The supply of alcoholic beverages are for consumption primarily with a full meal with customers seated with limited space for vertical drinking and dining. We anticipate a more mature and refined customer profile and our products are priced towards the higher end accordingly. The opportunity for public disturbance or nuisance is minimal. The anticipated risk to public safety and harm to children is low. Our staff are fully trained to monitor the premises and customer behaviour continually. We carry out a continuous review of our practices and procedures with regard to all licensing matters. We have existing good relations with our neighbouring tenants which we intend to maintain and uphold.

b) The prevention of crime and disorder

Our customers will be primarily seated and dining with limited space for vertical drinking. We anticipate a more mature and refined customer profile. The interior design, lighting and layout will reinforce this. Overall capacity is limited. We do not promote excessive drinking. We provide free filtered drinking water. Dispersal at the end of trading hours will naturally be staggered and limited to small groups. There will be CCTV installed at the premises which will shall continually record whilst the premises is open for licensable activities and during all times when customers remain on the premises. All staff are trained to carry out regular internal and external checks throughout operating hours. We will operate a zero tolerance policy to drugs and fully comply with any local policies where appropriate.

c) Public safety

We will ensure there are always sufficient floor staff in relation to the number of customers at all times. We do not anticipate a risk of overcrowding as customers will primarily be seated. We do not anticipate the need for customers to queue outside in large numbers or for long periods at any time. There are no known installations which may cause concern for safety. All staff are trained to carry out regular internal and external safety checks throughout operating hours. We have sufficient levels of both Public Liability and Employers Liability Insurance cover in place.

d) The prevention of public nuisance

Recorded music shall be played at background level only. Noise levels will be continuously monitored. All activities will begin to wind down one hour before closing. Large groups will not be encouraged and dispersal will be naturally limited to small numbers. No glasses, plastic or other open containers of food or drink are offered and we do not offer takeaway in disposable containers so any litter left outside our premises will be minimal and continually monitored by our staff. Any complaints of noise or other public disturbances will be investigated thoroughly and practices and procedures for prevention continuously reviewed as necessary.

e) The protection of children from harm

The supply of alcoholic beverages are aimed at mature customers for consumption primarily with a full meal and are priced towards the higher end. The Challenge 25 policy will be fully implemented and we will insist that all children under the age of 18 must be accompanied by an adult. There is no form of gambling or adult entertainment offered. It is not anticipated that the style of alcoholic beverage available or the pricing will be attractive towards children under drinking age or young adults. As far as are aware there is no history of problems with underage drinking on the premises.

They do this in one of two ways: 1) by providing with this application copies or scanned copies of the documents listed below (which do not need to be certified) or 2) by providing their 'share code' to enable the licensing authority to carry out a check using the Home Office online right to work checking service (see below).

