

## **SKILLS, ECONOMY AND GROWTH SCRUTINY COMMISSION**

### **LEGISLATION**

Overview and Scrutiny was introduced following [Local Government Act](#) 2000. Local authority Overview and Scrutiny has been strengthened over the years through a variety of legislations.

Since the initial Act, establishing overview and scrutiny, in 2000 there has been a number of further Acts, often accompanied by secondary legislation, which have gradually strengthened the powers of scrutiny. Today, the legislative provisions for overview and scrutiny committees for England can be found in the Localism Act 2011, which mostly consolidated previously existing law. As a note the 2011 Act also removed the obligation on councils using the committee system to have an overview and scrutiny committee.

### **ROLE OF OVERVIEW AND SCRUTINY**

Overview and Scrutiny (O&S) in local authorities is the process for holding the Executive to account, ensuring transparency in decision making and encouraging engagement by residents in the way local services are provided.

Traditionally this focused solely on the operations of the council, either through pre-decision scrutiny (where scrutiny committees review the production of formal plans and strategies etc) or reactive reviews that look at the impact and performance of any existing council service. Increasingly the role of elected Members through Overview and Scrutiny focuses on decisions taken not just by the council but by local partners as well, across the whole range of services in the public, private and voluntary sectors. The Centre for Governance and Scrutiny (CfGS) – the national body for scrutiny - devised the following four principles for Effective Overview and Scrutiny.

1. provide constructive “critical friend” challenge;
2. amplify the voice and concerns of the public
3. be led by independent people who take responsibility for their role
4. drive improvement in public services.<sup>1</sup>

The membership of O&S commissions is politically proportionate. Scrutiny is non-adversarial<sup>2</sup> and non-partisan<sup>3</sup>. The role of scrutiny is to be a “Critical friend” challenging decision maker within LBH as well as external agencies.

## **STAKEHOLDERS IN THE COUNCIL**

The directorates SEG Commission remit covers are:

- Chief Executives Directorate
- Climate, Homes and Economy Directorate
- Finance and Corporate Resources.

## **SCRUTINY REVIEWS**

The Commission usually carries out one major review each year. Once the review report is agreed it is sent to Cabinet for an 'Executive Response' and this goes on the Cabinet Agenda. Some scrutiny reports and their responses are also debated at Full Council.

When reviews are completed, there is a system of recommendation trackers whereby officers are required to come back after 6 -12 months to discuss the progress made and to provide updates on the implementation of the recommendations from the review.

## **SITE VISITS AND OTHER APPROACHES TO EVIDENCE GATHERING**

The commission meetings are just one way in which the commission collects evidence for its in-depth reviews. Members also go on site visits and use other formats such as focus groups or observing groups or activity. The latter is more appropriate if Members are speaking to service users on sensitive issues which would be difficult for them to discuss in an open committee. The notes recorded from external site visits are placed in the agendas.

## **CABINET MEMBERS AND CABINET MEMBER QUESTION TIME**

In the municipal year the Commission holds question time sessions with the Cabinet and Senior Officers to ask questions about performance and decision-making within the Council related to their portfolio areas.
