

Living in Hackney Scrutiny Commission 23rd June 2020 Item 4 – Stop and Search & Trust and Confidence	Item No 4
--	---------------------

Outline

The Commission's scrutiny review highlighted some indicators suggesting lower than average levels of trust and confidence (meeting held on 31st January 2019). The Commission learned a range of activities were being delivered by the police in this area including the activities being delivered by the newly formed BCU-wide Trust and Confidence Board. This item is an update on that area of work and a look at the impact of Covid - 19.

At the Commission's meeting in January 2019 the Commission heard about the roll out of body worn cameras, and work with the IAGs, the Safer Neighbourhood Board, and programmes in schools to improve understandings on both sides about stop and search. This item is an update on that area of work and a look at the impact of Covid - 19.

The full record of the discussion from January 2019 is available [here](#).

The discussion will cover

- Stop and Search
- Trust and Confidence

The following reports are attached in the agenda:
