

PRINCIPAL TOWER

05th of September 2022

The Light Bar next to our building has been such a great addition for our residents' community. It is a true luxury for the people living at Principal Tower to have a bar/restaurant at their doorstep.

The Light Bar team is very friendly and building strong relationships with the Shoreditch community.

We never had any complaints from residents or neighbours regarding the noise or any other issues. In contrary we never stop recommending the Light Bar for a fantastic dining experience and the feel of Shoreditch always respecting the community's expectations and we wouldn't have anything against the Light Bar being open till 2am

We hope to keep working together hand on hand as done for the past few years.
