' resolution remain for a further three years given the characteristics of the borough.
- 5.2 Costs will be incurred in reviewing the Statement including consultation costs relating to printing, publishing and placing notifications in the press. These costs will be met from within existing service budgets.

#### **6. Comments of the Acting Director of Legal, Democratic and Electoral Services**

- 6.1 The requirement to have a Gambling Statement of Principles is set out in Section 349(1) of the Gambling Act 2005 ('the Act') and lasts for a three year period. The first Statement was approved at Full Council on 29 November

2006. The Licensing Authority is required by the Act to publish a revised Statement at least four weeks before it takes effect.

- 6.2 The Licensing Authority has a duty to consult on the statement with its statutory consultees under section 349(3) of the Act.
- 6.3 Approving the statement is a shared function and as such cannot be the sole responsibility of the Executive. Therefore, both the Executive and Council must decide whether to adopt the proposed statement as set out in The Local Authorities (Functions and Responsibilities) (Amendment (England) Regulations 2006.
- 6.4 After adopting the revised statement the Council will still need to publish a statutory notice of intent in the local press at least four weeks before the statement takes effect.
- 6.5 Section 166 of the Act requires the Council to include in its statement any resolution passed not to issue a casino premises licence. In passing such a resolution the authority may take into account any principle or matter, not just the gambling licensing objectives.
- 6.6 Section 153 of the Act states that any 'no casino' resolution must be approved by Council.

### **How to use this Statement**

- The gambling licensing policies are shown in text boxes called GLPs (Gambling Licensing Policies). Each GLP is separately numbered and titled. These are general policies and their specific application will vary accordingly
- The additional text where relevant, gives examples, background and reasons for the policies
- The appendices give additional information referred to within the Statement
- A glossary of useful terms is set out at Appendix A.

## **1. Gambling Statement of Principles**

### **1.1 Background and introduction**

1.1.1 Hackney Council which is the local authority for the London Borough of Hackney is a “Licensing Authority” under the Gambling Act 2005 (the “Act”). The Council’s Licensing Committee is responsible for granting premises licences in Hackney for:

- adult gaming centres
- betting premises, including tracks
- bingo premises
- casino premises
- family entertainment centres.

1.1.2 The definition of ‘Gambling’ is defined in the Act as either gaming, betting, or taking part in a lottery:

- gaming means playing a game of chance for a prize
- betting means making or accepting a bet on the outcome of a race, competition, or any other event; the likelihood of anything occurring or not occurring; or whether anything is true or not
- a lottery is where persons are required to pay in order to take part in an arrangement, during the course of which one or more prizes are allocated by a process which relies wholly on chance.

1.1.3 Under the Act, Hackney, like all licensing authorities, must publish a statement of principles (“the Statement”) which they propose to apply when carrying out their licensing functions. This statement must be published at least once every three years. The statement must also be reviewed from “time to time” and any amended parts re-consulted upon. The statement must then be re-published.

1.1.4 This Statement has been revised and is based on Gambling Commission Guidance (the “Guidance”) and the licensing objectives under the Act. The Statement sets out how the Licensing Authority will build on the licensing objectives to reflect local circumstances.

## **1.2 The licensing objectives**

1.2.1 In exercising most of its functions under the Act, the Licensing Authority must have regard to the licensing objectives. The licensing objectives are:

- preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime
- ensuring that gambling is carried out in a fair and open way and
- protecting children and other vulnerable persons from being harmed or exploited by gambling.

1.2.2 This Licensing Authority is aware that, when exercising its functions in relation to premises licensing, it should aim to permit the use of the premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission (the “Codes of Practice”)
- in accordance with any relevant Guidance
- reasonably consistent with the licensing objectives (subject to the above) and
- in accordance with this Statement (subject to the above).

1.2.3 Applicants are encouraged to demonstrate how they will promote the licensing objectives.

## **1.3 Scope of the Statement**

1.3.1 The Statement considers the needs of the Borough and is concerned with upholding the licensing objectives set out in paragraph 1.2.1 above. It will guide the Licensing Authority in carrying out its various regulatory functions under the Act. These main functions are to:

- be responsible for the licensing of premises where gambling activities are to take place by issuing premises licences
- issue provisional statements
- regulate members’ clubs and miners’ welfare institutes who wish to undertake certain gaming activities via issuing club gaming permits and/or club machine permits
- issue club machine permits to commercial clubs
- grant permits for the use of certain lower stake gaming machines at unlicensed family entertainment centres
- receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
- issue licensed premises gaming machine permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where more than two machines are required
- register small society lotteries below prescribed thresholds

- issue prize gaming permits
- receive and endorse temporary use notices
- receive occasional use notices
- provide information to the Gambling Commission regarding details of licences issued (see section below on “information exchange”)
- maintain registers of the permits and licences that are issued under these functions
- enforce legislation in relation to premises.

1.3.2 This document sets out the policies that the Licensing Authority will apply when determining applications for:

- premises licences
- use notices
- permits as required under the Act
- registrations as required under the Act.

1.3.3 This Statement relates to all authorisations identified as falling within the provisions of the Act, namely:

- bingo premises
- betting premises
- tracks
- adult gaming centres (AGCs)
- family entertainment centres (FECs)
- club gaming permits
- prize gaming and prize gaming permits
- temporary and occasional use notices
- registration of small society lotteries.

1.3.4 This list does not include casinos. Hackney has previously resolved not to allow casinos in the Borough and will seek a further resolution. Please also refer to paragraph 1.9 on casinos.

1.3.5 For a list of gambling facilities that are exempt from requiring certain licences, please see Appendix G.

## **1.4 Matters outside the scope of the Statement**

- 1.4.1 The Licensing Authority will not be involved in licensing remote gambling. This will fall to the Gambling Commission via operating licences. Spread betting is regulated by the Financial Conduct Authority. The National Lottery is also regulated by the Gambling Commission.
- 1.4.2 When determining an application, the Licensing Authority will not take into account the following:
- the likelihood of the applicant obtaining planning permission or building regulations approval
  - the expected demand for the facilities which are being proposed
  - “irrelevant” matters such as those not related to gambling or the licensing objectives
  - moral objections.
- 1.4.3 The Licensing Authority will avoid duplication with other local government functions when considering some authorisations. However, applicants are expected to comply with all other legislation and regulatory regimes relevant to the operation of their business. The Licensing Authority will as a matter of routine share information with other responsible authorities and the Gambling Commission particularly where there is evidence of non-compliance. Please also note paragraph 2.4 of the Policy which deals with the exchange of information.

## **1.5 Geographical area covered**

- 1.5.1 According to the Office of National Statistics 2016 mid-year estimates, Hackney’s population stood at 273,526. This, as well as Hackney’s relatively small geographical area, makes it one of the most densely populated boroughs in London, Its size ranks 29th in comparison to the other boroughs; only Hammersmith & Fulham, Islington, Kensington & Chelsea and City of London have smaller areas. Hackney is primarily urban (residential, retail, offices, industrial etc.); this accounts for 50.3% of its land use; 22.6% of the Borough is made up of parks, open spaces and waterways with 27.1% being roads and thoroughfares. The Borough’s land use is shown in the map at Appendix B.

## **1.6 Integrating strategies**

- 1.6.1 Regard should be given to the available data, findings, shared vision and plans informing Hackney’s Sustainable Community Strategy (the “Strategy”).
- 1.6.2 The Strategy sets out the Council’s overarching vision for Hackney as it grows and changes over the next decade. It will provide a backdrop for

all decision making throughout this period and a focus for working in partnership with residents, businesses, the voluntary and community sector and statutory agencies. The Strategy builds on what residents have told the Council about the challenges and opportunities presented to those who live and work in the borough.

- 1.6.3 The Strategy will help the Council respond to residents' experience of living in the borough, thinking about how the Council will co-ordinate activity and collaborate with partners to think about the whole place, rather than just running individual services. This will help put the needs, perspectives and feelings of the whole community at the heart of what the Council does through a time of continued change and uncertainty.
- 1.6.4 The Strategy will set out the overall aspirations for Hackney in 2028 and then breaks this down into five key, crosscutting themes. Under each of the themes is a set of commitments the Council is making to move toward Hackney in 2028. The 5 crosscutting themes are:
1. A borough where there is a good quality of life and the whole community can benefit from growth
  2. A borough with residents who are ambitious, engaging and want to contribute to community life
  3. A green and environmentally sustainable borough
  4. An open, cohesive and supportive community
  5. A borough with healthy, active and independent residents
- 1.6.5 Regard has also been given to the responsibility under the Council's planning regime and in particular the new borough-wide local plan, known as LP33. This will be the key strategic planning document which will establish a vision and planning policies to direct and guide development in Hackney up to 2033. The plan is critical in ensuring that the right amount of development is built in the right place at the right time so that the future needs of the borough are met.
- 1.6.7 In order to deliver continued growth and regeneration in the Borough, the Council must ensure a robust planning framework is in place. At the moment we have three key documents (core strategy, development management and site allocations local plans). LP33 will combine and update these documents into a single clear document, helping to support growth and regeneration and provide clarity to our residents.
- 1.6.9 Responsible authorities will have a vital role to play in scrutinising licensing applications to prevent gambling from being a source of, or associated with or used to support crime, and to protect children and other vulnerable persons from being harmed or exploited by gambling. This role will be further enhanced by the enforcement activities of the Police and the Council's Licensing Service.

