Response from Director Adult Social Care Operations on 15 Feb

The Move On Team in Adult Social Care is made up of only 6 members of staff. As a result of this, any breakdown of ethnicity would be identifiable to individuals and therefore as protected characteristics we can not supply. However, we recognise that race equality and diversity within our workforce is important for a number of reasons. HiH may find it useful to know that Hackney Adult Social Care intends to shortly sign up to the DHSC Workforce Race Equality Standards. As and when we do so, and following our ability to pull off data related to key metrics, we will in future be able to report on the ethnicity across the entire adult social care workforce.

ACTION
