

<p>Item No</p> <p>9</p>	<p>INNER NORTH EAST LONDON JOINT HEALTH OVERVIEW AND SCRUTINY COMMITTEE (INEL JHOSC)</p>
<p>Report title</p>	<p>Minutes of the previous meeting and matters arising</p>
<p>Date of Meeting</p>	<p>15 December 2022</p>
<p>OUTLINE</p> <p>Draft minutes from 19 October 2022 are attached. Responses to matters arising are below.</p> <p>Action at 4.16 - ZE to provide a future timetable for roll out of next CDCs Update on CDCs</p> <p><i>We will develop both Mile End and Barking Community Hospital Diagnostic Centres over the next 12 months and plan to fully open both centres by Christmas 2023.</i></p> <p><i>However already a new MRI scanner at Mile End and a CT scanner at Barking have gone live - these will provide additional capacity of over 10,000 scans a year at each site.</i></p> <p><i>At Barking, additional CT, MRI, ultrasound, endoscopy and ophthalmology capacity should make another 20,000 tests available this year before the site is fully operational.</i></p> <p><i>And at Mile End, additional MRI, ultrasound and endoscopy capacity should make another 7,000 tests available before the full operational start.</i></p> <p>Action at 4.19 - DJ to provide a list of sites (links) where you can access the mpox vaccine.</p> <p><i>NHSE launched a new website where people can search for a mpox vaccination site near them.</i> Find a monkeypox vaccination site - NHS (www.nhs.uk)</p> <p><i>Barking hospital, Homerton hospital and the Royal London hospital Trusts in NEL are providing MPX vaccinations for eligible individuals on their hospital sites. A one off event was held at the Olympic Park in August as part of the London Black Pride event. This was a one off outreach service and not a routine vaccination clinic vaccinations were offered on the day and individuals were also signposted to other sites for vaccination at another/other times.</i></p>	

MATTERS ARISING contd.

Action at 4.22 - DJ to provide the % of people in NEL whose MMR vaccines are not up to date and the national comparison.

MMR uptake in NEL

Uptake of first dose for children becoming 24 months during July – Sept across NEL is 81.2% (1,018 to vaccinate to reach 95% target)

Uptake of second dose for children becoming 5 years during July – Sept across NEL is 83% (907 to vaccinate to reach 95% target)

**Action at 5.9 - Final Draft of ICS Strategy to be added to the agenda for the 15 Dec meeting.
Action at 6.8 - Briefing on Acute Provider Collaborative to be added to future work programme.**

These have been added to the work programme.

RECOMMENDATION	Members are asked to AGREE the minutes and note the matters arising
