

Living in Hackney Scrutiny Commission 14th January 2020 Item 5 – Thames Water Main Burst in the N4 area - summary of response by the Council	Item No 5
--	-------------------------

OUTLINE

Homes in the N4 area of the borough were flooded on 8th October 2019, following a mains burst on the Thames Water network. The burst also affected water supply for a wider area.

Thames Water are responsible for managing and maintaining the water main network across London and the Thames Valley. However, this item will provide a short summary of the response of the Council to the incident.

A paper provided to support this item is available on pages 3 – 6.

Guests expected:

- Aled Richards, Director of Public Realm, Hackney Council
- Andy Wells, Manager, Civil Protection Service, Hackney Council

ACTION

Members are asked to review the paper enclosed detailing the Council's response to the flooding in N4. They are invited to ask questions of Officers in attendance.
