### **Conditions derived from operating schedule**

1. CCTV system shall be at the premises with remote access available.

### **Conditions derived from Responsible Authority representations**

2. Deliveries to the premises and refuse collection shall not take place between 23:00 and 07:00 hours the following day.
3. Rubbish including bottles or cans shall not be deposited outside the premises between 2300 and 0700 hours the following day.
4. No music or amplified sound shall be generated within the premises so as to give rise to nuisance within neighbouring dwellings.
5. Customers will not be admitted to premises outside of opening hours and will not be allowed to make orders in person or collect orders in person during the hours 00:00 – 05:00.
6. Staff will not loiter or socialise outside the premises either at the front or rear during the hours of 00:00 – 05:00, this includes going outside to smoke.
7. Vehicle horns are not to be used inappropriately (for example, to attract the attention of colleagues).

8. Vehicle engines will not be revved or allowed to idle unnecessarily. The drivers are to load their vehicles, start their engines and leave promptly in a considerate manner so as not to create more noise than is necessary.
9. Where cars are used for deliveries, drivers will not slam doors.
10. Delivery vehicles will be road worthy, in good working order and their condition monitored on a daily basis, as part of the manager's checklist. Vehicles with faults that lead to noisier operation than normal (such as issues with the exhaust) will not be used until repaired.
11. A log will be maintained of which driver uses which delivery vehicle during a shift so that if noise complaints are received and the offending vehicle has been identified, the driver can also be identified and given appropriate retraining and advice on controlling noise.

13. Doors to the premises, both front and rear, shall be kept closed at all times, except when drivers must leave or enter the premises or staff need to collect stock items or take waste to bins. Care shall be taken to open and close doors quietly.
14. Where waste is taken to bins during the hours of 00:00 – 05:00 the waste shall be placed in bins and not thrown in. The lid of the bins shall be opened and closed quietly.
15. Noise generating activities relating to the operation of the premises (activities that will result in banging and clanging of utensils or oven doors) must be kept to a minimum.
16. All staff will be made aware of the premises licence and the requirements to control noise during their shift and particularly when arriving and departing with deliveries. A record of this training shall be maintained for all staff members.
17. All staff will be made fully aware and conversant with the noise management policy and procedures.
18. Prominent, clear and legible notices will be displayed at the exits requesting the drivers to respect residents and to leave the premises and the area quietly.
19. The Licensee shall ensure that all staff are fully trained and made aware of the legal requirement of businesses to comply with their responsibility as regards the

disposal of waste produced from the business premises. The procedure for handling and preparing for disposal of the waste shall be in writing and displayed in a prominent place where it can be referred to at all times by staff.

20. The Licensee shall ensure that any contract for general and recyclable waste disposal shall be appropriate in size to the amount of waste produced by the business. The Licensee shall maintain an adequate supply of waste receptacles provided by his registered waste carrier (refuse sacks or commercial waste bins) in order to ensure all refuse emanating from the business is always presented for collection by his waste carrier and shall not use any plain black or unidentifiable refuse sacks or any other unidentifiable or unmarked waste receptacles.
21. The Licensee's premises are situated in an area within which refuse may only be left on the public highway at certain times (time bands). If the Licensee's waste carrier cannot or does not comply by collecting the refuse within an hour after the close of any time band imposed by the waste authority, the Licensee must remove the refuse from the public highway and/or keep it within the premises until such time as his/her waste carrier arrives to collect the refuse.
22. The Licensee shall instruct members of staff to make regular checks of the area immediately outside the premises and remove any litter, bottles and glasses emanating from the premises. A final check should be made at close of business.
23. The Licensee shall provide a safe receptacle for cigarette ends to be placed outside for the use of customers, such receptacle being carefully placed so as not to cause an obstruction or trip.
24. The current trade waste agreement/duty of care waste transfer document shall be conspicuously displayed and maintained in the window of the premises where it can be conveniently seen and read by persons standing in Unit D, 230-240 Stoke Newington High Street. This should remain unobstructed at all times and should clearly identify:-

  - the date of expiry of trade waste contract
  - the days and times of collection
  - the type of waste including the European Waste Code

### COMMENTS

I make the following relevant representations in relation to the above application to vary the Premises Licence at the above address.

- 2) public safety      □
- 3) the prevention of public nuisance      ◆
- 4) the protection of children from harm      □

Representations (which include comments and/or objections) in relation to:

**Police make the following representations in relation to the application for a Premises Licence at PIZZA HUT, UNIT D, 230/240 STOKE NEWINGTON HIGH STREET, LONDON, N16 for the following reason(s);**

This premises is located on Stoke Newington High St, which is the main road running through the centre of Stoke Newington. This application seeks permission for late night refreshment until 0500hrs everyday, which would effectively give the premises a licence to sell hot food 24 hours a day everyday.

Police have concerns that the constant coming and going of vehicles 24 hours a day will disturb local residents. The application does not detail what kind of vehicles will be used by the premises and Police would want to avoid any noise that would be a nuisance to residents from engine noises and/or doors slamming from mopeds or cars/vans that are parking, collecting and then delivering orders, which could be a constant nuisance. Has the applicant given thought to the use of electric vehicles only?

