

Proposed Social Regeneration Indicator	Definition	Source
<b>A healthier life</b>		
<b>Healthy life expectancy at birth</b>	A measure of the average number of years a person would expect to live in good health based on mortality rates and prevalence of self-reported good health. The prevalence of good health is derived from responses to a survey question on general health.	<a href="#">PHE wider determinants of health profile</a>
<b>Healthy neighbourhoods index</b> % of people who live in LSOAs which score in the poorest performing 20% on the Access to Health Assets and Hazards (AHAH) index	The AHAH index is calculated using three domains: access to retail services (fast food outlets, gambling outlets, pubs/bars/nightclubs, off licences, tobacconists), access to health services (GP surgeries, A&E hospitals, pharmacies, dentists and leisure centres), and physical environment (access to green spaces, and three air pollutants: NO2 level, PM10 level, SO2 level). The AHAH index provides a summary of an area's relative performance on these indicators (the second and third domains are health promoting and the first is health demoting). It provides information on how conducive to good health an area is relative to other areas.	<a href="#">PHE wider determinants of health profile</a>
<b>Social isolation</b> % of adult social care users who have as much social contact as they would like	The percentage of respondents to the Adult Social Care Users Survey who say they have as much social contact as they want with people they like.	<a href="#">PHE wider determinants of health profile</a>
<b>Young people's emotional health</b> Estimated % of 5-16 year olds with emotional disorders	The number of school children who are identified as having social, emotional and mental health needs expressed as a percentage of all school pupils.	<a href="#">PHE children &amp; young people's mental health &amp; wellbeing profile</a>
<b>Physical activity</b> % of adults who are physically inactive	The number of respondents aged 19 and over, doing less than 30 moderate intensity equivalent minutes physical activity per week (in bouts of 10	<a href="#">PHE Physical Activity Outcomes</a>

	minutes or more) in the previous 28 days expressed as a percentage of the total number of respondents aged 19 and over.	
<b>Childhood obesity</b> % of Year 6 children who are overweight or obese	Proportion of children aged 10-11 classified as overweight or obese. Children are classified as overweight (including obese) if their BMI is on or above the 85th centile of the British 1990 growth reference (UK90) according to age and sex.	<a href="#">PHE NCMP local authority profile</a>
<b>A place to belong</b>		
<b>People who feel able to influence local decisions</b> % of adults who feel they can personally influence decisions affecting their local area	The number of respondents who reported that they feel they can influence decisions affecting their local area expressed as a percentage of total survey respondents	<a href="#">Community Life Survey (national)</a> GLA Survey of Londoners (Local)
<b>Local regeneration satisfaction</b> % of residents who choose to stay in the local area when rehoused as part of an estate regeneration (Ayelsbury)	The number of residents who choose to stay in the local area (either on Ayelsbury estate or nearby roads) instead of choosing to be rehoused in a different part of the borough or outside the borough. As a percentage of total residents rehoused.	Southwark Regeneration team
% of residents who are rehoused in the local area (local lettings scheme-other areas of borough)	The % of new build/ redeveloped properties that are allocated to local tenants in housing need as part of the local lettings scheme. This is designed to sustain local communities.	Southwark Housing team
<b>Getting on well with neighbours</b> % of adults who think their local area is a place where people from different backgrounds get on well together	The number of respondents who reported that they their local area is a place where people from different backgrounds get on well together expressed as a percentage of total survey respondents	<a href="#">Community Life Survey (national)</a> GLA Survey of Londoners (Local)
<b>Social Mobility Index</b> Ranks local authorities on the prospects of disadvantaged young people in each area	The Social Mobility Index compares the chances that a child from a disadvantaged background will do well at school and get a good job across each of the 324 local authority district areas of England. It examines a range	<a href="#">Social Mobility Commission</a>

	of measures of the educational outcomes achieved by young people from disadvantaged backgrounds and the local job and housing markets to shed light on which are the best and worst places in England in terms of the opportunities young people from poorer backgrounds have to succeed.	
<b>A full employment borough</b>		
<b>People who volunteer</b> % of people who have done any forms of voluntary work in the last 12 months	The number of respondents who reported that they have done any voluntary work in the last 12 months expressed as a percentage of total survey respondents	<a href="#">Community Life Survey (national)</a> GLA Survey of Londoners (Local)
<b>Working standards</b> % of employees in Southwark paid below the LLW	The proportion of jobs in workplaces in Southwark that are paid below London living wage (regardless of where the employees live)	<a href="#">Trust for London</a>
<b>Employment rate</b> % of residents employed	The proportion of Southwark residents aged 16-64 that are in employment (self-employed and employees). This information is collected via the ONS annual national survey so is not exact.	<a href="#">ONS National Survey</a>
<b>Gender pay gap</b>	The difference between average hourly earnings (excluding overtime) of men and women as a proportion of average hourly earnings (excluding overtime) of men. For example, a 4% GPG denotes that women earn 4% less, on average, than men. Conversely, a -4% GPG denotes that women earn 4% more, on average, than men. This data is survey based and not exact	<a href="#">ONS Annual Survey of Hours and Earnings</a>
<b>Apprenticeships</b> Number of Southwark Residents starting apprenticeships	The number of Southwark residents starting apprenticeships. This is collected on a quarterly basis but the number here is the figure up to Q3 of 2017/18	<a href="#">Southwark Local Economy team</a>

