Transforming Services Changing Lives Programme – a case for change and next steps

Item No

5

Outline

Attached please find a report from NHS North and East London Commissioning Support Unit on the latest stage of the *Transforming Services Changing Lives* programme.

The CCGs of Tower Hamlets, Waltham Forest, Newham, Redbridge and Barking & Dagenham plus NHS England, Barts Health NHS Trust and other local providers have established a clinical transformation programme called *Transforming Services, Changing Lives*.

A key element of the programme is to consider how best to ensure safe, effective and sustainable hospital services at Bart's Health hospitals, set in the context of local plans to further develop and improve primary, community and integrated care services.

The Committee last considered this programme at its meeting on 11 September 2014 and a link to the minutes of that meeting is [here](#).

The Interim Case for Change was published on 9 July 2014 after which the CSU ran a full Engagement Programme and this report presents the outcomes from that engagement.

Action

The Committee is requested to give consideration to the report.
