## **OUTLINE**

The roll out of the vaccinations programme for Covid-19 is dominating the work of the local NHS bodies and we heard in detail about it at the previous meeting on 31 March. We've asked for an update from the Vaccinations Steering Group (CCG/GP Confed).

This is a fast-moving situation and to ensure that the briefing is as up to date as possible for 8<sup>th</sup> June officers will submit it to members on the 7<sup>th</sup> and it will be included in the published document folder and tabled on the night.

The update will be for noting.
