

<b>Living in Hackney Scrutiny Commission</b> <b>9<sup>th</sup> November 2020</b> <b>Item 4 – Stop and Search and Inclusive Policing</b>	Item No <b>4</b>
---	---------------------

### **Outline**

The Living in Hackney Scrutiny Commission initially commenced this work following their meeting in January 2019 when the Commission heard about the roll out of body worn cameras, work with the Account Group, Safer Neighbourhood Board and programmes in schools to improve understanding on both sides about stop and search.

Concern about the growing distance between the community and police (especially with young people) has led to the Commission schedule an update meeting in June 2020. Following this meeting the Commission wanted to have a broader discussion about stop and search and inclusive policing and to include the Independent Office for Police Conduct (IOPC). Also to consider how the police and councils (not just LBH) can address concerns (linked to the stop and search activity) about community relations and trust & confidence between the police and local communities.
