## 1. Background

- 1.1. The City and Hackney Safeguarding Adults Board is a multi-agency partnership, represented by statutory and non-statutory stakeholders. The role of the Board is to assure itself that robust safeguarding procedures are in place across the City and Hackney to protect adults with care and support needs who are at risk of abuse and neglect. Where abuse and neglect does occur the Board and its partners are committed to tackling this and promoting person centred care for all adults experiencing abuse or neglect. The annual report sets out an appraisal of safeguarding adults' activity across the City of London and Hackney in 2022/23.

## 2. Key achievements

- 2.1. In line with its strategy, some of the key achievements for the Board in 2022/23 include:
- The Board commissioned one Safeguarding Adults Review which was published in March 2023 and held two learning events to help embed learning from the Phillip SAR and the Daniel SAR in 2022/3. The Independent Reviewers worked through the findings and the recommendations from the review with staff from the agencies involved.
  - The SAR action plan group measured how well learning had been embedded into practice. This was done by undertaking feedback exercises with frontline staff and partners to understand how well SARs were known and perceived across the City and Hackney.
  - The Board commissions a package of training for frontline line staff working across the City and Hackney on a yearly basis. This year the Board commissioned 8 different safeguarding courses delivered quarterly, including a new course on trauma informed approaches to safeguarding. In total, 135 people attended training in 2022/23.
  - The Board has commissioned a new training system so that all training will be presented in the same place. This system allows delegates to browse and book themselves on to training modules.
  - The Board held a number of bite-sized learning sessions on different areas of safeguarding for professionals. In total, over 160 professionals attended these sessions.
  - The Board provided funding for 3 community organisations to hold their own Safeguarding Adults Awareness events across Hackney, in total

these events had over 60 guests, the Board provided these events with posters and safeguarding information resources.

- The Board undertook a self assessment using the Safeguarding Adult Partnership Assessment Tool, which was assessed by an independent reviewer and the findings presented during the partnership development day in March 2022.
- The Independent Chair of the Board has initiated yearly check-ins for all Board partners. The purpose of these check-ins is to ensure that all safeguarding issues affecting residents are identified and addressed and to continue to improve engagement with partner agencies.
- The Board worked with the City and Hackney Safeguarding Children's Partnership to update the Think Family guidance, which will be signed off by both partnerships in 2023.
- The Board has trained a group of 5 Safeguarding Champions who have started to deliver 90 minute safeguarding awareness sessions in the community. The Board is continuing to promote this across Hackney and City.

### 3. Data sets for 2022/23

#### 3.1. Key data was collected in relation to safeguarding for the London Borough of Hackney :

- 1774 safeguarding concerns were raised in Hackney. The number of accepted section 42 enquiries was generally in line with the previous two years.
- Self-neglect continues to be the most common form of abuse reported into adult safeguarding. Neglect and Acts of Omission and Financial or Material abuse make up the second and third most common types of abuse, in line with what we saw last year.
- The data continues to show that most abuse occurs within the home by someone known to them.
- In 85% of concluded section 42 enquiries, adults were asked what their desired outcome was. Of the 85% that were asked, 88% had their desires partially or fully achieved.

### 4. Priorities for 2023/24

#### 4.1. The Board has set itself the following strategic priorities for 2023/24:

- 1) To continue to raise awareness in relation to mental capacity assessment.
- 2) To engage with the community and voluntary sector to support them to build their confidence in delivering their safeguarding duties and raise awareness of adult safeguarding.
- 3) To continue to embed engagement with people with lived experience and ensure that they can influence all aspects of the Board's work.
- 4) To identify and respond to the needs of people who are at the 'edge of care' and may not have safeguarding needs that meet the criteria for section 42(2) safeguarding.

- 5) To work collaboratively with agencies and partnerships across the City and Hackney to respond to the safeguarding needs of residents.
- 6) To support frontline professionals to respond to complex issues relating to self-neglect
