Good evening Sanaria

Insufficient information has been provided to demonstrate that noise, odour and vibration from the premises will not cause a public nuisance to occupiers of nearby residential dwellings. Therefore, I have concerns about noise, odour and vibration from plants (kitchen extract & condenser), as well as noise from delivery operation. As such I would recommend an objecti will not affect the nearest residential dwellings, and that reasonable living conditions are met during the recognised sleep hours (between 23:00-07:00 hours)

Regards

ENVIRONMENTAL LICENCE CONDITIONS IN RESPECT OF

Basement, 129-131 Stoke Newington Road, London N16 8BT

1. The Licensee shall ensure that all relevant staff are fully trained and made aware of the legal requirement of businesses to comply with their responsibility as regards the disposal of waste produced from the business premises. The procedure for handling and preparing for disposal of the waste shall be in writing and displayed in a prominent place where it can be referred to at all times by staff.
2. The Licensee shall ensure that any contract for general and recyclable waste disposal shall be appropriate in size to the amount of waste produced by the business. The Licensee shall maintain an adequate supply of waste receptacles provided by his registered waste carrier (refuse sacks or commercial waste bins) in order to ensure all refuse emanating from the business is always presented for collection by his waste carrier and shall not use any plain black or unidentifiable refuse sacks or any other unidentifiable or unmarked waste receptacles.
3. The Licensee's premises are situated in an area within which refuse may only be left on the public highway at certain times (time bands). If the Licensee's waste carrier cannot or does not comply by collecting the refuse within an hour after the close of any time band imposed by the waste authority, the Licensee must remove the refuse from the public highway and/or keep it within the premises until such time as his/her waste carrier arrives to collect the refuse.
4. The Licensee shall instruct members of staff to make regular checks of the area immediately outside the premises and remove any litter, bottles and glasses emanating from the premises. A final check should be made at close of business.
5. The Licensee shall provide a safe receptacle for cigarette ends to be placed outside for the use of customers, such receptacle being carefully placed so as not to cause an obstruction or trip.
6. The current trade waste agreement/duty of care waste transfer document shall be conspicuously displayed and maintained in the window of the premises where it can be conveniently seen and read by persons standing in Basement, 129-131 Stoke Newington Road< n16 8BT. This should remain unobstructed at all times and should clearly identify:-
 - the name of the registered waste carrier
 - the date of commencement of trade waste contract
 - the date of expiry of trade waste contract
 - the days and times of collection
 - the type of waste including the European Waste Code

The above representations are supported by the following evidence and information.

We have received complaints in the past regarding littering and build-up of waste in the area. There have been instances in the past where Enforcement Officers have found evidence of the illegal disposal of waste from businesses in this area. Experience has also shown that there is the probability that there will be cigarette litter outside these premises due to the smoking ban.

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

Representations (which include comments and/or objections) in relation to:

Police make the following representations in relation to the application for a Premises Licence at 129-131 Stoke Newington Road, N16 8BT for the following reason(s);

This application seeks to have Late Night Refreshment throughout the week from Monday – Sunday until 0200hrs.

Police feel that although this premises is located on a busy main road, there is usually some respite from traffic Sunday – Wednesday nights after midnight. With this venue operating until 0200hrs there is the potential of disruption to local residents from the delivery drivers, both from their bikes and themselves. There are also many parking restrictions in the area, and police are concerned that this could mean the pavement being used, or side roads, causing further disturbance.

Police would like to see a suitable delivery management plan to show how this would be managed to minimise impact on local residents.

The above representations are supported by the following evidence and information.

Personal knowledge of the local area and issues in the area.

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

Information as requested, reduction of hours, conditions as appropriate

NAME OF APPLICANT	Pasta Evangelists Ltd.

COMMENTS

I make the following relevant representations in relation to the above application.

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance X
- the protection of children from harm

Representations (which include comments and/or objections) in relation to:

The applicant is seeking an authorisation for the provision of late night refreshment for a delivery kitchen. The hours sought by the applicant go beyond those set out in LP3 Core Hours statement of Licensing Policy.