## 1.7 Consultation

1.7.1 The Licensing Authority recognises the important role that responsible authorities, the gambling trade and other stakeholders have to play in influencing this Statement. It will therefore take a wide range of views as part of the consultation before finalising and publishing its Statement.

1.7.2 Under the Act, consultation will take place with:

- the Chief Officer of Police for the London Borough of Hackney
- one or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority's area and
- one or more persons who appear to the authority to represent the interests of persons who are likely to be affected by or otherwise have an interest in the Statement. This includes but is not limited to:
  - responsible authorities such as the fire authority, child protection, Gambling Commission
  - interested parties such as resident associations and trade associations.

1.7.3 A summary list of persons and groups this Licensing Authority consults with is set out in Appendix C.

1.7.4 The Licensing Authority will give due weight to the views of those consulted and may amend the Statement accordingly following responses received. In determining what weight to give particular representations, the factors taken into account will include:

- who is making the representation (what is their expertise or interest)
- what their motivation may be for their views
- how many other people have expressed the same or similar views
- how far representations relate to matters the Licensing Authority should include in its Statement
- reasoned cases.

1.7.5 The results of the consultation are available via the Council's website.

1.7.6 Nothing in this Statement will:

- undermine the rights of any person to apply under the Act for a variety of permissions and have the application considered on its individual merits; or
- override the right of any person to make representations on any application or seek a review of a licence or permit where they are permitted to do so under the Act as each will be considered on its own merits and according to the statutory requirements of the Act.

## **1.8 Declaration**

1.8.1 In producing the Statement, this Licensing Authority declares that it has had regard to the licensing objectives of the Act, the Guidance, and any responses it has from those consulted.

## **1.9 Casinos**

1.9.1 There are currently no casinos operating within the borough.

1.9.2 On 26 January 2022, the Council made a resolution not to issue casino licences for a further three years given the characteristics of the Borough.

1.9.3 Where a resolution is in place, any casino application received will be returned with a notification that a 'no-casino' resolution is in place.

1.9.4 There is no right of appeal against this resolution.

## **1.10 Responsible authorities**

1.10.1 This Licensing Authority designates the City and Hackney Safeguarding Children's Board as the body competent to advise the Authority about the protection of children from harm. The principles the Licensing Authority has applied in designating this Board are as follows:

- the need for the body to be responsible for an area covering the whole of the Licensing Authority's area
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

1.10.2 For a list of responsible authorities, please refer to the glossary of useful terms at Appendix A.

1.10.3 The contact details for all responsible authorities under the Act are available from the Licensing Service.

## **1.11 Interested parties**

1.11.1 A person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the Licensing Authority, the person:

- lives sufficiently close to the premises to be likely to be affected by the authorised activities
- has business interests that might be affected by the authorised activities
- represents persons who satisfy a) or b) above.

1.11.2 In determining whether a person or business is an interested party, the Licensing Authority will look at each case and decide it upon its merits. It may take into account the size of the premises and nature of activities taking place. This Authority will not apply a rigid rule to its decision making and will consider the Guidance on this.

1.11.3 When determining what “sufficiently close to the premises” means, the Licensing Authority may take into account:

- the size of the premises
- the nature of the premises
- the distance of the premises from the location of the person making the representation
- the potential impact of the premises (number of customers, routes likely to be taken by those visiting the establishment) and
- the circumstances of the complainant. For example, it could be reasonable for the Authority to conclude that “sufficiently close to be likely to be affected” could have a different meaning for (a) a private resident (b) a residential school for children with truanting problems and (c) a residential hostel for vulnerable adults.

1.11.4 Interested parties will include trade associations, trade unions, and residents’ and tenants’ associations. The Licensing Authority may also request a membership list which will indicate the extent of the membership of that association to allow due weight to be given as appropriate.

1.11.5 Interested parties can be persons who are democratically elected such as Ward Councillors and MPs. Other than these persons, this Authority will generally require written evidence that a person or body (such as an advocate or relative) ‘represents’ someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons requesting the representation is sufficient.

1.11.6 The Licensing Authority would usually expect Councillors and MPs to make representations only when requested to by ward constituents and/or residents from the area to which the application relates. If individuals wish to approach Councillors to ask them to represent their views then care should be taken that the Councillors are not part of the Licensing Committee dealing with the licence application.

1.11.7 In determining whether a person has a business interest which could be affected, the Licensing Authority will consider among other things:

- the size of the premises
- the catchment area of the premises, and

- whether the person making the representation has business interests in the catchment area that might be affected.

1.11.8 “Business interests” will be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices.

## **1.12 Relevant representations**

1.12.1 Representations relating to an application will be considered as admissible where they are made by an interested party or responsible authority. The Licensing Authority will then normally only consider that representations are relevant where they relate to the licensing objectives, the Guidance, the Codes of Practice or the Statement.

1.12.2 The Licensing Authority may determine an application without a hearing despite having received representations from interested parties or responsible authorities where it thinks the representations are vexatious, frivolous or will certainly not influence the authority’s determination of the application.

1.12.3 Anyone making representations on an application should note that their details will be made available to the applicant in the interest of fairness and to allow for negotiation. In the event of a hearing being held, representations will form part of a public document.

## **2. Delegation and Decision Making**

### **2.1 Delegation of decision making responsibilities**

2.1.1 This Licensing Authority will ensure that the licensing functions contained within the Act are delegated to an appropriate level so as to ensure speedy, efficient and cost effective determination of licensing applications. Its licensing functions will be discharged as detailed in Appendix D.

2.1.2 Those decisions which are not delegated will be determined by the Licensing Committee which has been established by the Licensing Authority to administer a range of licensing functions.

### **2.2 Reports to licensing committee**

2.2.1 There are a number of wider issues which the Licensing Committee need to be aware of in order that this and other policies within their remit can be reviewed as and when necessary. The Licensing Committee may receive reports for information such as the following, to ensure the up-to-date position is known:

- employment situation in the area and the need for new investment and employment where appropriate
- cultural strategy
- local visitor economy
- local crime and disorder figures.

### **2.3 Decision making**

2.3.1 A Licensing Sub-Committee, drawn from members of the Licensing Committee, will normally sit in public to hear applications where representations have been received from interested parties and responsible authorities.

2.3.2 A Ward Councillor will not sit on a Sub-Committee involving an application within their own Ward.

2.3.3 Where a Councillor who is a member of the Licensing Committee is making or has made representations regarding a licence on behalf of an interested party, in the interests of good governance they will disqualify themselves from any involvement in the decision making process affecting the licence or application in question.

2.3.4 Every decision of the Licensing Committee or Licensing Sub-Committee shall be accompanied by clear reasons. The decision will be sent to the applicant and those who have made representations as soon as is practicable.

2.3.5 The Licensing Service will deal with licensing applications where no relevant representations have been received or where representations

have been withdrawn. Even where there are no relevant representations, a hearing must occur where certain conditions to the licence are to be attached or excluded unless the applicant waives their right to a hearing.

- 2.3.6 Decisions as to whether representations are inadmissible, irrelevant, frivolous or vexatious will be made by licensing officers. Where representations are rejected, the person making that representation will be given written reasons for this. There is no right of appeal against a determination that representations are not admissible.
- 2.3.7 The Licensing Sub-Committee will determine each case before it on its individual merits whilst taking into consideration the Codes of Practice, the Guidance, the licensing objectives and the terms of this Policy and may add conditions (Please see paragraph 6.5 on Conditions).
- 2.3.8 In undertaking its licensing functions under the Act, the Licensing Authority is bound by other legislation, for example the Human Rights Act (1998).

## **2.4 Information exchange**

- 2.4.1 The Licensing Authority will act in accordance with the provisions of the Act in its exchange of information which includes the provision that the Data Protection Act (2018) and the General Data Protection Regulation (GDPR) will not be contravened. The Licensing Authority will also have regard to any relevant Guidance and regulations under the Act.
- 2.4.2 Should any protocols be established regarding information exchange with other bodies then they will be made available upon request.
- 2.4.3 In fulfilling its functions and obligations under the Act, the Licensing Authority will exchange relevant information with other regulatory bodies and will establish protocols in this respect. In exchanging such information, the Licensing Authority will conform to the requirements of data protection and freedom of information legislation in accordance with the Council's existing policies.
- 2.4.4 Any matters of non-compliance with the Act will, where appropriate, be reported to the Gambling Commission.
- 2.4.5 The Licensing Authority will share information with other responsible authorities and the Gambling Commission where there is evidence of non-compliance with other legislation and regulatory regimes relevant to the operation of the applicant's business.

## **3 Risk assessment by operators**

- 3.1 Licensees must assess the local risk to the licensing objectives posed by the provision of gambling facilities at each of their premises.