<p><b>Job Density</b> the ratio of total jobs to population aged 16-64.</p>	<p>The density figures represent the ratio of total jobs to population aged 16-64. Total jobs includes employees and self-employed. For example, a job density of 1.0 would mean that there is one job for every resident aged 16-64.</p>	<p><a href="#">ONS National Survey</a></p>
<p><b>A safer community</b></p>		
<p><b>Perception of safety</b> % of people who feel safe when out and about in their local area</p>	<p>The % of people who respond to the residents survey saying they feel safe in their local area</p>	<p>Southwark Residents Survey</p>
<p><b>A Vibrant Southwark</b></p>		
<p><b>Digital connectivity</b> % of people who go online occasionally or more</p>	<p>The number of respondents who reported that they go on line at least occasionally expressed as a percentage of total survey respondents</p>	<p>GLA Survey of Londoners</p>
<p><b>Access to culture</b> % of people who have participated in a cultural activity in the last month</p>	<p>The number of respondents who reported that have participated in a cultural activity in the past month as expressed as a percentage of total survey respondents</p>	<p>GLA Survey of Londoners</p>
<p><b>Vibrant High Streets</b> Number of vacant shop units in the borough</p>	<p>Number of vacant shop units in protected shopping frontages in the borough</p>	<p>Southwark Planning Policy team</p>
<p><b>A great start in life</b></p>		
<p><b>Child Poverty</b> % of all children living in relative poverty</p>	<p>Percentage of children in low income families (children living in families in receipt of out of work benefits or tax credits where their reported income is less than 60% median income) for under 16s only</p>	<p><a href="#">PHE wider determinants of health profile</a></p>
<p><b>NEETs</b> % of 16-17 year olds not in education, employment or training or whose activity is not known</p>	<p>Proportion of 16-17 year old residents not in education, employment or training (NEET) or whose activity is not known out of all the 16-17 year olds known by the local authority.</p>	<p><a href="#">PHE wider determinants of health profile</a></p>

<p><b>Progress 8</b> Pupil progress between KS2 &amp; KS4 relative to the England average</p>	<p>Progress 8 captures the progress a pupil makes from the end of primary school to the end of secondary school. It is a type of value added measure where pupils' results are compared to the actual achievements of other pupils with similar prior attainment.</p>	<p><a href="#">DfE school performance</a></p>
<p><b>A place to call home</b></p>		
<p><b>Satisfaction with local area</b> % of people who think that Southwark is changing for the better</p>	<p>The proportion of Southwark residents who answered that they thought Southwark was changing for the better in the resident's survey.</p>	<p><a href="#">Southwark Residents Survey</a></p>
<p><b>Genuine housing affordability</b> % of all new homes that are London living rent properties (gross)</p> <p>% of all new homes that are social rent properties (gross)</p>	<p>London Living Rent is reduced rent set by the GLA for each borough. They are derived from average local income and ward-level house prices. Broadly the rent level for a 2 bedroom property is based on one third of local median monthly market rent. The Planning team will start recording the number of London living rent properties being delivered in the Annual Monitoring Report going forward.</p> <p>These indicators measure the proportion of all new homes being built in the borough that are social rent/ London Living Rent properties.</p>	<p><a href="#">Housing AMR</a></p>
<p><b>Good Quality Housing</b> % of homes meeting the decent homes standard?</p>	<p>The proportion of all Southwark properties (does not include private rented properties) that are classified as meeting the decent homes standard out of all of Southwark's homes.</p>	<p><a href="#">Southwark Housing Team</a></p>
<p><b>Housing affordability</b> Ratio of median house price in borough to median annual earnings</p>	<p>This indicator is a ratio of the median house price in the borough to median annual earnings. The house price data is based on the HPSSA data. The income data only includes gross earnings of full-time employees from PAYE records.</p>	<p><a href="#">ONS housing affordability</a></p>

<p>% of median monthly income spent on rent (lower quartile)</p>	<p>The monthly rent level for a two-bedroom property in Southwark as a percentage of gross full-time earnings in the borough. This is the lower quartile (bottom 25%) for both earnings and rents.</p>	<p><a href="#">Trust for London</a></p>
<p><b>A greener borough</b></p>		
<p><b>Air Quality</b> Percentage of (permanent) monitoring sites per year above the 40µg.m-3 limit</p>	<p>There are 15 air-quality monitoring sites in Southwark where NO2 data has been collected for at least 5 years continuously. Using these sites in the indicators enables us to see how air quality is changing in the same areas over time. This indicator measures the number of these sites that are above the legal annual limit as a proportion of all the long-term monitoring sites.</p>	<p><a href="#">Southwark Annual Air Quality Report</a></p>
<p>PM2.5 level</p>	<p>Annual concentration of human-made fine particulate matter (PM2.5) at an area level, adjusted to account for population exposure. PM2.5 has a metric of micrograms per cubic metre (µg/m3).</p>	<p><a href="#">PHE wider determinants</a></p>
<p><b>Publicly accessible space</b> Total publicly accessible open space per 1,000 population</p>	<p>This measures the total <b>publicly accessible</b> open space in the borough per 1000 population. In Southwark 59.3% of open space is publicly accessible, 35% is subject to restricted access and 5.7% has no public access.</p>	<p><a href="#">Southwark open space strategy evidence base</a> <a href="#">Authority monitoring report (ongoing)</a></p>
<p><b>Movement</b> % of residents doing at least two x10 minutes of active travel a day</p>	<p>The % of residents doing at least 2x 10 minutes of active travel a day. This is collected by TFL through the London Travel Demand Survey- a survey of personal travel by London residents with 8,000 households surveyed each year.</p>	<p><a href="#">Southwark transport policy team</a></p>
<p>Vehicle kilometres in given year (millions)</p>	<p>The number of vehicle kilometres (in millions) each year in the borough. This information is obtained from Department for Transport traffic statistics.</p>	<p><a href="#">Southwark transport policy team</a></p>