“LP3 Core Hours

Hours for licensable activity will generally be authorised, subject to demonstrating LP1 and LP2, as follows:

- *Monday to Thursday 08:00 to 23:00*
- *Friday and Saturday 08:00 to 00:00*
- *Sunday 10:00 to 22:30*

Hours may be more restrictive dependent on the character of the area and if the individual circumstances require it.

Later hours may be considered where the applicant has identified any risk that may undermine the promotion of the licensing objectives and has put in place robust measures to mitigate those risks.

It should be noted that this policy does not apply to those who are making an application within a special policy area (see section 3) unless they have been able to demonstrate that the proposed activity or operation of the premises will not add to the cumulative impact that is already being experienced.

It should also be noted that where a premises is not in possession of planning permission for the proposed activity and/or hours may be further restricted during weekdays and not permitted at all at weekends.”

Whilst the applicant has made some reference to the management of delivery drivers/riders, the Licensing Authority notes that a delivery management plan has not been attached to the application. The Licensing Authority would welcome further detail on the management of deliveries, especially given the hours sought.

Additionally, residential flats are located above the site. This increases the potential that the Prevention of Public Nuisance Licensing Objective may be undermined by the operation.

The applicant should demonstrate that they have or are in the process of obtaining the correct Planning Status for the site, this is in accordance with LP5 Planning Status in the statement of Licensing Policy.

“LP5 Planning Status

Licence applications should normally be from premises where:

- (a) The activity to be authorised by the licence is a lawful planning use or is a deemed permitted development pursuant to the General Permitted Development Order (1995) as amended.*
- (b) The hours sought do not exceed those authorised by any planning permission.*

The Licensing Authority may take into account the lack of planning permission or an established lawful use in deciding whether there is likely to be any harm to the licensing objectives.”

The above representations are supported by the following evidence and information.

Revised Guidance issued under section 182 of the Licensing Act 2003 - December 2023, Experience and knowledge of the local area.