Operators will be expected to have policies, procedures and control measures in place to mitigate those risks

- 3.2 The licensees must undertake a risk assessment when applying for a new premises licence as well as when varying an existing premises licence. The risk assessment should take into account the local circumstances, including those identified in this Statement and must be shared with the Licensing Authority when making an application, or otherwise on request.

## **GLP1**

### **Assessing local risk**

Licensees are encouraged to have regard to GLP1 - GLP7, the Council's Sustainable Community Strategy referred to in Paragraph 1.6 and Appendices B, E and G when assessing the local risks posed to the licensing objectives.

Applicants should where appropriate offer their own measures to mitigate those risks.

## **4 The licensing objectives**

- 4.1 Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this Licensing Authority has considered the Guidance and some comments are made below.

### **4.2 Prevention of crime and disorder**

- 4.2.1 The Gambling Commission plays a lead role in preventing gambling from being a source of crime or disorder.
- 4.2.2 The Licensing Authority places importance on the prevention of crime and disorder, and will fulfil its duty under section 17 of the Crime and Disorder Act (1998). This binds the Licensing Authority to exercise its licensing powers with due regard to the need to do all that it reasonably can to prevent crime and disorder in its area. A high standard of control is therefore expected to be exercised over licensed premises.
- 4.2.3 The Licensing Authority will pay attention to the proposed location of gambling premises in terms of this licensing objective and possible conditions. For example, where an area has known high levels of crime and disorder, this authority will consider carefully whether the licensing objectives would be undermined if gambling premises were to be located there. For a map of the crime hotspots in Hackney, please refer to Appendix E (Crime Hotspots Map). This map is subject to change with the use of updated information.

- 4.2.4 The Licensing Authority will, when determining applications, consider whether the grant of a premises licence is likely to result in an increase in crime and disorder. This Licensing Authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see or hear it, so as to make that distinction. Issues of nuisance cannot be addressed via the provisions of the Act.
- 4.2.5 Where the premises has been associated with drug dealing, or the possession of weapons on the premises, this may give rise to particular concerns as to whether it will be appropriate to allow the admission of children to the premises during some or all of its hours of operation. In such circumstances applicants may be required to demonstrate that these matters have been addressed.
- 4.2.6 Applicants are therefore encouraged to demonstrate to the satisfaction of the Licensing Authority, in consultation with the police, how they intend to satisfy this licensing objective. Applicants are encouraged to discuss their crime prevention procedures with licensing officers and the police before making a formal application, addressing how at an operational and local level they will implement their measures to prevent crime and disorder on the premises.
- 4.2.7 Examples of the matters that are likely to be considered by the Licensing Authority when determining an application include, where appropriate:
- the design and layout of the premises
  - physical security features installed in the premises; this may include matters such as the position of cash registers or the standard of CCTV that is installed
  - training given to staff in crime prevention measures appropriate to the premises
  - where premises are subject to age restrictions, the procedures in place to conduct age verification checks
  - the likelihood of any violence, public disorder or policing problem if the licence is granted.

### 4.3 Door supervisors

- 4.3.1 The Licensing Authority may consider whether there is a need for door supervisors and whether these should be Security Industry Authority (SIA) registered having regard to the licensing objectives.
- 4.3.2 Door supervisors at casino and bingo halls are exempt from being licensed by the SIA. The Licensing Authority may make specific requirements for door supervisors working at casinos or bingo premises to search individuals and deal with potentially aggressive persons to ensure that this licensing objective is met to the satisfaction of the authority.
- 4.3.3 For premises other than casinos and bingo halls, operators and the Licensing Authority may decide that supervision of entrances and/or machines is appropriate in particular cases.

#### **GLP2**

##### **Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime.**

1. Applicants are encouraged to demonstrate within their application, where it is considered necessary and appropriate, measures to prevent crime and disorder on the premises by providing information on:
  - (a) use of door staff, details of SIA door supervisors and other appropriately trained staff including relevant qualifications or registrations, the number of staff, their location whilst working at the premises, and the times they will be on duty
  - (b) details of the training given to staff in crime prevention measures appropriate to those premises
  - (c) notices to be prominently displayed on the premises and visible to members of the public stating:
    - (i) CCTV is recording on the premises (where required by legislation)
    - (ii) drugs will not be tolerated and persons found possessing/dealing will be excluded from the premises
    - (iii) drunkenness and those under the influence of drugs will not be tolerated on the premises
  - (d) an accurate plan of the premises confirming the design and layout of the premises, with particular attention to the ability of staff to survey entrances, exits and any dark or hidden areas. Plans should include:
    - (i) the location of lighting inside and outside the premises
    - (ii) the location of any physical security features for example CCTV equipment, its coverage of the interior and exterior of the premises
    - (iii) CCTV, which is to be recordable, kept for a minimum of 31 days and made available to the police and Licensing Authority on request.

- (iv) When details of security measures are provided, they will be kept out of the public domain.
- (e) provision of adequate search facilities where applicable to the use of the premises
- (f) measures to be taken to prevent the consumption of alcohol on the premises other than where it is legal and to ensure those under the influence of alcohol are not permitted to gamble
- (g) measures to be taken to prevent the possession, supply or consumption of illegal drugs on the premises and to ensure that those under the influence of drugs are not permitted to gamble. Any drugs policy should cover the requirement to notify the Police
- (h) measures to be taken to prevent the possession of offensive weapons on the premises
- (i) details of any proof of age scheme
- (j) details of the process to ensure that children do not have access to adult only gaming facilities
- (k) measures aimed at discouraging anti-social behaviour
- (l) measures aimed at preventing children and other vulnerable persons from being exposed to incidents of violence or disorder
- (m) measures to address circumstances where there have been known instances of:
  - (i) harbouring drug dealing, or there is a known association with drug dealers
  - (ii) the possession of weapons on the premises, or where there is a known association with such activity
  - (iii) offences against children or involving children, for example, allowing under 18s to participate in adult gambling.
- (n) adoption of the Metropolitan Police Safebet Alliance Voluntary Code of Robbery Security Standards for the Bookmaking Industry

#### **4.4 Ensuring that gambling is carried out in a fair and open way**

4.4.1 Generally the Gambling Commission would not expect the Licensing Authority to ensure that gambling is conducted in a fair and open way. This will be a matter for either the management of the gambling business (and therefore relevant to the operating licence), or will be in relation to the suitability and actions of an individual (and therefore relevant to the personal licence). The Gambling Commission will be responsible for both of these matters and its expectations by way of measures are set out in its Codes of Practice.

4.4.2 There is more discretion for the Licensing Authority for authorisations which do not require an operating or personal licence and for tracks where practices may be added to ensure that the betting environment is suitable (see paragraph 7.10 on tracks). The Licensing Authority will expect these applicants to demonstrate how they will meet this objective.

- 4.4.3 If during the course of considering an application for a premises licence, permit or other notice or at any other time, the Licensing Authority receives information that causes it to question the suitability of the applicant or licence holder to hold an operating licence, or an individual to hold a personal licence the Licensing Authority will notify the Gambling Commission and/or other appropriate authorities without delay.
- 4.4.4 The Licensing Authority cannot attach conditions on an application for a permit. Therefore, it may instead refuse the application where the above requirements and GLP3 are not met.

### **GLP3**

#### **Ensuring that gambling is carried out in a fair and open way**

**The Licensing Authority encourages applicants who do not fall within the jurisdiction of the Gambling Commission (see paragraph 4.4.2) to conform to the code of practice issued by the Gambling Commission and by the conditions of their operating licence. Failure to demonstrate this may result in the application being refused. In particular:**

1. For applications which do not require an operating licence or personal licence, applicants are to demonstrate how information is to be provided about the rules and terms of gambling so that:
  - (a) customers can make an informed decision as to whether and how to participate in gambling
  - (b) customers know the contractual terms and conditions of gambling
  - (c) information is displayed in a clear, accessible and intelligible way. Information should be:
    - (i) bold, precise and clearly located on or near where the game or bet is placed (e.g. machines, track etc)
    - (ii) where the customer base includes people whose first language is not English, notices should be in other languages as appropriate
  - (d) the information displayed on the premises and on promotional information should include:
    - (i) rules of the game or bet
    - (ii) the odds of winning or losing in different scenarios
    - (iii) changes in the rules which must be bold, precise and communicated to the customer so they are fully aware of them
    - (iv) the average return to the player (the payout percentage)
    - (v) the minimum and maximum stakes
    - (vi) information about the machine characteristics (for example compensated/ random)
    - (vii) how quickly the winnings will be paid out and in what form

- (viii the dispute and complaints procedures  
)
- (e) in addition:
- (i) the operation of the games must be consistent and in line with the rules of the games
  - (ii) the layout of the premises must ensure that the games and bets can be conducted in a fair and open way
  - (iii) no advertising or other marketing tool inside or outside the premises or any part of the media which misleads the customer as to the rules of the game or encourages them not to read the rules.