Although this premises is on a main road, it does become much quieter late at night and into the early hours of the morning. Police have submitted two photographs with this application that shows the residential properties that are above this premises. The premises is also on the junction of Cazenove Road, which is a residential street and there are residential properties opposite also.

Police look forward to hearing from the applicant soon to discuss a way forward for this application.

The above representations are supported by the following evidence and information.

Personal knowledge of the local area and issues in the area.

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

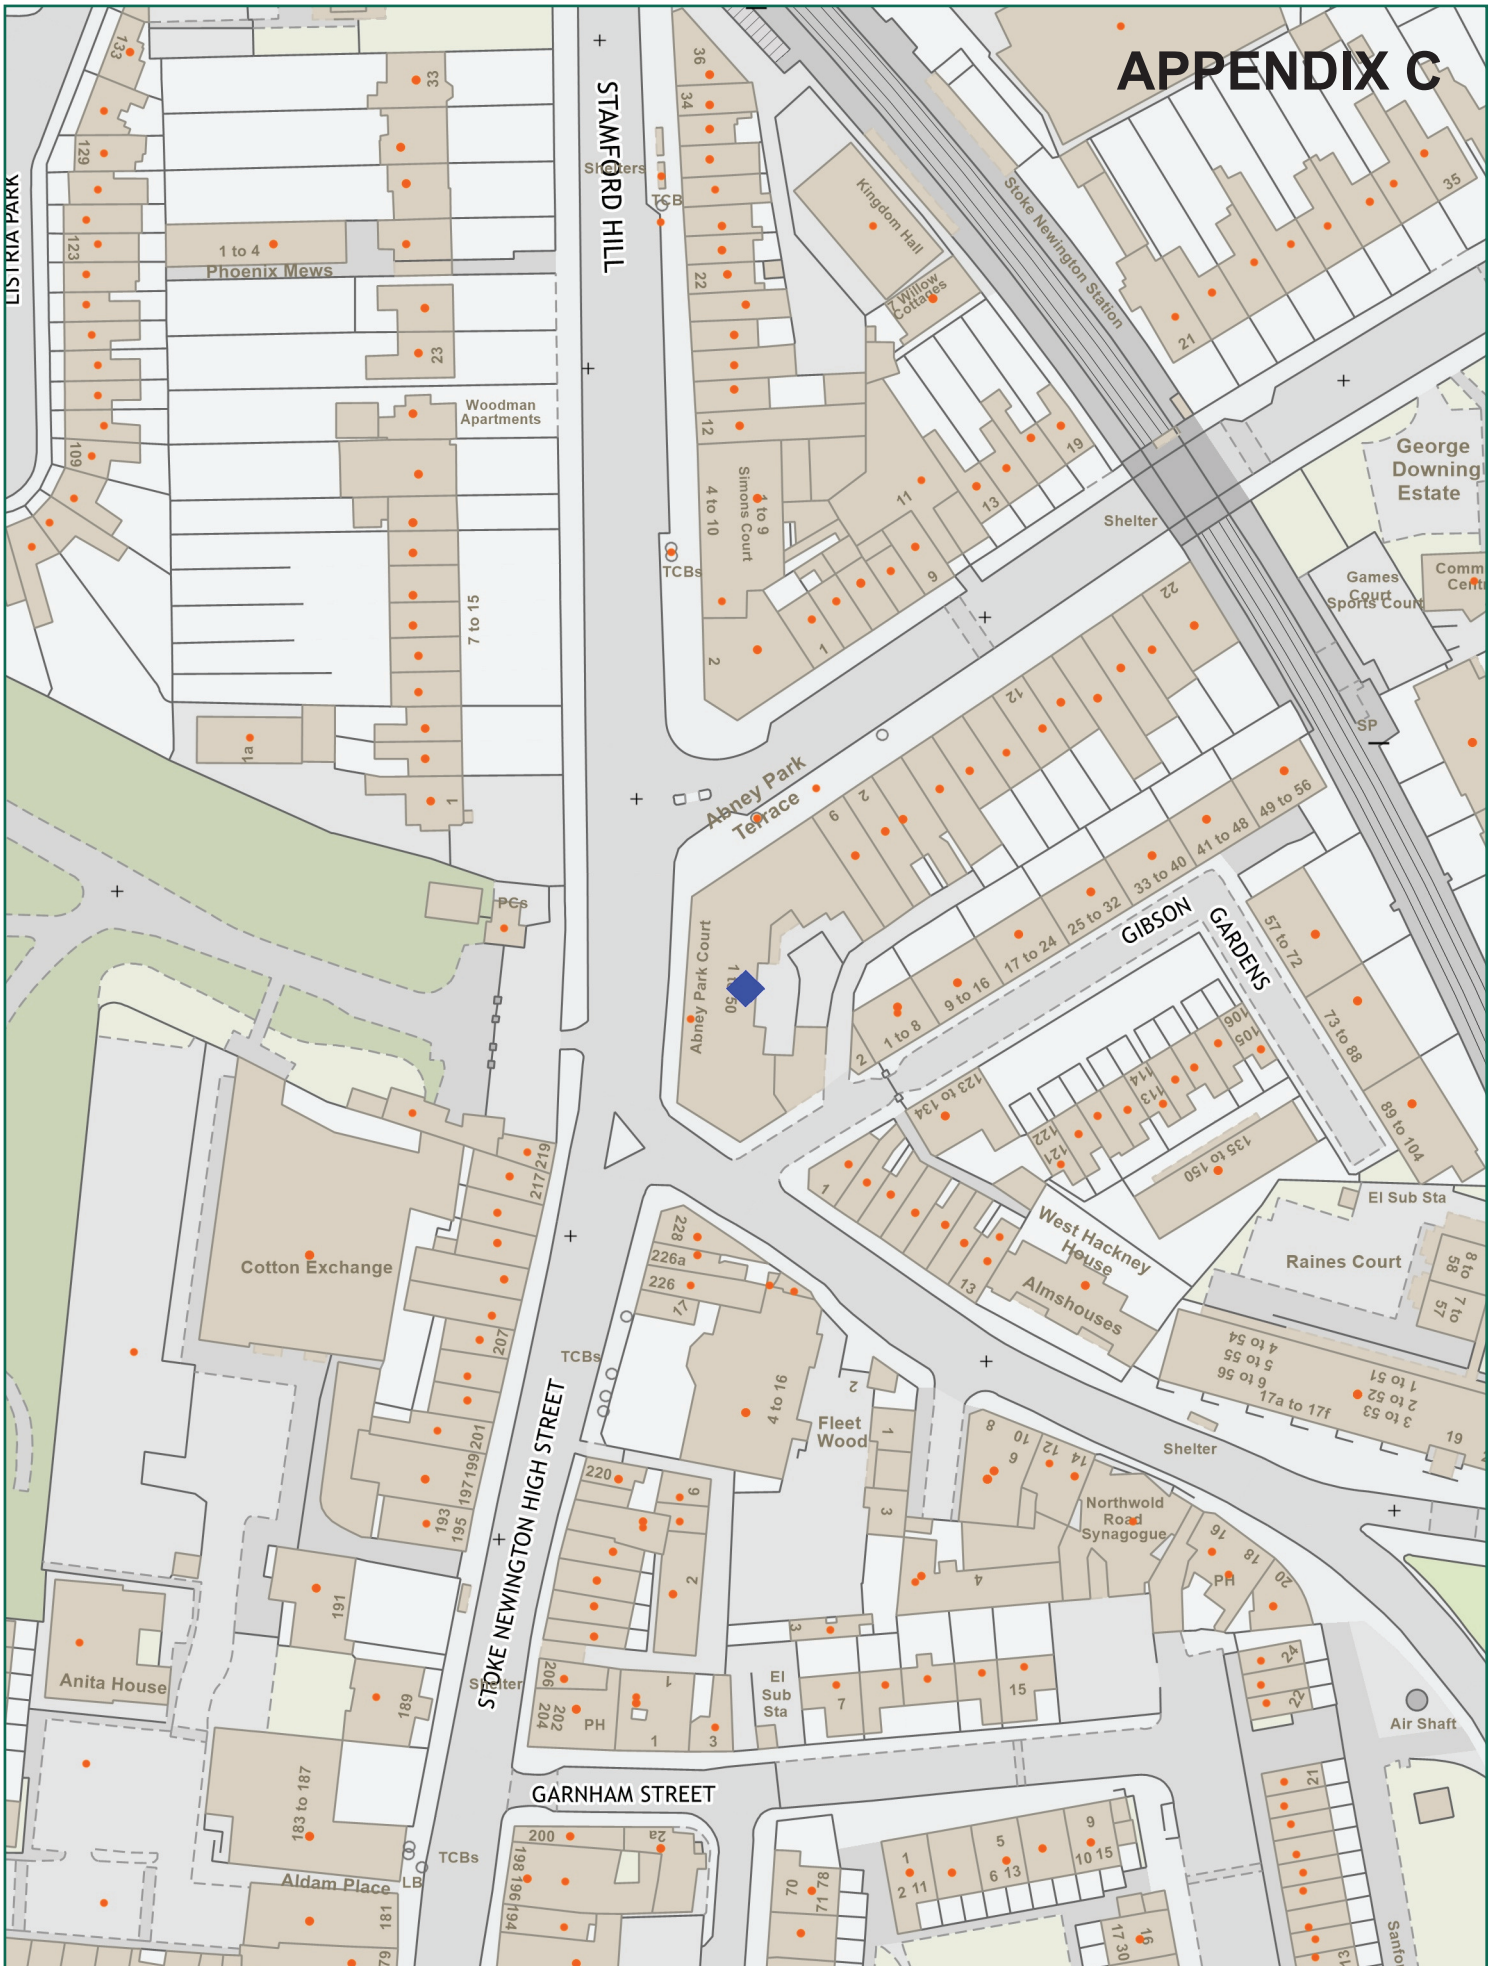

Signed  
PC 3691CE RYAN