We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

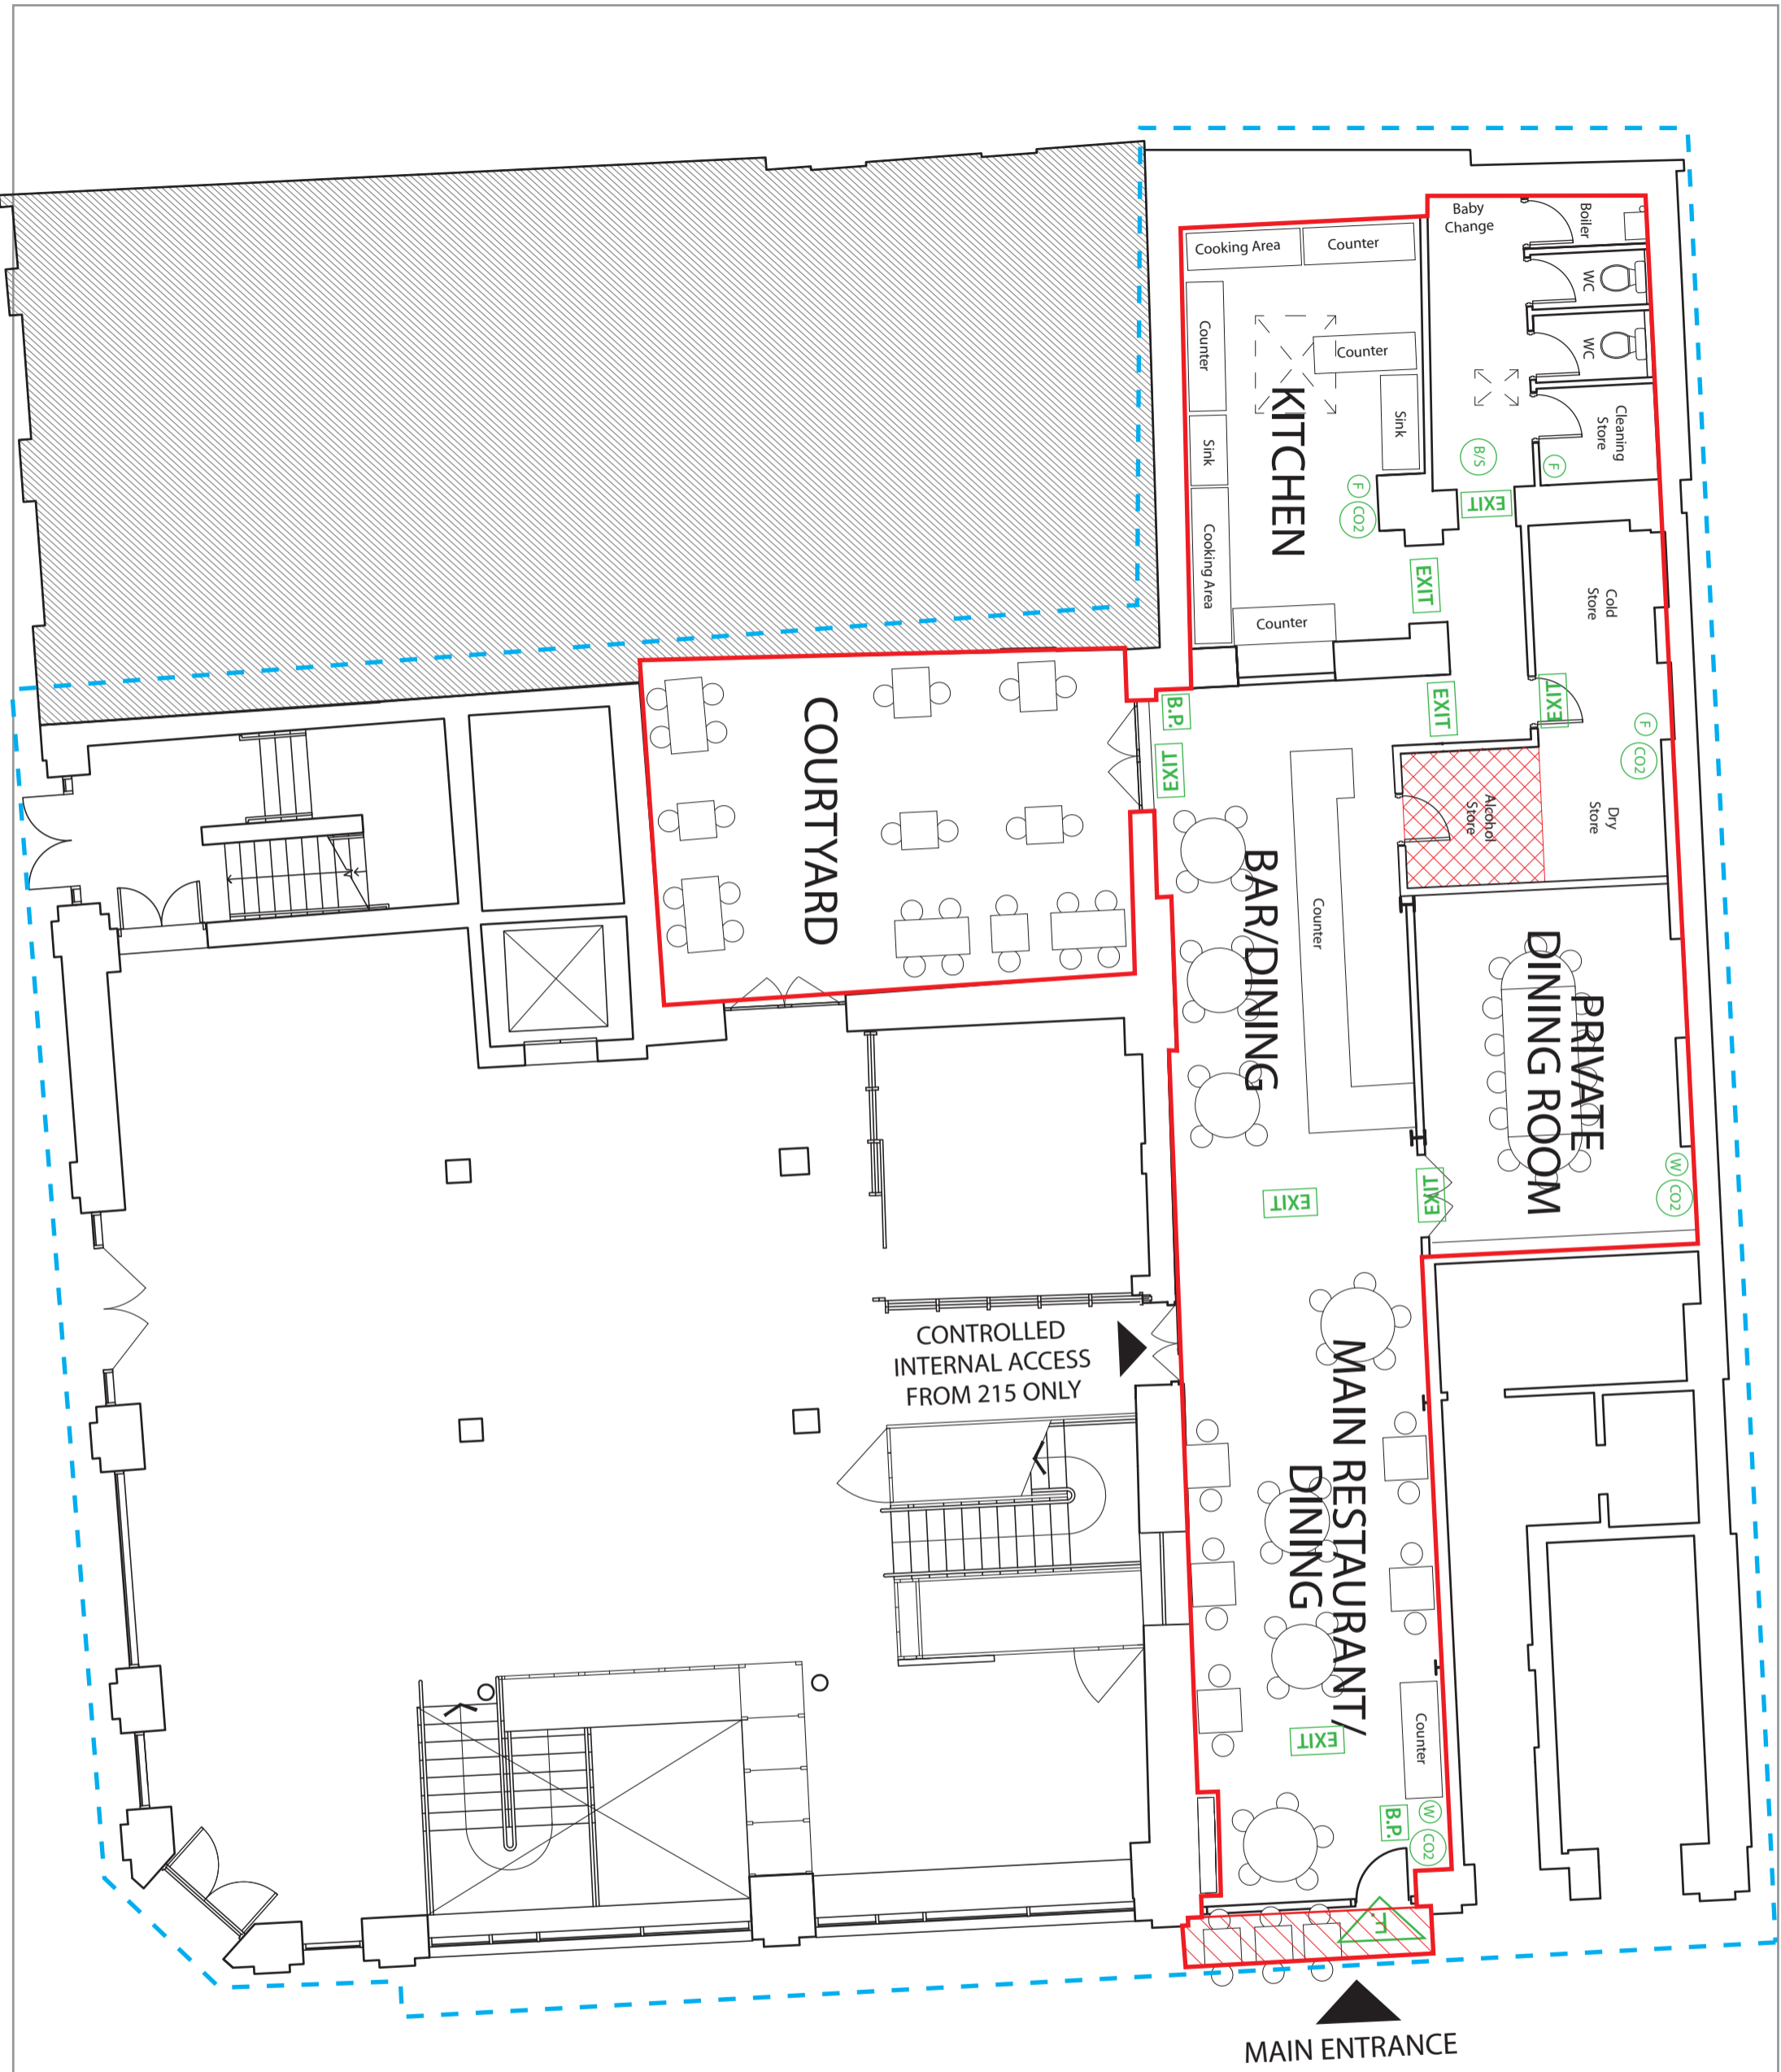

Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <https://www.gov.uk/prove-right-to-work>) which, along with the applicant's date of birth (provided within his application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.

Dear Sanaria

Dear Sanaria

I hope you are well

However, the EP team has concerns regarding noise from the courtyard and external seating area. The applicant has stated the following: seated:

“a courtyard area at the rear which is only accessible from inside the restaurant with anticipated capacity of of 28 seated and 12 standing, and a pending application for tables with anticipated maximum capacity 6 seated on the street outside. We anticipate a more mature and refined customer profile to whom we will be serving fine natural and organic wines, beers, spirits and cocktails. Our customers will be primarily seated and dining with limited space for vertical drinking or dining”

The applicant has not provided enough information regarding:

1. How they intend to manage noise from the external areas
2. The hours of use of the external areas
3. How they intend to carry out dispersal without causing disturbance to neighbours
4. The number of customers smoking outside and how they intend to minimise the noise

I will object to the application and ask the applicant to furnish me with the information I have requested