#### **4.5 Protection of children and other vulnerable persons**

- 4.5.1 As outlined in the borough profile from paragraph 1.6, Hackney's population has a higher than average number of children and vulnerable persons. It is particularly important that the Policy has regard to these facts and the aims of our Sustainable Community Strategy in seeking to address inequality and deprivation.
- 4.5.2 The Licensing Authority will, when determining applications consider whether the grant of a premises licence is likely to result in children and other vulnerable persons being harmed or exploited by gambling. Applications are encouraged to demonstrate to the satisfaction of the Licensing Authority, in consultation with the City and Hackney Safeguarding Children Board, how they intend to implement their measures at an operational and local level to promote this objective.
- 4.5.3 In relation to children, it should be noted that the Gambling Commission has stated that this objective is explicitly to protect them from being harmed or exploited by gambling. This means preventing them from taking part in gambling and having restrictions on advertising so that gambling products are not aimed at or are particularly attractive to children. The Licensing Authority will therefore judge the merits of each application before considering whether specific measures are required such as:
- restrictions on advertising and style of the premises where premises cater solely or mainly for adults so that gambling products are not aimed at children or advertised in such a way to make them particularly attractive to children
  - restrictions on layout or on where certain machines may be in operation.
- 4.5.4 In addition, the Licensing Authority will seek to ensure the layout of the premises does not encourage gambling products to be aimed at children or in such a manner that makes them particularly attractive to children.

- 4.5.5 The Licensing Authority will generally expect those who operate or control gambling licensed premises or gambling events to have regard to child welfare.
- 4.5.6 It should be noted that the definition “vulnerable persons” includes but is not limited to people who gamble more than they want to, people who gamble beyond their means and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.
- 4.5.7 With regard to the protection of vulnerable persons, the Licensing Authority will consider whether special considerations are required. These will need to be balanced against the authority’s aim, in the case of premises licensing, to permit the use of the premises for gambling.
- 4.5.8 When determining an application to grant or review a premises licence, regard may be given to the proximity of other establishments catering to children or vulnerable adults, or to places that are frequented by unaccompanied children and/or vulnerable adults or where children, young people or vulnerable persons are likely to congregate. These may include schools, vulnerable adult centres, addiction centres, day centres or services used by vulnerable adults or residential areas where there may be a high concentration of families with children. It may also include school routes and places that attract unaccompanied children for recreation and leisure.
- 4.5.9 The proximity of premises taken into consideration will vary depending on the size and scope of the gambling premises concerned. Each case will be decided on its merits and may depend in part on the type of gambling proposed. Therefore, if an applicant can effectively demonstrate in its policies how they might overcome licensing objective concerns, this will be taken into account. For a map of the locations of schools, colleges and nurseries within Hackney, please refer to Appendix F.

## **4.6 Access to licensed premises**

4.6.1 With the exception of bingo halls, non-gambling areas of tracks on race days and licensed family entertainment centres, children will not be permitted to enter adult only licensed gambling premises.

4.6.2 The Licensing Authority will consult with the City and Hackney Safeguarding Children Board on any application that indicates there may be concerns for children or vulnerable persons over access to gambling.

### **GLP4**

#### **The protection of children and other vulnerable persons from being harmed or exploited by gambling.**

1. Applicants are encouraged to demonstrate within their application where it is considered necessary and appropriate that:
  - (a) the design and style of their premises and any external signage, advertising or promotional material is not aimed or marketed at attracting children to premises or areas which are reserved for adult gambling
  - (b) children are not to be exposed to gambling which is legally restricted to adults
  - (c) measures have been taken to prevent children from being in close proximity to types of gambling restricted to adults for example, gaming machines of class A,B or C
  - (d) staff have been or will be appropriately trained to understand the following:
    - (i) which class of machine is restricted to adults only
    - (ii) any areas where children and young persons are not to be permitted.
    - (iii) child protection requirements
    - (iv) reporting concerns about the welfare of a child to the Duty and Assessment Team, the Council
    - (v) reporting concerns about the welfare of vulnerable persons to Safeguarding Vulnerable Adults, Adult Services, the Council.
  - (e) details of helplines and guidance are provided to those who may have alcohol, drug or gambling problems.
2. The Licensing Authority may consider specific measures to protect under 18s and vulnerable persons on certain categories of premises. These measures include:
  - (a) supervision of entrances
  - (b) segregation of gambling from areas frequented by children
  - (c) supervision of gaming machines in adult only gambling premises
  - (d) separate and identifiable entrances and exits from parts of buildings with more than one licence.

3. Where category C or above machines are available in premises to which children are admitted applicants are encouraged to demonstrate that they have taken such measures to ensure that:
  - (a) all such machines are located in an area of the premises separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance
  - (b) only adults are admitted to the area where the machines are located
  - (c) access to the area where the machines are located is supervised
  - (d) the area where the machines are located is arranged so that it can be observed by staff of the operator or the licence holder and
  - (e) at the entrance to, and inside, any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.
4. For applications that do not require an operating licence or personal licence, the Licensing Authority will consider:
  - (a) any convictions or cautions in relation to the admission of under 18 year olds
  - (b) requirement for children under 14 to be accompanied by an adult
  - (c) measures the applicant is taking to prevent children from being in close proximity to types of gambling restricted to adults (for example, category A, B or C gaming machines). Such measures may include “No Under 18s to Play” notices displayed on category A, B and C machine fronts in alcohol licensed premises, or the adoption of an effective proof of age scheme.
5. Where there have been convictions or cautions for serving alcohol to under 18s, or allowing under 18s to participate in adult gambling, applicants may be asked to demonstrate these matters have been addressed. This may give rise to particular concerns as to whether it will be appropriate to permit the admission of children to the premises during some or all of its hours of operation.
6. Where limiting access to children or young persons is considered necessary, the Licensing Authority will consider the following options:
  - (a) limiting or excluding when certain activities are taking place or at certain times
  - (b) a requirement for children under a certain age to be accompanied by an adult
  - (c) an age limitation for under 18s
  - (d) access may be limited to certain parts of the premises.

## **5. Location of gambling premises and gaming machines**

- 5.1 When considering authorisations, including the need for conditions to be attached to licences, the Licensing Authority will primarily focus on

the location, suitability and management of the premises and how this might directly impact upon the licensing objectives.

- 5.2 When determining an application to grant or review a premises licence regard will be given on a case by case basis to the location of the premises and its proximity to other establishments in terms of the licensing objectives which include the protection of children and vulnerable persons and issues of crime and disorder. See paragraph 3 onwards for more details. For crime hotspots and locations of schools, colleges and nurseries in the borough, please refer to Appendices E and F respectively.
- 5.3 Should any specific policy be decided upon regarding areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.
- 5.4 In addition, where there are specific risks or problems associated with a particular locality or specific premises, or class of premises, conditions may be attached to reflect this on a case by case basis, where permitted by law.

## **GLP5**

### **Location of gambling premises and gaming machines**

1. In considering the locations for a premises licence, permit or notice, the Licensing Authority may consider:
  - (a) the proximity of other establishments catering to children or vulnerable adults, or to places that are frequented by unaccompanied children and/or vulnerable adults or where children, young people or vulnerable persons are likely to congregate
  - (b) the size and scope of the gambling premises concerned
  - (c) the type of gambling proposed on the premises.
2. In considering the locations for gaming machines, the Licensing Authority may consider:
  - (a) the size of the premises and the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer
  - (b) the size of the premises and the ability of staff to monitor the use of the machines by children and young persons or by vulnerable people
  - (c) restricting the number and location of such machines in respect of applications for track betting premises licences

- (d) the location of gaming machines at tracks
- (e) the locations of gaming machines where the applicant holds a pool betting operating licence and wishes to apply for a track premises licence using their entitlement to four gaming machines. The applicant will need to demonstrate that these machines are located in areas from which children are excluded
- (f) segregation of category C and D machines in family entertainment centres.

## **6. Hours of operation**

- 6.1 The Licensing Authority will have regard to the Guidance and default conditions relating to operating hours and will consider excluding and replacing default conditions only if appropriate and on a case by case basis.
- 6.2 Where limiting access to children is considered necessary, the Licensing Authority will consider a limit on the hours when children may be present on the premises.

### **GLP6**

#### **Hours of operation**

The Licensing Authority will have regard to the following, where necessary and appropriate:

- (a) Codes of Practice when determining the hours of operation
- (b) licensing hours fixed will always reflect the individual merits of the application, any relevant representations received and the requirement to uphold the licensing objectives
- (c) earlier hours may be set if the individual circumstances require it. Applicants are encouraged to demonstrate that there would be no breach of the licensing objectives if later hours are requested, especially if requests are made to go beyond midnight in residential areas
- (d) the Licensing Authority may consider the levels of relevant crime and disorder at that premises or in the vicinity of that premises and police resources available to address this late at night
- (e) applicants are encouraged to exclude children from premises or events where children are present by 9pm unless the applicant can demonstrate how they can operate beyond these hours without risking harm to children in these circumstances.

## **7 Premises licences**

### **7.1 General principles**

- 7.1.1 An application for a premises licence may only be made by persons over 18 years old, companies or partnerships.

