ACTION

The Scrutiny Panel is asked to make a decision in respect of the following actions

- (i) To take no further action, in which case the original decision will take effect immediately.
- (ii) To refer the original decision back to Cabinet as the original decision-maker where the Scrutiny Panel considers that a preferable alternative decision should be taken. If this option is followed, the Scrutiny Panel must set out in writing the nature of its concerns and its recommendations. In such cases, Cabinet will then consider the matter again at their next meeting and may either accept or reject any recommendations made to it and may amend its decision. If Cabinet does reject any or all of the recommendations made to it then it will submit a written statement to the next meeting of the Scrutiny Panel setting out its reasons.
- (iii) To refer the original decision to Full Council in circumstances where the Panel considers that its recommendations would have an impact on the Council's budget or policy framework. Where such a referral is made, the item will appear on the agenda for the next ordinary meeting of Full Council. If Full Council does not concur with Cabinet's decision then it may refer the decision back to Cabinet together with Full Council's views on the decision. Cabinet will then meet within 15 working days to determine whether to amend the decision or not. Full Council may only change the decision if it is contrary to the policy framework or contrary to or not wholly consistent with the budget.
