Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable for the late night levy
2. Describe the premises. For example, the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place of consumption of these off-supplies of alcohol, you must include a description of where the place will be and its proximity to the premises.
3. In terms of specific regulated entertainments please note that:
 - Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
 - Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
 - Indoor sporting events: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
 - Boxing or Wrestling Entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the

I make the following relevant representations in relation to the above application to vary the Premises Licence at the above address.

- 1) the prevention of crime and disorder
- 2) public safety
- 3) the prevention of public nuisance ✓
- 4) the protection of children from harm

Representations (which include comments and/or objections) in relation to:

The Environmental Protection Team would object to the grant of the licence; the application would not currently comply with the following Licensing Policy requirement:

LP2 Licensing Objectives

The applicant has not addressed the potential for nuisance arising.

The above representations are supported by the following evidence and information.

The applicant has stated they *“will have the necessary stuff to prevent noise and we will make sure the costumers leaving the place quietly and safe”* without providing any further details.

The Environmental Protection Team have received 3 complaints within the last year of smoke/odour nuisance. This is not thought to be significant, however, increased operational hours and customer turnover increases the potential for further odour and smoke nuisance. The present kitchen extract system and maintenance schedule needs to be adequate to cope with the new demand.

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

Submit documentation to show:

- a) That noise, smoke and/or odour nuisance will not arise from the extended use of the kitchen extraction system.
- b) The management of any noise and other ASB arising from additional customers.

Representations (which include comments and/or objections) in relation to:

Police make the following representations in relation to the application to vary the Premises Licence at CHEF CAFÉ BISTRO, 273 KINGSLAND ROAD, LONDON, E2 8AS for the following reason(s);

This premises is located on a main road that runs through the centre of Hackney, linking Shoreditch, Kingsland and Dalston. This premises is part of a parade of shops, bars and food establishments, but is surrounded by residential properties. There are several blocks of flats that house residents old and young. The hours proposed in this application are significantly later than the hours currently operated. During the hours on the existing licence and the proposed hours, customers behaviour is dramatically altered, usually as a result of large quantities of alcohol consumed. The customers attracted to this premises will be from the nearby bars and clubs. What experience does the applicant have of running licensed premises in a late night time economy area?

Police would like further information on what policies and procedures will be in place to deal with drunken and potentially aggressive behaviour and ensure that the licensing objectives are not undermined.

Police would like to clarify a couple of points from the application;

- Section I of the application - Late Night Refreshment - states 'after 1am we are not going to sell alcohol to the public and we accept only take away orders after 1am'. Does this mean that the shop will be closed to the public and orders will be taken for food deliveries only?
- Also Section I - Application states - 'we are planning to open only weekends till 2 or 3am'. This being the case, what time do you expect to open until during the week? The timings on the application should be amended to reflect this.
- Section J - Supply of Alcohol requests sale of alcohol on and off the premises until 0100hrs everyday. LP4 of the Statement of Licensing Policy states that 'hours of the supply of alcohol will generally be restricted to between 0800hrs - 2300hrs. Police propose the hours be amended so that all off sales cease at 2300hrs.

Police look forward to hearing from the applicant soon.

The above representations are supported by the following evidence and information.

COMMENTS

I make the following relevant representations in relation to the above application.

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance
- the protection of children from harm

Representations (which include comments and/or objections) in relation to:

I write to make a representation in relation to this application. The additional hours of activity may have a negative impact on the promotion of the licensing objectives, in particular, the prevention of public nuisance. Residential premises appear to be located close by which may suffer negative harm as a result of any additional trading hours.

As the hours on the existing licence are already aligned with those set out in Policy LP3 (Core Hours) the applicant is advised to note the following extract from that section:

“Later hours may be considered where the applicant has identified any risk that may undermine the promotion of the licensing objectives and has put in place robust measures to mitigate those risks.”

The applicant has not offered any new measures to promote the licensing objectives.

The above representations are supported by the following evidence and information.

The Licensing Act 2003, Statement of Licensing Policy 2018-2023 and S182 Guidance issued by the Home Office.

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

Discussion with the applicant to obtain further information in relation to the proposed operation and the matters raised above.

APPENDIX C

OBJECTION UNDER 2003 LICENSING ACT

Objection by: ■■■■■
Kingsland Road, London, E2 ■■■■.

Application Address: Chef Café Bistro, 273
Kingsland Road, London, E2 8AS.

Summary of Application: Application for variation of premises licence to include late night refreshment from 23:00 to 03:00am Mon to Sat and from 23:00 to 01:00am Sun and to extend supply of alcohol till 01:00am Mon to Sat and till 00:00 Sun.