- 7.1.2 The Licensing Authority can only consider a premises licence application where the applicant:
- has a right to occupy the premises at the time the application is made and can provide evidence of this if requested; and
  - holds, or has applied for, an operating licence which allows the proposed activity to be carried out.
- 7.1.3 It should be noted that the premises licence may only be determined once the operating licence has been issued by the Gambling Commission.
- 7.1.4 The Licensing Authority will expect the applicant for a premises licence to demonstrate that they have or have applied for the appropriate operating and/or personal licences from the Gambling Commission.
- 7.1.5 Where no application for an operating licence has been made, the premises licence application will be refused.
- 7.1.6 Premises licences will be subject to the requirements set out in the Act and regulations, which include mandatory and default conditions. Licensing authorities are able to exclude default conditions and also attach others where appropriate.

## **7.2 Definition of “premises”**

- 7.2.1 Premises are defined in the Act as including “any place”. Different premises licences cannot apply in respect of single premises at different times. However, it is possible for a single building to be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. This will always be a question of fact depending on the circumstances and the Guidance provides further detail on this. It should be noted that areas of a building that are artificially or temporarily separate cannot be properly regarded as different premises and the Licensing Authority would therefore normally expect genuine separation in this regard to be a complete floor to ceiling physical separation of the premises.
- 7.2.2 This Licensing Authority will take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes on a case by case basis and with regard to the Act and the policy behind the Act, as explained in the Guidance which is to limit the number and type of machines in particular premises. Where the Licensing Authority is not satisfied that the premises are separate, it will be unable to issue further premises licences on that premises concluding that a premises licence already exists. The following factors will be taken into account in determining whether the premises is in fact a “premises” and therefore able to submit such application(s):

- whether entrances and exits which form parts of a building covered by one or more licences are properly and suitably separate and identifiable so that the separation of different premises is not compromised and that people do not ‘drift’ into a gambling area. In this context it is expected that the premises will be separated by a floor to ceiling division whereby each “premises” can be accessed without going through another licensed premises or premises with a permit particularly where this is required by the Act
- whether the premises have a separate registration for business rates
- whether the premises have different postal addresses
- whether the premises and its neighbouring premises is owned by the same person
- whether each of the premises can be accessed from the street or a public passageway
- whether the premises are accessible only from another gambling premises.

7.2.3 The Licensing Authority will pay particular attention to applications where access to the licensed premises is through other premises. There will be specific issues to be considered before granting such applications, for example:

- whether children are not only prevented from taking part in gambling but also prevented from being in close proximity to gambling
- whether children are invited to participate in, can gain accidental access to or closely observe gambling where they are prohibited from participating
- compatibility of the two types of establishments
- whether taken as a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would or should be prohibited under the Act. The applicant will need to show for example that direct access between the premises is prevented if the premises licence condition requires it
- whether customers can primarily participate in the gambling activity named on the premises licence.

7.2.4 Applicants will need to demonstrate that the primary purpose of the premises will be fulfilled and are encouraged to provide to the Licensing Authority the precise arrangements for primary and ancillary gambling activities at the premises.

### **7.3 Premises “ready for gambling”**

7.3.1 A licence to use a premises for gambling should only be issued in relation to premises that the Licensing Authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required

before the premises are brought into use. The Guidance provides advice on this.

7.3.2 In deciding whether a premises licence can be granted where there is outstanding construction or alteration works at a premises, this Authority will determine applications on their merit, considered in a two stage process:

- firstly, whether as a matter of substance the premises ought to be permitted to be used for gambling and
- secondly, in deciding whether or not to grant the application, consider if appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

7.3.3 If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement may be a better option. Applicants are encouraged to discuss which route is appropriate with the Licensing Authority. For example, where applications are received in respect of uncompleted premises which it appears are not going to be ready to be used for gambling for a considerable period of time, the Licensing Authority ought to consider whether, applying the two stage process, it should grant a licence or whether the circumstances are more appropriate for a provisional statement application. Please refer to paragraph 7 on provisional statements.

7.3.4 If a premises licence is to be sought before the premises is ready to be used for gambling the applicant should consider offering appropriate conditions and/or providing a future effective date for the licence to commence.

## **7.4 What we consider**

7.4.1 All applicants for premises licences are encouraged to set out how they will promote the licensing objectives, as specified in paragraph 1.2.1 and what measures they intend to employ to ensure compliance with them. This will assist the Authority, responsible authorities and interested parties to consider whether the application accords with the licensing objectives and is therefore more likely to avoid unnecessary hearings. The applicant may ask the Licensing Authority for advice as to the scope of information to be provided which will be proportionate to the scale and nature of the application made.

## **7.5 Conditions**

7.5.1 Licensing is about the control of gambling licensed premises within the terms of the Act. The starting point in determining applications will be to grant the application without attaching conditions.

- 7.5.2 Conditions may be attached to licences that will cover matters within the control of individual licensees. Conditions are attached to a premises licence in the following ways:
- automatically under the Act
  - through regulations as mandatory and/or default conditions
  - by the Licensing Authority.
- 7.5.3 For instance, there are mandatory conditions which attach to all licences or licences of a particular class. Specific conditions which attach to an individual licence will only be attached by the Licensing Authority following a hearing or where the applicant has agreed conditions with a responsible authority or interested party.
- 7.5.4 The Licensing Authority can exclude any default conditions from the premises licence. The Licensing Authority will where necessary impose conditions that are:
- in accordance with the Guidance
  - in accordance with the Code of Practice
  - in accordance with the Policy or
  - in a way that is reasonably consistent with the licensing objectives.
- 7.5.5 Conditions imposed by the Licensing Authority will be proportionate to the circumstances and risks which they are seeking to address. In particular, the Licensing Authority will where appropriate apply conditions that are:
- relevant to the need to make the proposed building suitable as a gambling facility
  - directly related to the premises and the type of licence applied for
  - fairly and reasonably related to the scale and type of premises and
  - reasonable in all other respects.
- 7.5.6 The Licensing Authority does not propose to implement standard conditions on licences but may attach conditions as appropriate given the circumstances of each individual case. It will seek to avoid duplication with other systems so far as possible and will not attach conditions unless they are considered necessary having regard to existing regimes. For example, where applicants fail to adequately address the provisions of the relevant GLPs to the satisfaction of the Licensing Authority, it may attach conditions to alleviate concerns triggered by the lack of information provided.
- 7.5.7 There will be a number of measures the Licensing Authority will consider utilising should there be a perceived requirement such as the use of supervisors, appropriate signage for adult only areas as set out in GLP2 - 7. There are specific comments made in this regard under some of the licence types below. The Licensing Authority will also expect the applicant to offer measures as to ways in which the licensing objectives can be met effectively.

7.5.8 The Licensing Authority will consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the proper segregation of primary gambling activities in addition to matters in GLP1-7. These matters are in accordance with the Guidance.

7.5.9 This Licensing Authority may contact the Gambling Commission or the applicant to obtain a copy of the operating licence to consider any conditions that may cover the way in which the Gambling Commission expect the objectives to be met. It will assess whether the corresponding premises licence requires any specific expansion on these measures by way of conditions based upon the application and information provided.

7.5.10 There are conditions which the Licensing Authority cannot attach to premises licences. These are any conditions:

- on the premises licence which make it impossible to comply with an operating licence condition;
- relating to gaming machine categories, numbers, or method of operation;
- which provide that membership of a club or body be required (the Act specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated); and
- in relation to stakes, fees, winning or prizes.

## **GLP7**

### **Premises licences**

Applicants for a premises licence are encouraged to consider GLP1 to GLP7 depending on the type of permission being sought.

- (1) In addition, applicants for a premises licence are also encouraged to demonstrate:
  - (i) that the appropriate operating and personal licences are in place from the Gambling Commission where relevant and
  - (ii) that they have a right to occupy the premises at the time of making the application
  - (iii) how the applicant will promote the licensing objectives with regard to GLP1 to GLP7.
- (2) The Licensing Authority will exclude default conditions or attach conditions where appropriate.
- (3) The Licensing Authority may only consider the grant of a licence where it is going to be ready to be used for gambling in the reasonably near future and (where necessary) the Licensing Authority and/or responsible authorities have been allowed to inspect the premises.

- (4) For multiple licences for a building and those relating to a discrete part of a building used for other non-gambling purposes the Licensing Authority will in particular consider:
- (i) the measures to prevent people “drifting” into a gambling area
  - (ii) the potential for children to gain access
  - (iii) the ability of two or more establishments to comply with the requirements of the Act.
- (5) Applicants are encouraged to provide where relevant detailed plans, to the satisfaction of the Licensing Authority, consisting of:
- (i) entrances and exits
  - (ii) number and positions of counters,
  - (iii) number and positions of gaming machines
  - )
  - (iv) location of lighting inside and outside
  - )
  - (v) location of CCTV.

## **7.6 Adult gaming centres (AGCs)**

7.6.1 The Licensing Authority will expect the applicant to provide sufficient measures to ensure that persons under 18 years' old do not have access to the premises.

