38	<b>ICS impact</b>	<b>How General Practice can be most effectively represented within an ICS structure</b> (so that we can ensure the best for our patients from our perspective)	Dr Vinay Patel LMC Chair
42	<b>ICS impact</b>	Issues with the new <b>Place-Based Arrangements in the NHS</b> - We are as a place developing a 2 year Integrated Delivery Plan and this sets out the big ticket items that we want to do as a system/partnership	Laura Sharpe, CE of GP Confed
44	<b>ICS impact</b>	Testing out if the <b>NEL arrangements</b> are bedding in well and not compromising the ability of the local place-based system to deliver.	Laura Sharpe, CE of GP Confed

47	<b>ICS impact</b>	The new <b>City &amp; Hackney Health and Care Partnership</b> (our place-based partnership element of NEL ICB), to examine decision making, the new commissioning regime and the impact of provider collaboratives. Probably later in the calendar, to allow time for stat guidance to be issued and for the impact of the changes to unfold.	Dr Sandra Husbands, Director of Public Health
48	<b>Integrating child health services</b>	<b>Integrated child health services</b> - we have established a framework, but what does that mean in terms of providing more joined up services around children and families and achieving better outcomes for children. Possibly joint with CYP Scrutiny? (I don't know if that's possible)	Dr Sandra Husbands, Director of Public Health
6	<b>Mental health</b>	<b>Mental Health support for professionals</b> in health care, following the impacts of the pandemic.	Cllr Samatar