November 2018

1.0 INTRODUCTION

1.1 This objection is submitted on behalf of [REDACTED] Kingsland Road, London, E2 [REDACTED] against the licensing application at Chef Café Bistro, 273 Kingsland Road, London, E2 8AS. [REDACTED] has retained the services of [REDACTED] to make this objection.

1.2 [REDACTED] lives [REDACTED] has experienced nuisance and disturbance from the operation of the current premises.

2.0 BACKGROUND / CONTEXT

2.1 The premises in question was granted planning permission in March 2017 under Application Ref. No. 2016/4580. Condition No. 4 of the planning permission states:

“The use hereby permitted shall not be open to members of the public outside the following hours:

07:00am - 23:00pm on Mondays to Saturdays

08:00am - 22:30pm on Sundays and Bank Holidays”

Thus to approve the proposed licensing application would result in a flagrant breach of a planning condition attached to the premises. The premises does not have planning permission to operate beyond 11pm Monday to Saturdays or beyond 10.30pm on Sundays and Bank Holidays.

2.2 Condition No. 5 of the planning permission in question states:

“Full particulars and details of provisions for soundproofing between ground and first floor shall be submitted to and approved by the Local Planning Authority, in writing, before the commencement of works on site, and subsequently installed and retained in the building in a satisfactory manner, before the development is first occupied/use commenced”.

It is not known if any such details were approved and there is a risk that the existing building is not sufficiently soundproofed.

2.3 Condition No. 10 of the planning permission in question states:

“Any external flue must be fixed to the wall with anti-vibration mountings and the mechanical ventilation must discharge at one metre above eaves level and be vertical towards the sky with no restriction to the final opening, such as a plate, cap or cowl.”

Whilst an extraction system is in place for the premises, to Mr. Fleming's knowledge the extraction system has not been carried out in full accordance with this condition, and thus it could be in breach of planning permission.

3.0 VALIDITY OF APPLICATION

3.1 The validity of the application is questioned as the applicant has not seen a licensing application notice displayed on the premises (and certainly not in a conspicuous position) and has only found out about the application by chance. It is submitted that many neighbours to the premises will not be aware of the application due to the failure to display a notice on the premises and this prejudices the opportunity for many to make comments on the application.

4.0 OBJECTIONS

4.1 In accordance with the 2003 Licensing Act, objections are discussed under the relevant headings below.

The Prevention of Crime and Disorder

4.2 The stretch of Kingsland Road in question has a number of bars and clubs selling alcohol. It is ██████████ experience that late-night street noise and anti-social behaviour is a significant problem. He has had to call the non-emergency police number on numerous occasions in recent months due to the severity of such issues (reference numbers for these calls can be provided).

4.3 Crime statistics for the area back up ██████████ experience. According to data from www.crime-statistics.co.uk there have been 17 reported incidents in the E2 8AS postcode region alone in just September this year - see Figure 1 below.

Number of Crimes in London, Greater London (Hackney), E2 8AS, England September 2018

Figure 1 – data from www.crime-statistics.co.uk for the Month of September 2018

4.4 *It is considered the proliferation of late night premises is contributing to crime in the area. The sale of alcohol until 1am and takeaway food until 3am in the application premises will only exacerbate existing crime in the area. There is no need for a further late night take-away in the area.*

Public Safety

4.5 Given the non-compliance with planning issues cited above, it is queried whether there may be compliance issues with other statutory codes such as building regulations and environmental health.

Prevention of Public Nuisance

4.6 As detailed above, the premises does not have planning permission to open during the hours sought under the application. Therefore it would be remiss of the Licensing Authority to permit the application. *It is essential that planning permission be in place for the opening hours sought before any licence is granted.*

4.7 Also as detailed above, there are concerns with regards the adequacy and compliance (in planning terms) of extraction associated with the premises. The premises cooks predominantly grilled meat, and [REDACTED] regularly experiences odours both outside and inside his house, sometimes even when the windows in his home are closed. This is indicative of an ineffective extraction system.

At the very least and without prejudice to objection points above, the applicant should be requested to verify the adequacy and compliance (in planning permission terms) of existing odour extraction measures. The applicant believes that to have existing operations continue until 3am would be intolerable for him.

4.8 There is concern that comings and goings of vehicles to/from the premises late at night would cause significant disturbance to neighbours. Issues such as engines revving, vehicle doors closing, and conversations would all contribute to noise and nuisance. There are residential units immediately above, abutting and opposite the premises.

Protection of Children from Harm

4.9 [REDACTED] has no comment to make with regards this matter except to have it noted that there are many family livings nearby and rather than adding to late night premises in the area, the Licensing Authority should be seeking to curtail and reduce such premises in the interests of protecting residential amenity in general.

5.0 CONCLUSION

5.1 Having regard to the concerns set out above it is requested that the licensing application be refused. [REDACTED] requests to be notified of any developments with the application.
