

Living in Hackney Scrutiny Commission 30th September 2019 Item 5 - Item to inform likely review – Context on Registered Providers operating in Hackney	Item No 5
--	---------------------

Outline

In its July meeting the Commission discussed using its main review for the year to explore a range of areas around housing management. Within this, Members suggested seeking to identify good practice amongst Registered Housing Providers / Housing Associations, possibly shaped around 4 consumer standards set by the Registered Provider of Social Housing.

With the review likely to include consideration of the work of Registered Housing Providers, this item has been scheduled to provide some background context to Members. This is in relation to the numbers and profiles of the Registered Providers / Housing Associations operating in the borough, their stock numbers, the different approaches / models which they may follow, and the ways in which they interact with the Council.

James Goddard is the Council's Director for Regeneration, with responsibility for the Council's liaison with Registered Providers. He will be in attendance at the meeting to present and answer questions.

The item is intended to help inform a later discussion on how the Commission might approach its review, and the areas it might cover.