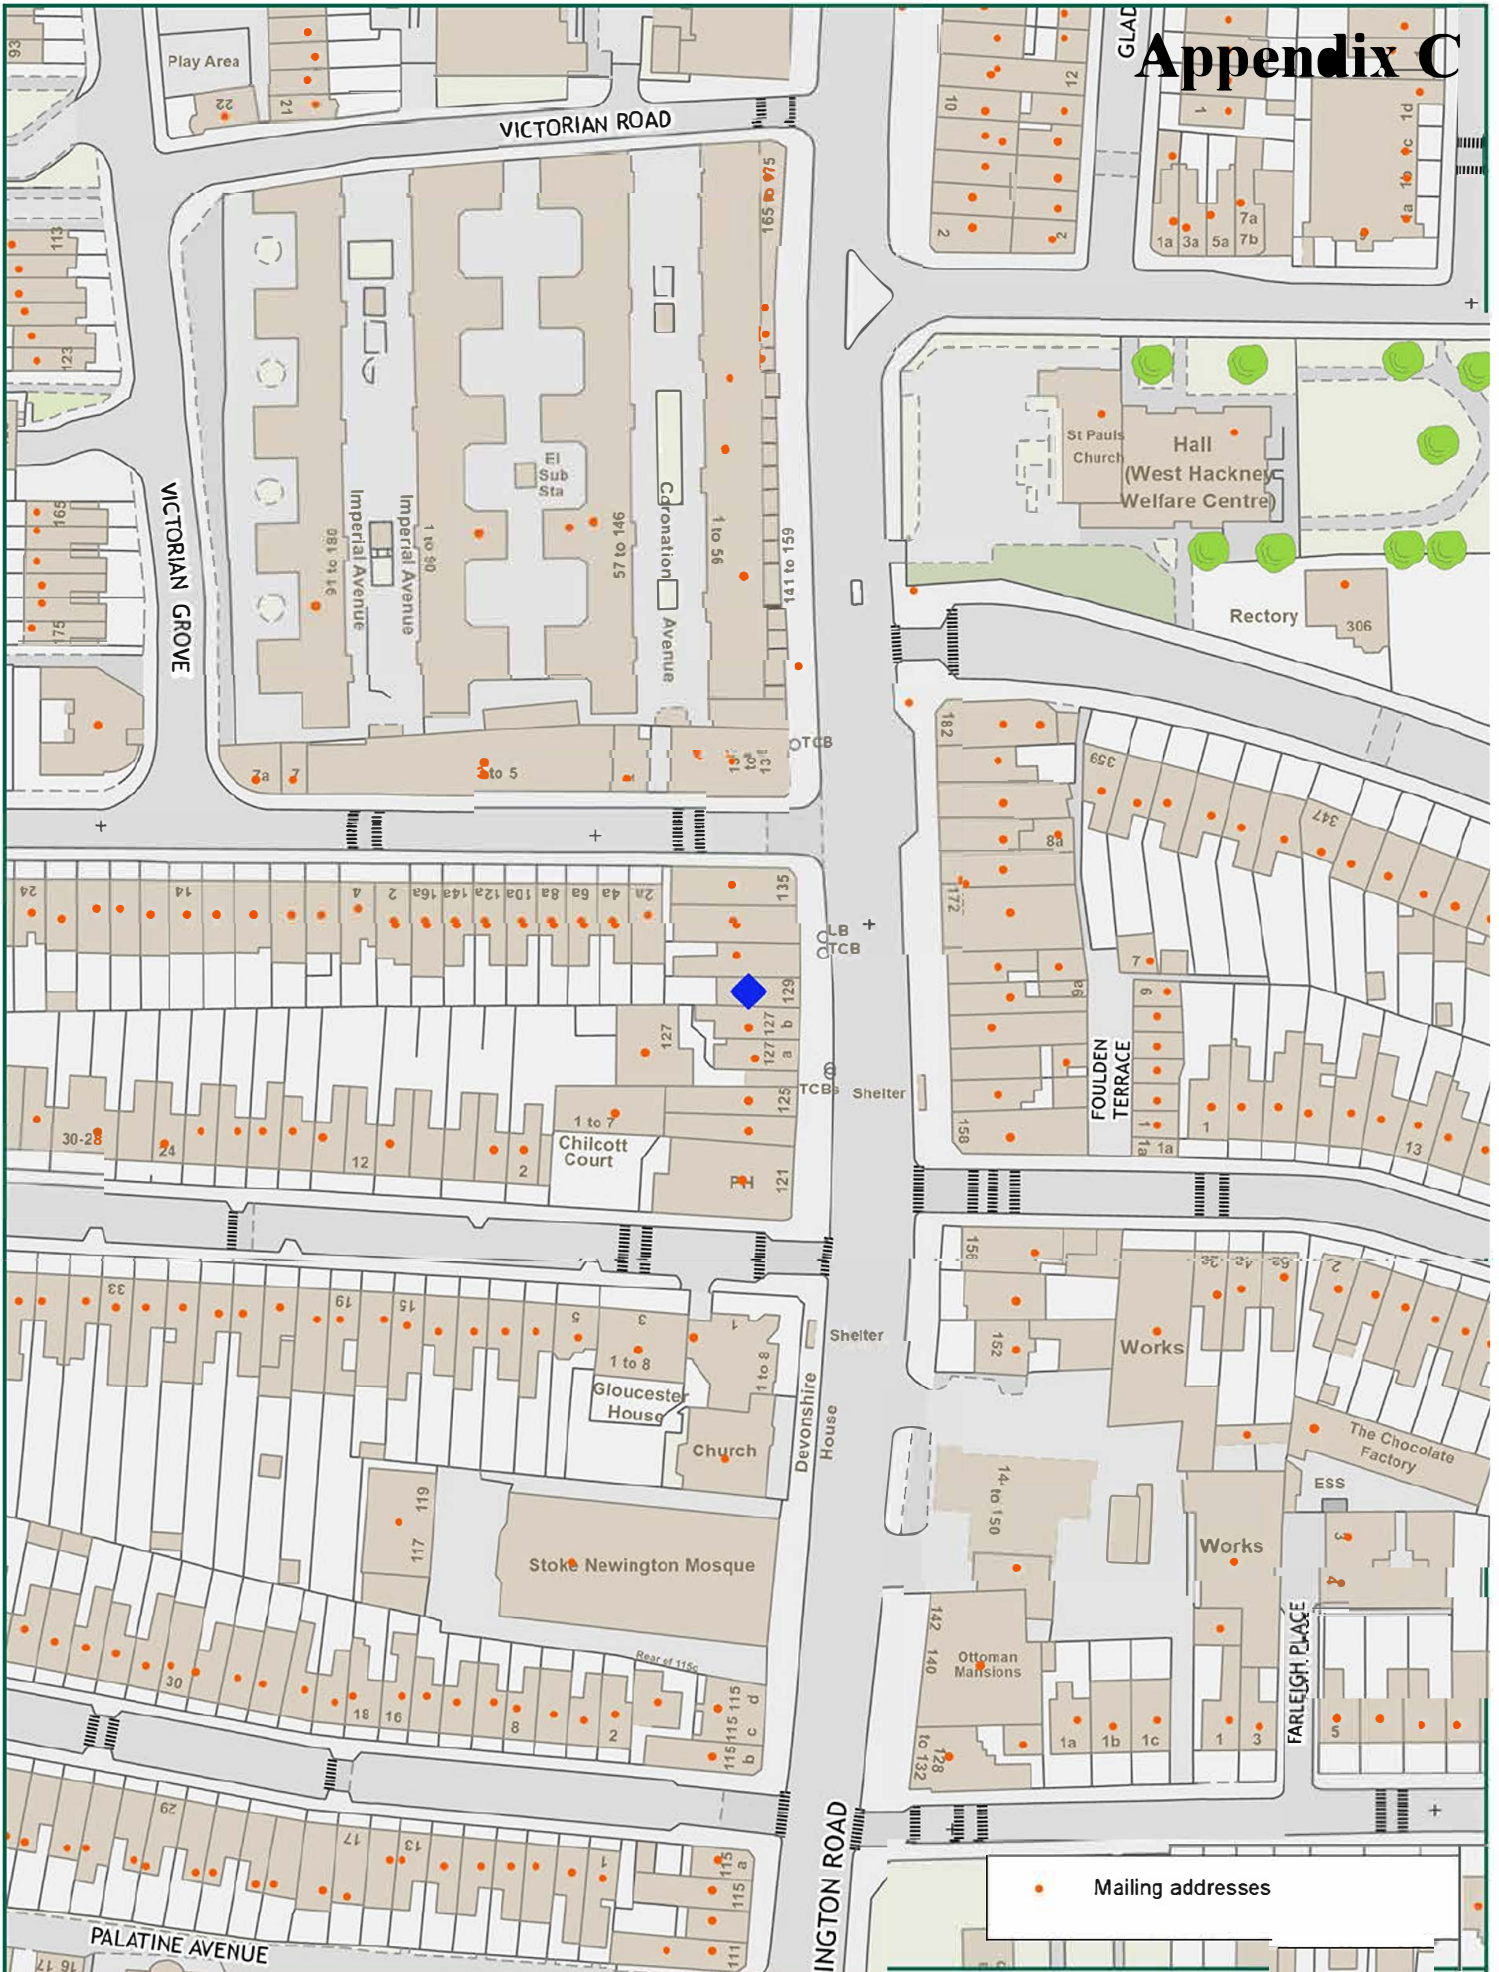

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

- The applicant should consider if they are prepared to reduce the hours sought to bring them into alignment with LP3 Core Hours.
- The applicant should produce/provide a delivery management plan in order to reduce/minimise the potential for public nuisance.
- The applicant should demonstrate they have obtained or are in the process of obtaining the correct Planning Status for the premises.
