4.1 There were no representations received.

5. TO CONSIDER ANY DEPUTATIONS, QUESTIONS OR PETITIONS REFERRED TO THE CABINET BY THE COUNCIL'S MONITORING OFFICER

7. FCR R75 Capital Update Report

7.1 The Mayor introduced the item, highlighting key areas of investment for the Council. This included school maintenance and increasing Special Educational Needs and Disabilities (SEND) school places. The Mayor highlighted additional community safety investment in light of the death of Patrick Anzy in Gillett Square.

7.2 Cabinet was asked to note the additional investment in Hackney Works, and how this supported employment and the economy across the borough. Deputy Mayor Bramble welcomed both the investments in schools and employment. Cllr Woodley observed the additional places would support those with complex needs, and improve provision for them in the borough.

7.3 Deputy Mayor Nicholson acknowledged the importance of using funding raised through developments to reinvest back into the borough's residents. Cllr Williams shared experiences of seeing interns graduating and echoed the comments of her colleagues.

[Cllr Coban joined the meeting at 18:17]

S106	2021/22 £'000	Total
Capital	13	13
Total S106 Resource & Spend for Noting	13	13

REASONS FOR DECISION

The decisions required are necessary in order that the schemes within the Council's approved Capital programme can be delivered as set out in this report.

In most cases, resources have already been allocated to the schemes as part of the budget setting exercise but spending approval is required in order for the scheme to

proceed. Where, however, resources have not previously been allocated, resource approval is requested in this report.

8. FCR R76 2020/21 Overall Financial Position, Property Disposals and Acquisitions report that takes account of the estimated financial impact of Covid-19 and the ongoing emergency

8.1 Cllr Chapman introduced the report, highlighting that it was the last financial position report covering 2020/21. Cabinet was asked to note the slightly improved revenue position. Cllr Chapman also indicated that the report recommended disposals of properties on Dalston Lane and Lea Bridge Road, and the rationale behind this.

RESOLVED:

i) To dispose of 121 Dalston Lane and 40 Lea Bridge Road and use the additional funds to purchase replacement properties in the leasehold buyback programme.

ii) To authorise the Director of Legal to prepare and sign the necessary legal documentation and any ancillary documentation required in order to implement the recommendation.

iii) To authorise the Group Director of Finance and Corporate Resources to settle all commercial terms of the contract for disposal.

iv) To note overall financial position for March, covering the General Fund, Capital Finance and the HRA.

REASONS FOR DECISION

To facilitate financial management and control of the Council's finances. With regards to the Property proposal, 121 Dalston Lane and 40 Lea Bridge Road are both 4 bedroom houses which are in disrepair and have been void for some time. The cost of the works to bring the property back to a lettable condition is over £200,000 each which is currently uneconomical. The Council has recently started repurchasing leasehold properties that were sold under the Right to Buy. These purchases are not fully funded and the rent charged doesn't meet the borrowing cost and so limits the number of properties that can be purchased, however it does utilise some of the excess RtB 1-4-1 funding that would otherwise be paid back to MHCLG. This size and condition of property would also be not viable to a Housing Association, who also look to dispose of these types of properties when reviewing their stock. By combining the receipts from the disposal of these properties and the RtB 1-4-1 funding, it is possible to purchase 4 large family properties as replacement. There are currently 4 properties in the buyback programme that are under consideration that would meet the replacement requirements of these properties in the respective wards where the sale occurs.

Any disposal will take place in accordance with the Hackney Protocol. Both (and any additional) properties will be assessed firstly for alternative priority use by the council, for example as temporary accommodation or for supported housing. If not suitable for these purposes then we will offer the properties directly for disposal to housing associations, again for use by the housing association in tackling homelessness or supported housing schemes in Hackney. Only as a last resort will we consider a disposal to the commercial property market. In all cases we require the receipt and outcomes of any disposal to be delivered within Hackney.

In the event of an open market disposal, this will be managed by Strategic Property Services to ensure best value is achieved both on the disposal of the property and the acquisition of the replacements.

9. NH R63 Draft Child Friendly Borough Supplementary Planning Guidance

9.1 Cllr Woodley introduced the report, commenting that the guidance was intended to set the vision for how planning policy could support more child-friendly places in the borough. Cabinet was informed that it was linked to several areas of the Council's work, including the Parks and Green Spaces Strategy agreed by Cabinet in May 2021. Cllr Woodley thanked colleagues for their contributions, and officers for their support in developing the guidance. DM Bramble echoed this thanks and commended the report to Cabinet, noting the contribution of young people in producing the proposals.

RESOLVED:

To adopt Hackney's Child Friendly Places Supplementary Planning Document (Appendix 1)

REASONS FOR DECISION

To adopt the Child Friendly Places SPD to help set the LP33 policies within a child-friendly context to ensure Hackney becomes a fully 'child friendly borough' that accommodates and actively plans for people of all ages, abilities and backgrounds.