### **GLP8**

#### **Adult gaming centres**

Applicants are encouraged to have regard to GLP1 - GLP8 when making an application for an adult gaming centre.

Applicants should where appropriate offer their own measures to meet the licensing objectives such as:

- (a) proof of age schemes
- (b) CCTV
- (c) physical and/or remote supervision of entrances/machine areas
- (d) physical separation of areas.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

## **7.7 Licensed family entertainment centres (FECs)**

7.7.1 The Licensing Authority will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that those who are under 18 years old do not have access to the adult gaming machines. For example, this could be achieved through the physical segregation and supervision of these gaming machines.

### **GLP9**

#### **Licensed family entertainment centres**

Applicants are encouraged to have regard to GLP1 - GLP7 when making an application for an FEC.

Applicants should, where appropriate, offer their own measures to meet the licensing objectives such as:

- (a) CCTV
- (b) supervision of entrances / machine areas
- (c) physical separation of areas
- (d) location of entry
- (e) notices / signage
- (f) specific opening hours
- (g) self-barring schemes

- (h) provision of information leaflets / helpline numbers for organisations such as GamCare
- (i) measures / training for staff on how to deal with suspected truant school children on the premises
- (j) measures/training by way of a premises log book, covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on/around the premises.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

## **7.8 Bingo premises**

- 7.8.1 Applicants are to have regard to GLP 1 - 7. If children are allowed to enter premises licensed for bingo, they are not to participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted, the Licensing Authority will expect the applicant to comply with GLP4.
- 7.8.2 It is noted that door supervisors at bingo premises are exempt from needing to be SIA registered. This is explained in more detail at paragraph 4.3.
- 7.8.3 Applicants will need to demonstrate that bingo can be played on the proposed bingo premises. This will be a relevant consideration where the operator of an existing bingo premises applies to vary their licence to exclude an area of the existing premises from its ambit and then applies for a new premises licence, or multiple licences, for that or those excluded areas. Paragraph 7.2 provides detail on the circumstances in which the splitting of a pre-existing premises into two adjacent premises may or may not be permitted.

## 7.9 Betting premises

7.9.1 Children and young people are not permitted to access betting premises.

7.9.2 For betting machines within a betting premises the Licensing Authority will take into account the following factors:

- the size of premises
- the number of counter positions available for person-to-person transactions
- ability of staff to monitor the use of the machines by children, young and vulnerable persons.

### GLP10

#### Betting premises

Applicants are encouraged to have regard to GLP1 - GLP7 and GLP10 when making an application for a betting premises licence.

The Applicant should where appropriate, offer their own measures to meet the licensing objectives such as:

- (a) CCTV
- (b) supervision of entrances / machine areas
- (c) location of entry
- (d) notices / signage
- (e) specific opening hours
- (f) self-barring schemes
- (g) provision of information leaflets / helpline numbers for organisations such as GamCare.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

## 7.10 Tracks

7.10.1 Applicants are to have regard to GLP 1-11 where relevant. This Licensing Authority is aware that tracks may be subject to one or more premises licences, provided each licence relates to a specified area of the track. The Licensing Authority will especially consider the impact upon the protection of children and vulnerable persons from being harmed or exploited by gambling and the need for applicants to demonstrate that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

7.10.2 It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but they are still prevented

from entering areas where gaming machines (other than category D machines) are provided.

7.10.3 The Guidance sets out the considerations for where gaming machines may be located on tracks. Applications for track premises licences will need to demonstrate that where the applicant holds a pool betting operating licence and is going to use their entitlement to four gaming machines, these machines are located in areas where children are excluded.

7.10.4 The Licensing Authority where appropriate will attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed on the race-card or made available in leaflet form from the track office.

7.10.5 Separate Guidance has been produced which sets out the specific requirements for these types of applications. The Licensing Authority will expect applicants to provide detailed plans for the racetrack itself and the proposed gambling facilities.

7.10.6 It would be preferable for all self-contained premises operated by off-course betting operators on a track to be the subject of a separate premises licence, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator. For occasional permissions to carry out betting on tracks, please refer to paragraph 14 which deals with occasional use notices.

## **GLP11**

### **Tracks**

Applicants are also to have regard to GLP 1 – GLP 11 where relevant.

1. The applicant should where appropriate demonstrate the following measures have been addressed:
  - (a) entrances to each type of premises are distinct
  - (b) children are excluded from gambling areas where they are not permitted to enter
  - (c) children do not have access to adult only gaming facilities
  - (d) track operators ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public
  - (e) detailed plans are provided to the Licensing Authority for the racetrack itself and the area that will be used for temporary “on-course” betting facilities (for dog tracks and horse racecourses, show fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities)

- (f) identify what authorisations are being sought under the track betting premises licence along with any other areas that may be subject to a separate application for a different type of premises licence
  - (g) where category C or above machines are on offer in premises to which children are admitted, the relevant considerations in GLP4 should be addressed.
2. This Licensing Authority will expect applicants to offer their own measures to meet the licensing objectives such as:
- (a) proof of age schemes
  - (b) CCTV
  - (c) supervision of entrances / machine areas
  - (d) physical separation of areas
  - (e) location of entry
  - (f) notices / signage
  - (g) specific opening hours
  - (h) self-barring schemes
  - (i) provision of information leaflets/helpline numbers for organisations such as GamCare.

The above suggested measures are neither mandatory nor exhaustive and may where relevant be imposed by the Licensing Authority as conditions.

## **7.11 Travelling fairs**

7.11.1 Travelling fairs do not require any permit to provide gaming machines but must comply with the legal requirements in how the machine operates in a fair and open way (please refer to GLP3 for more detail). They may provide an unlimited number of Category D gaming machines and the Licensing Authority will expect the applicant to demonstrate that the gambling facilities amount to no more than an ancillary amusement at the fair.

7.11.2 The Licensing Authority will consider whether the statutory definition of a travelling fair applies. The 27 day statutory maximum (per calendar year) for the land being used as a fair applies to the land on which the fairs are held, regardless of whether the same or a different travelling fair occupies the land.

7.11.3 The Licensing Authority will work with neighbouring authorities to ensure that land that crosses shared boundaries is monitored so that the statutory limits are not exceeded.

## **8. Provisional statements**

8.1 An application for a provisional statement can be made where the applicant expects the premises to be constructed, to be altered or to acquire a right to occupy. Such an application is a separate and distinct process to the granting of planning permission or building control.

- 8.2 Following the grant of a provisional statement, no further representations from responsible authorities or interested parties can be taken into account in the determination of a premises licence application, unless they concern matters which could not have been addressed at the provisional statement stage, or in the opinion of the Licensing Authority, they reflect a change in the applicant's circumstances.

## **GLP12**

### **Provisional Statements**

Applicants should have regard to GLP1 – GLP 11 where relevant. Applications for provisional statements shall be dealt with in the same way as a premises licence.

### **9. Unlicensed family entertainment centres (unlicensed FECs) gaming machine permits: Statement of principles on permits**

- 9.1 Where category D gaming machines are only to be provided, applicants may apply to the Licensing Authority for an unlicensed FEC gaming machine permit. The applicant must show that the premises will be wholly or mainly used for making gambling available for use. An application for this permit cannot be made where a premises licence has effect on the same premises.
- 9.2 The Licensing Authority may only grant or reject an application for a permit and cannot impose or attach any conditions.
- 9.3 The Gambling Commission will not be involved in this process as neither an operating licence nor a personal licence is required. It is therefore essential that the Licensing Authority satisfies itself as to the suitability of the applicant and to the operation being proposed.
- 9.4 The Licensing Authority must be satisfied that:
- a) the applicant has demonstrated that the premises will be used as an unlicensed FEC and
  - b) Hackney Police have been consulted on the application.
- 9.5 The Licensing Authority will look at the suitability of an applicant for a permit. As unlicensed FECs will particularly appeal to children and young persons, the Licensing Authority will expect the applicant to demonstrate their suitability and the measures in place to protect children from harm as well as to prevent crime and disorder by providing the following:
- applicant and staff training/ understanding of the maximum stakes and prizes that is permissible in unlicensed FECs

- applicant's Disclosure and Barring Service check or equivalent, as agreed with the police. This may include a requirement to provide details of residential addresses over the last five years
  - applicant's previous history and experience of running similar premises
  - any policies and procedures in place
  - a scaled plan of the premises
  - a written operating schedule
  - any supporting documentation as to the design and layout of the premises.
- 9.6 Harm in the context of protecting children is not limited to harm from gambling but includes wider child protection considerations. As such, any policies and procedures will each be considered on their overall merits.
- 9.7 The Licensing Authority will have regard to the Policy, the licensing objectives and any relevant Guidance or Code of Practice when considering a permit application. Applicants should in particular have regard to GLP1, GLP2, GLP5, GLP7 and GLP13 when making an application, but need to also consider GLP3, GLP4 and GLP6 where these relate to children and young persons.
- 9.8 This Statement applies to initial applications only and not to renewals. The Licensing Authority may refuse an application for renewal of a permit only on the grounds that an authorised Local Authority officer has been refused access to the premises without reasonable excuse, or that renewal would not be reasonably consistent with the pursuit of the licensing objectives.
- 9.9 Where there is such a refusal, the Licensing Authority will notify the applicant of its intention to refuse and the reasons for the refusal. The applicant will then have an opportunity to make representations orally, in writing or both and will have a right of appeal against any decision made.
- 9.10 Where the permit has been granted the Licensing Authority will issue the permit as soon as is reasonably practicable and in any event in line with Regulations. The permit will then remain in effect for 10 years unless surrendered or lapsed.
- 9.11 Details of applications for unlicensed FEC permits will be available on the Council's website or by contacting the Licensing Service.
- 9.12 Applicants for unlicensed FEC permits are expected to undertake that they will comply with BACTA's Code of Practice for Amusement with Prizes Machines in Family Entertainment Centres. This code of practice promotes awareness of social responsibility and acknowledges that proactive specific and appropriate commitment will be given to educating children and young persons, thereby minimising the potential for harm.

