CE CS 003 Employment & Skills - External risks	<p>The Hackney Works service delivers employment advice, support and signposting to residents who are unemployed or underemployed. The wider Employment and Skills service works with businesses to broker a range of opportunities as well as developing new opportunities in house, for example, through the Corporate Apprenticeship Programme.</p> <p>There a number of external risks that could have a significant impact both in terms of increasing the level of need in the borough and compromising the service's ability to deliver. These include:</p> <ul style="list-style-type: none"> Welfare Reform. Continued changes to the benefits system resulting in further reduction to the welfare 'safety net' likely to significantly increase demands for employment & skills services. The impact of Brexit on available funding. Traditionally EU funding – particularly ESF – has been a key funding source of revenue for employment & skills. This will no longer be available post Brexit. This reduction in resource needs to be seen alongside the ongoing lack of government funding for local authority led employment and skills programmes since 2010. Skill levels: Local/regional employers are increasingly demanding around skills levels of employees, this is related to pressures on improving productivity and decreased investment in work training. The increased divergence of skill levels of Hackney residents may result in a lack of access to opportunity 	SPED		Control reviewed June 2019

	for certain cohorts. This is compounded by ongoing cuts to FE and ACL budgets.

CE CS 003a Employment & Skills - External risks	<ul style="list-style-type: none"> A new management structure of Employment & Skills Service has been implemented. This provides strategic oversight and managerial support for the service. A new Welfare Reform employment adviser post has been introduced to ensure we can support clients affected by the introduction of Universal Credit. An overarching funding strategy for service is currently in development. Work is underway to improve the training and developmental offer of the Hackney Works service to address the need for upskilling – this will include better integration with the Hackney Learning Trust Adult Learning offer. CE CS 004 Employment & Skills - Safety and security	<p>Hackney Works is a key front-line service for vulnerable residents. Service delivery is from 3 'Opportunity Hubs'; through outreach in locations including voluntary sector organisations, youth hubs, job centres, housing estates; and in schools/colleges.</p> <p>This places staff and other service users at risk which requires effective management – particularly in the context of increasing pressures on personal finances (in the context of welfare reform) as well as wider UK security issues.</p>	SPED
