1 Financial Considerations

The STP will include activities to address current financial challenges. There is a clear emphasis on reconciliation of activity and finance between organisations. Implications for estates and workforce are being considered as part of the development of the STP.

2 Legal Considerations

The East London Health & Care Partnership Board is developing a plan as stipulated by the NHS England guidance.

3 Equality Impact Assessment

An equality screening has been completed to consider the potential equality impact of the proposals set out in the STP. This can be viewed at <http://www.nelstp.org.uk> and includes:

- An overview of all the initiatives included in the STP narrative to determine at which level equality analyses should be undertaken i.e. East London Health & Care Partnership level, local area level, CCG/borough level or London-wide level.
- An initial assessment of the STP overarching 'Framework for better care and wellbeing'.
- Actions to be undertaken during further detailed equality analyses.

The screening recognises that the initiatives included in the STP will be implemented at different times, hence further equality analyses will need to be undertaken over the life of the STP programme.