## **GLP13**

### **Statement of principles for unlicensed family entertainment centres (unlicensed FECs)**

Applicants for an unlicensed family entertainment centre permit are to have regard to GLP1 - GLP7 and GLP9 where relevant.

1. Applicants are required to demonstrate that:
  - (a) they have permission to occupy the premises at the time of making the application
  - (b) the premises will be used as an unlicensed FEC and
  - (c) the Chief Officer of Police for Hackney Borough has been consulted on the application.
  
2. Applications should normally be accompanied by an assessment of how the applicant will promote the licensing objectives with regard to GLP1 to GLP7 to demonstrate such matters as:
  - (a) numbers of staff employed and on duty at any given time
  - (b) details of opening hours
  - (c) details of Proof of Age schemes
  - (d) adoption of appropriate measures/training for staff as regards suspected truanting school children on the premises
  - (e) evidence of staff training by way of a Premises Log Book, covering how staff will deal with unsupervised very young children being on the premises, or children causing perceived problems on or around the premises
  - (f) Evidence that the applicant and staff are trained to have a full understanding of the maximum stake and prizes that are permissible.
  
3. The application must also be accompanied by detailed plans drawn up to the satisfaction of the Licensing Authority and which include:
  - (a) location of entrances and exits
  - (b) number and positions of Category D machines
  - (c) location of lighting inside and outside
  - (d) location of CCTV
  - (e) the amount of space around gaming machines to prevent jostling of players or intimidation
  - (f) location and supervision of Automated Teller Machines
  - (g) the location of appropriate clear and prominent notices and barriers, such notices to state:
    - (i) that no unaccompanied child will be permitted to remain on the premises if that person is required by law to attend school
    - (ii) no smoking on the premises
    - (iii) the need to play responsibly.

4. The application should normally also be accompanied by:
- (a) evidence that the applicant and staff have no relevant convictions (those that are in Schedule 7 of the Act)
  - (b) insurance documents and any other such information the Licensing Authority will from time to time require.

## **10. Prize gaming permits: Statement of principles**

- 10.1 Prize gaming permits allow the provision of facilities for gaming with prizes on specified premises. Prize gaming refers to gaming where the nature and size of the prize is not determined by the number of people playing or the amount for or raised by the gambling. The Act makes no provision for single site gaming machine permits such as fish and chip shops, minicab offices and cafes.
- 10.2 In determining the suitability of the applicant for a permit this Licensing Authority will expect the applicant to set out the types of gaming to be offered demonstrating:
- that they understand the limits to stakes and prizes that are set out in Regulations; and
  - that the gaming offered is within the law
  - that they meet the objective of carrying out gambling openly and fairly as set out at GLP3
  - that the premises are mainly or wholly used for gambling purposes.
- 10.3 In making its decision on an application for this permit the Licensing Authority does not need to have regard to the licensing objectives but must have regard to any Guidance.
- 10.4 The Licensing Authority cannot attach conditions to a permit however, the permit holder must comply with the following statutory conditions:
- the limits on participation fees, as set out in Regulations
  - all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played
  - the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if a non-monetary prize); and
  - participation in the gaming must not entitle the player to take part in any other gambling.

## **11. Alcohol licensed premises gaming machine permits**

- 11.1 There is provision in the Act for premises licensed to sell alcohol for consumption on the premises to automatically have 2 gaming machines of categories C and/or D. The premises merely notify the

Licensing Authority of this automatic entitlement. The only exception to this entitlement is where alcohol is provided ancillary to a table meal.

- 11.2 Once notice has been acknowledged, the Licensing Authority can remove the automatic authorisation in respect of any particular premises if:
- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives
  - gaming has taken place on the premises where the following conditions have not been met:
    - written notice has been provided to the Licensing Authority
    - the correct fee has been submitted and
    - any relevant code of practice issued by the Gambling Commission about the location and operation of the gaming machine has been complied with
  - the premises are mainly used for gaming or
  - an offence under the Act has been committed on the premises.
- 11.3 The Licensing Authority shall, before removing this automatic entitlement, give the licence holder 21 days' notice of its intention, consider any representations made by the licence holder and hold a hearing if requested.
- 11.4 If an alcohol licensed premises wishes to have 3 or more category C or D gaming machines, then it needs to apply for an alcohol licensed gaming machine permit specifying the premises in respect of which the permit is sought and the number and category of gaming machines. Where the application requirements are not met it will be deemed that the application has not been made correctly and will be returned to the applicant. The Licensing Authority must consider a valid application based upon the licensing objectives, any Guidance and Codes of Practice, comments from responsible authorities and "such matters as they think relevant."
- 11.5 The Licensing Authority considers "such matters" on a case by case basis and has produced policy considerations when determining such applications. This document entitled "Licensing Authority Policy Considerations for 3 or more Gaming Machines on Alcohol Licensed Premises" is available on request from the Licensing Service.

## **12 Club gaming and club machine permits**

- 12.1 Members clubs and miners' welfare institutes may apply for a club gaming permit or a club machine permit.
- 12.2 Commercial clubs may only apply for a club machine permit.

- 12.3 The club gaming permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations.
- 12.4 A club machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).
- 12.5 Members clubs and commercial clubs must:
- have at least 25 members
  - be established and conducted “wholly or mainly” for purposes other than gaming, unless the gaming is permitted by separate regulations
  - be permanent in nature.
- 12.6 Members clubs must, in addition to the above:
- not be established to make a commercial profit
  - be controlled by its members equally.
- 12.7 Members clubs include bridge and whist clubs, working men’s clubs, branches of Royal British Legion and clubs with political affiliations.
- 12.8 Commercial clubs have the same characteristics as members clubs however, the key difference is that they are established with a view to making profit. An example of this would be a snooker club.
- 12.9 A Licensing Authority may only refuse an application on the grounds that:
- a) the applicant does not fulfil the requirements for a members’ club or miners’ welfare institute or commercial club and therefore is not entitled to receive the type of permit for which it has applied;
  - b) the applicant’s premises are used wholly or mainly by children and/or young persons;
  - c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
  - d) a permit held by the applicant has been cancelled in the previous ten years; or
  - e) an objection has been lodged by the Gambling Commission or the police.
- 12.10 There is also a ‘fast-track’ procedure available under the Act for premises which hold a club premises certificate under the Licensing Act 2003. Under the fast-track procedure there is no opportunity for objections to be made by the Gambling Commission or the police, and the grounds upon which an authority can refuse a permit are reduced. The grounds for refusal are:

- a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12 of the Act;
- b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled.

12.11 There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant Codes of Practice about the location and operation of gaming machines.

### **13 Temporary use notices (TUNs)**

13.1 TUNs allow the holder of an operating licence to temporarily use a set of premises for gambling where there is no premises licence in place. Hotels, conference centres or sporting venues may typically utilise this permission. A set of premises can be subject to TUNs for up to 21 days in any 12 month period.

13.2 The notice must be lodged with the Licensing Authority no less than 3 months and one day from the event, and copies sent to the Gambling Commission, the police and HM Commissioner for Revenue and Customs.

13.3 There are a number of statutory limits regarding temporary use notices.

13.4 The definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place" and applicants will note paragraphs 6.2 which set out the expectations in this regard. In considering whether a place falls within the definition of "a set of premises", licensing authorities will need to look at, amongst other things, the ownership, occupation and control of the premises. For example, an exhibition centre may cover one set of premises. This compares to a shopping centre which may cover different sets of premises as it may be occupied and controlled by different people.

13.5 This is a new permission and the Licensing Authority will be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises.

#### **GLP14**

##### **Temporary use notices (TUNs)**

The Licensing Authority will expect the licensee to demonstrate that measures have been taken to promote the licensing objectives having regard to GLP1 - GLP10 where relevant. The Licensing Authority, will require 3 months and one day

written notice and copies sent to the Gambling Commission, the police and HM Commissioner for Revenue and Customs prior to the gambling event taking place.

## **14 Occasional use notices**

14.1 This notice allows for betting on a track without the need for a premises licence on 8 days or less in a calendar year. The Licensing Authority has very little discretion regarding these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This Licensing Authority will consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.

