Transforming Services Together (TST)	

OUTLINE

At the INEL meeting on 25th July 2016, members requested that the Chair & Vice-Chair meet with senior officers from the relevant CCGs to discuss bringing more detailed reports regarding the *Transforming Services Together* (TST) programme to committee. The minutes of that meeting are included in this agenda.

The Chair and Vice-Chair met with CCG Chief Officers on 29th September 2016 and it was agreed that INEL would host two meetings in November for more detailed scrutiny of the TST across specific areas of concern identified by members.

This report and its accompanying summary include items covering:

- The financial implications of TST and progress on delivery;
- Modelling for the future of the primary care workforce.

The following INEL meeting which will take place on 17th November will explore TST further, receiving a report covering plans for self-care, elective care, and movement of services and patient journeys.
