COMMENTS

I make the following relevant representations in relation to the above application to the TEN at the above address.

- 1) the prevention of crime and disorder
- 2) public safety
- 3) the prevention of public nuisance
- 4) the protection of children from harm

Representations (which include comments and/or objections) in relation to:

Police object to the granting of this TENS for the 6th-8th, 13th-15th, 20th-22nd and the 27th-29th October 2023022 on the grounds the prevention of public nuisance for the following reason(s):

Police need to be satisfied that the licensing objectives will not be undermined. The venue has been granted 2 TENS to operate until 0200hrs on both the ground and roof terrace. However we are now aware of a complaint regarding the noise emanating from the roof terrace until 0200hrs in the morning when the second TEN was in place. The venue should reconsider the operating hours for the TENS on the roof terrace and we would suggest a curfew of 2300hrs in this regard with the ground floor space being allowed to continue until 0200hrs.

The above representations are supported by the following evidence and information.

Police National Computer (PNC) data, Criminal Intelligence Reports, personal knowledge

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

TEN - OBJECTION

Dear Licensing Team,

Please see comments from the Environmental Protection Team below.

The Environmental Protection Team **objects** to the attached Temporary Event Notices.

Grounds of Objection

The Prevention of Public Nuisance:

Environmental Protection has received complaints from nearby residents. The most recent complaint was received on Sunday 17th September 2023 alleging loud music emanating from the premises and not allowing residents to sleep until 2am. Environmental Protection have concerns with the addition of regulated entertainment the events could amount to a statutory noise nuisance hence undermining the licensing objective (Public Nuisance). Environmental Protection would like to see evidence of a noise management plan, dispersal policy and layout plan for the proposed TENS.

Kind regards,

Gurch