## **15 Small society lotteries**

15.1 Under the Act, a lottery is unlawful unless it runs with an operating licence or is an exempt lottery. The Licensing Authority will register and administer small society lotteries (as defined). Promoting or facilitating a lottery will fall within 2 categories:

- licensed lotteries (requiring an operating licence from the Gambling Commission) and
- exempt lotteries (including small society lotteries registered by the Licensing Authority).

15.2 Exempt lotteries are lotteries permitted to run without a licence from the Gambling Commission.

15.3 Societies may organise lotteries if they are licensed by the Gambling Commission or fall within the exempt category. The Licensing Authority recommends those seeking to run lotteries take their own legal advice on which type of lottery category they fall within. Guidance notes on all lotteries, limits placed on small society lotteries and information setting out financial limits is available by contacting the Licensing Service.

15.4 Applicants for registration of small society lotteries must apply to the Licensing Authority in the area where their principal office is located. Where the Licensing Authority believes that the Society's principal office is situated in another area it will inform the Society as soon as possible and where possible, will inform the other Licensing Authority.

15.5 Lotteries will be regulated through a licensing and registration scheme, conditions imposed on licences by the Gambling Commission, Codes of Practice and any Guidance. In exercising its functions with regard to small society and exempt lotteries, the Licensing Authority will have due regard to the Guidance.

15.6 The Licensing Authority will keep a public register of all applications and will provide information to the Gambling Commission on all lotteries registered by the Licensing Authority. As soon as the entry on the register is completed, the Licensing Authority will notify the applicant of their registration. In addition, the Licensing Authority will

make available for inspection by the public the financial statements or returns submitted by societies in the preceding 18 months and will monitor the cumulative totals for each society to ensure the annual monetary limit is not breached. If there is any doubt, the Licensing Authority will notify the Gambling Commission in writing, copying this to the Society concerned. The Licensing Authority will accept return information either manually but preferably electronically by emailing [licensing@hackney.gov.uk](mailto:licensing@hackney.gov.uk).

- 15.7 The Licensing Authority will refuse applications for registration if in the previous five years, either an operating licence held by the applicant for registration has been revoked, or an application for an operating licence made by the applicant for registration has been refused. Where the Licensing Authority is uncertain as to whether or not an application has been refused, it will contact the Gambling Commission to seek advice.
- 15.8 The Licensing Authority may refuse an application for registration if in their opinion:
- the applicant is not a non-commercial society
  - a person who will or may be connected with the promotion of the lottery has been convicted of a relevant offence or
  - information provided in or with the application for registration is false or misleading.
- 15.9 The Licensing Authority will ask applicants to complete an application form setting out the purposes for which the Society is established and will ask the Society to declare that they represent a bona fide non-commercial society and have no relevant convictions. The Licensing Authority may seek further information from the Society.
- 5.10 Where the Licensing Authority intends to refuse registration of a Society, it will give the Society an opportunity to make representations and will inform the Society of the reasons why it is minded to refuse registration and supply evidence on which it has reached that preliminary conclusion. In any event, the Licensing Authority will make available its procedures on how it handles representations.
- 15.11 The Licensing Authority may revoke the registered status of a Society if it thinks that they would have had to, or would be entitled to refuse an application for registration if it were being made at that time. However, no revocations will take place unless the Society has been given the opportunity to make representations. The Licensing Authority will inform the Society of the reasons why it is minded to revoke the registration in the same manner it would be minded to refuse registration.
- 15.12 Where a Society employs an external lottery manager, they will need to satisfy themselves that they hold an operator's licence issued by the

Gambling Commission and the Licensing Authority will expect this to be verified by the Society.

## **16 Enforcement and inspection**

- 16.1 The Licensing Authority will investigate complaints against licensed premises in relation to matters for which it has responsibility. The Licensing Authority recognises that certain bookmakers have a number of premises within its area. In order to ensure that any compliance issues are recognised and resolved at the earliest stage, operators are requested to give the Authority a single named point of contact, who should be a senior individual, and whom the authority will contact first should any compliance queries or issues arise.
- 16.2 Where it is appropriate to follow an inspection and/or enforcement approach, the Licensing Authority's principles are that it will be guided by the Guidance and will endeavour to be:
- proportionate: regulators should only intervene when necessary; remedies should be appropriate to the risk posed, and costs identified and minimised
  - accountable: regulators must be able to justify decisions, and be subject to public scrutiny
  - consistent: rules and standards must be joined up and implemented fairly
  - transparent: regulators should be open, and keep regulations simple and user friendly and
  - targeted: regulation should be focused on the problem, and minimise side effects.
- 16.3 This Licensing Authority will endeavour to avoid duplication with other regulatory regimes so far as possible.
- 16.4 The Licensing Authority has adopted and implemented a risk based inspection programme based on:
- the licensing objectives
  - relevant Codes of Practice
  - Guidance
  - the Policy.
- 16.5 The main enforcement and compliance role for this Licensing Authority is to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences, dealing also with concerns about manufacture, supply or repair of gaming machines.
- 16.7 Bearing in mind the principle of transparency, this Licensing Authority's enforcement protocol has been developed and is available upon request from the Licensing Service.

## **GLP15**

### **Enforcement**

The Licensing Authority will inspect premises that are the subject of a new premises licence application and reserves the right to inspect premises for which a permit or other permission has been sought from the Licensing Authority under the provisions of the Act.

- (a) Inspections will be undertaken by the Licensing Authority and/or a relevant responsible authority
- (b) Where the applicant has not allowed reasonable access permission will normally be refused.
- (c) The Licensing Authority and/or relevant responsible authority reserve the right to inspect premises at any time following the grant of a licence, permit or other permission, as permitted by the Act.

## **17 Licensing reviews**

17.1 Requests for a review of a premises licence can be made by interested parties or responsible authorities. The Licensing Authority will then decide whether the review is to be carried out on the basis of whether the request for the review is relevant.

17.2 Due consideration will be given to all representations unless the grounds:

- a) Are frivolous
- b) Are vexatious
- c) Are irrelevant
- d) Will certainly not cause the Licensing Authority to revoke or suspend a licence or to remove, amend or attach conditions on the premises licence
- e) Are substantially the same as the grounds cited in a previous application relating to the same premises; or the grounds are substantially the same as representations made at the time the application for a premises licence was considered.

17.3 The Authority will also consider whether the request for the review is:

- in accordance with any relevant code of practice issued by the Gambling Commission
- in accordance with any relevant Guidance
- reasonably consistent with the licensing objectives and
- in accordance with the Statement.

17.4 Where a valid application for a licence to be reviewed has been received, the Licensing Authority may initially arrange a conciliation meeting to address and clarify the issues of concern. This process will

not override the right of any interested party to ask that the licensing committee consider their valid representations, or for any licence holder to decline to participate in a conciliation meeting.

17.5 The Licensing Authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate or of its own volition.

17.6 Representations may include issues relating to the following:

The use of licensed premises for:

- the sale and distribution of class A drugs and/or the laundering of the proceeds of drugs crimes
- the sale and distribution of illegal firearms
- prostitution or the sale of unlawful pornography, sexual exploitation and trafficking
- organised crime activity
- the organisation of racist, homophobic or sexual abuse or attacks
- the sale of smuggled tobacco or goods or pirated DVDs
- the sale of stolen goods
- for the sale of items which require additional licences which are not in place, for example, for the sale of knives, alcohol and/or fireworks
- Children and/or vulnerable persons being put at risk.

17.7 This is not an exhaustive list and other matters may be considered.

## **18 Revocation and cancellation**

18.1 One of the possible outcomes of a review of premises licence is to revoke the licence where justified.

18.2 With regard to permits and registrations the Licensing Authority may seek to revoke these or cancel an annual renewal under certain circumstances. Generally this will be where the Licensing Authority thinks that they would have had to, or would be entitled to, refuse an application for a permit or registration if it were being made at that time.

18.3 However, no revocations or cancellations will take place unless the licensee or permit holders have been given the opportunity to make representations. The Licensing Authority will state reasons for why it is minded to revoke the authorisation and will provide an outline of the evidence on which it has reached that preliminary conclusion.

18.4 For FECs the Licensing Authority may refuse an application for renewal of a permit only on the grounds that an authorised local authority officer has been refused access to the premises without reasonable excuse, or that renewal would not be reasonably consistent with the pursuit of the licensing objectives.

## **19 Appeals**

- 19.1 In relation to premises licences, club gaming permits, club machine permits, and alcohol licensed premises gaming machines, any party to a Licensing Authority decision who is aggrieved by that decision may lodge an appeal to the magistrates' court within 21 days of receiving notice of the Authority's decision.
- 19.2 In relation to decisions on FEC gaming machine permits and travelling fairs, the applicant can lodge an appeal against the Authority's decision with the magistrates' court within 21 days of receiving notice of the Authority's decision.
- 19.3 A person giving notice of a TUN or those entitled to receive a copy of a TUN may lodge an appeal within 14 days from receipt of decision to the magistrates' court.
