

<b>Health in Hackney Scrutiny Commission</b>  6 <sup>th</sup> January 2021  <b>North East London system response to the national consultation on Integrated Care Systems</b>	Item No  <b>6</b>
--	-------------------------

## OUTLINE

On 26 November NHS England launched a consultation on the next steps for Integrated Care Systems in England. It closes on 8 Jan 2021. City and Hackney's Integrated Care Board Members are contributing to a single formal response from the NEL system.

NHS England is asking respondents to choose one of two possible options for enshrining ICSs in legislation, without triggering a distracting (their words) top-down re-organisation:

*Option 1: a statutory committee model with an Accountable Officer that binds together current statutory organisations.*

*Option 2: a statutory corporate NHS body model that additionally brings CCG statutory functions into the ICS. (their preferred option)*

Attached please find:

- 1.) *Integrated Care – next steps to building strong and effective Integrated Care Systems across England* – the consultation document from NHSE
- 2.) East London Health and Care Partnership's summary of the proposals and comments on implications and next steps, which went to the December meeting of City & Hackney ICB
- 3.) A briefing to City and Hackney's ICBs on the transitional governance plans from January (for their Dec meeting)
- 4.) NHS Providers produced a briefing on 26 Nov setting out their own position on the changes

Invited for this item are the Chair and MD or City and Hackney CCG and the Cabinet Member for Health, Social Care and Leisure

## ACTION

The Commission is requested to give consideration to the briefing and make any recommendations as necessary to the Cabinet Member.
