### 1 Financial Considerations

The NEL STP will include activities to address current financial challenges. There is a clear emphasis on reconciliation of activity and finance between organisations. Implications for estates and workforce are being considered as part of the development of the STP.

### 2 Legal Considerations

The NEL STP Board is developing a plan as stipulated by the NHS England guidance.

### 3 Equality Impact Assessment

An equality screening has been completed to consider the potential equality impact of the proposals set out in the NEL STP. This can be viewed at <http://www.nelstp.org.uk> and includes:

- An overview of all the initiatives included in the NEL STP narrative to determine at which level equality analyses should be undertaken i.e. NEL STP level, Local Area Level, CCG/borough level or London-wide level.
- An initial assessment of the NEL STP overarching 'Framework for better care and wellbeing'.
- Actions to be undertaken during further detailed equality analyses.

The screening recognises that the initiatives included in the STP will be implemented at different times, hence further equality analyses will need to be undertaken over the life of the STP programme.
