Future Shoreditch

What is Future Shoreditch?

Hackney Council is working on Future Shoreditch, a plan to meet the area's needs between now and 2034. You can check it out here: <https://www.hackney.gov.uk/future-shoreditch>

Why Shoreditch?

Shoreditch has grown massively in the past 20 years. It has attracted many new residents, visitors, and businesses and services. Obviously that's great, but there are downsides too. Rents are rising, and affordable workspace is increasingly hard to find. Future Shoreditch wants to make sure Shoreditch retains the special qualities and character that make it such a great place to be. Regeneration should mean a better quality of life for everybody, especially people who live here.

This stage: The Issues and Options Document

Future Shoreditch is still in its early stages. We need your help in identifying the issues and working out the options. So please come along to this meeting and tell us what you think.
